Pure Garden 50-LG5005

Pure Garden 4-Tier Freestanding Bamboo Ladder Plant Stand Instruction Manual

Model: 50-LG5005

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your Pure Garden 4-Tier Freestanding Bamboo Ladder Plant Stand, Model 50-LG5005. This versatile shelving unit is designed for displaying various items such as flowerpots, planters, shoes, towels, or decorative objects in both indoor and outdoor environments. Its foldable design allows for convenient storage and portability.

SETUP AND ASSEMBLY

Basic assembly is required for this plant stand. Please ensure all components are present before beginning. An Allen wrench and all necessary hardware are included in the package.

Included Components:

- Bamboo frame sections
- Four (4) bamboo shelves
- Assembly hardware (screws, bolts)
- Allen wrench

Assembly Steps:

1. Carefully unpack all components and lay them out on a clean, flat surface. Verify that all parts are accounted for.
2. Identify the main frame sections. The stand features a straight back for wall placement and a descending angled design.
3. Attach the four bamboo shelves to the frame sections using the provided hardware and Allen wrench. Ensure that the shelves are oriented correctly, with the slatted surface facing upwards.
4. Securely tighten all screws and bolts. Avoid over-tightening to prevent damage to the bamboo wood.
5. Once assembled, gently unfold the stand to its upright position. Ensure it is stable before placing any items on it.

Foldable Design

Four Tiers

Stable but Lightweight with Countersunk Screws

Water Resistant

Image: A composite image highlighting key features: the stand's foldable design, its four-tier structure, water-resistant bamboo, and stable construction with countersunk screws.

OPERATING AND USAGE GUIDELINES

Placement:

The plant stand features a straight back designed for added stability when placed against a wall. Its descending angled design maximizes storage while maintaining a space-saving footprint. It is suitable for various rooms including bathrooms, decks, mudrooms, and patios.

Indoor/Outdoor Use:

Constructed from durable bamboo, which is naturally water-resistant, this ladder shelf can be used both indoors and outdoors. The slatted design of the shelves promotes drainage and ventilation, making it ideal for plants, shoes, towels, and linens.

Image: The plant stand positioned on an outdoor patio, demonstrating its suitability for exterior use with potted plants.

Weight Capacity:

Adhere to the following weight limits to ensure stability and prevent damage:

- **Total Weight Capacity:** 88 lbs
- **Top Two Shelves:** 19 lbs each
- **Bottom Two Shelves:** 25 lbs each

Folding for Storage:

The shelving unit conveniently folds flat for easy storage and portability when not in use or during seasonal changes.

MAINTENANCE

Cleaning:

Wipe the plant stand with a dry cloth to remove dust and debris. For more stubborn dirt, a slightly damp cloth can be used, followed immediately by a dry cloth to prevent moisture absorption.

Outdoor Care:

While bamboo is naturally water-resistant, prolonged exposure to harsh outdoor elements (heavy rain, direct sunlight for extended periods) may affect its longevity and appearance. Consider placing the stand under a covered area or bringing it indoors during extreme weather conditions.

Inspection:

Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary to maintain the stand's stability.

TROUBLESHOOTING

Stand Feels Flimsy:

- Ensure all assembly hardware (screws, bolts) are fully and securely tightened.
- Verify that the stand is placed on a flat, level surface.

Wood Splitting During Assembly:

- Avoid over-tightening screws. Tighten until snug, but do not force.
- If a part is damaged upon arrival, do not proceed with assembly. Contact customer support for a replacement.

Hardware Not Fitting Correctly:

- Double-check that you are using the correct hardware for each step as indicated in the assembly process.
- Ensure parts are aligned correctly before attempting to insert screws.

Missing or Damaged Parts:

- If any parts are missing or damaged, please contact Pure Garden customer support immediately for assistance.

SPECIFICATIONS

Model Number	50-LG5005
Material	Bamboo Wood
Dimensions (L x W x H)	31.5 inches x 16.75 inches x 48 inches
Number of Shelves	4
Total Weight Capacity	88 lbs
Top Two Shelves Capacity	19 lbs each
Bottom Two Shelves Capacity	25 lbs each
Item Weight	15.15 lbs
Mounting Type	Freestanding
Special Features	Foldable, Space Saving
Assembly Required	Yes

SAFETY INFORMATION

- Always ensure the total weight placed on the shelves does not exceed 88 lbs. Distribute weight evenly across the shelves.
- Be cautious when folding and unfolding the stand to prevent pinching or injury.
- Place the stand on a stable, level surface to prevent tipping.
- Keep small children and pets away from the stand during assembly and when moving it.

WARRANTY INFORMATION

This Pure Garden product is covered by a **30-day warranty** against manufacturer defects. This warranty covers defects in materials and workmanship under normal use. It does not cover damage resulting from misuse, accidents, unauthorized modifications, or normal wear and tear. Please retain your proof of purchase for warranty claims.

CUSTOMER SUPPORT
