MARVO MA-M355+G1

Marvo Scorpion M355 Gaming Mouse and G1 Mouse Pad User Manual

Model: MA-M355+G1

INTRODUCTION

Thank you for purchasing the Marvo Scorpion M355 Gaming Mouse and G1 Mouse Pad. This combo is designed to enhance your gaming experience with its ergonomic design, precise optical sensor, and customizable features. This manual provides detailed instructions on how to set up, operate, and maintain your new gaming peripherals.

SAFETY INFORMATION

- Keep the device away from liquids and excessive moisture.
- Do not attempt to disassemble or repair the device yourself. Refer all servicing to qualified personnel.
- Avoid extreme temperatures. Store the device in a cool, dry place.
- Use only with compatible USB ports.
- Dispose of electronic waste responsibly according to local regulations.

PACKAGE CONTENTS

Please check the package contents upon unboxing:

PRODUCT OVERVIEW

Marvo Scorpion M355 Gaming Mouse

Image: Top view of the Marvo Scorpion M355 Gaming Mouse, highlighting its ergonomic shape and primary buttons. The M355 gaming mouse features an ergonomic design for comfortable long-term use. It includes 9 programmable buttons and adjustable DPI settings for precise control.

Image: Diagram showing the numbered buttons and their default functions on the Marvo Scorpion M355 Gaming Mouse.

1. **Left Click:** Standard primary mouse button.
2. **Right Click:** Standard secondary mouse button.
3. **Middle Click:** Scroll wheel click.
4. **Show Desktop:** Quickly minimizes all open windows.
5. **DPI+:** Increases the mouse's DPI sensitivity.
6. **DPI-:** Decreases the mouse's DPI sensitivity.
7. **Forward:** Navigates forward in web browsers or file explorers.
8. **Backward:** Navigates backward in web browsers or file explorers.
9. **Rapid Fire:** Executes multiple clicks with a single press (programmable).

Marvo Scorpion G1 Mouse Pad

Image: The Marvo Scorpion G1 Mouse Pad, featuring a red and black design with the Scorpion logo.

The G1 mouse pad provides a smooth and consistent surface for optimal mouse tracking. Its durable construction ensures longevity.

SETUP

Connecting the Mouse

1. Unpack the Marvo Scorpion M355 Gaming Mouse from its packaging.
2. Locate an available USB port on your computer.
3. Plug the USB connector of the mouse into the USB port.
4. Your operating system will automatically detect and install the necessary drivers. This may take a few moments.
5. Once installed, the mouse's LED lighting will illuminate, indicating it is ready for use.

Positioning the Mouse Pad

1. Unroll the Marvo Scorpion G1 Mouse Pad and place it on a flat, stable surface.
2. Ensure the surface is clean and free of debris to prevent damage to the mouse pad or interference with mouse tracking.

3. Place the M355 Gaming Mouse on the G1 Mouse Pad.

OPERATING INSTRUCTIONS

Basic Mouse Functions

- **Left Click:** Used for selecting items, opening files, and interacting with software.
- **Right Click:** Opens context menus, providing additional options for selected items.
- **Scroll Wheel:** Scroll up or down to navigate through documents and web pages. Pressing the scroll wheel (Middle Click) can activate specific functions in applications.

Adjusting DPI Sensitivity

The M355 mouse offers 5 adjustable DPI levels, allowing you to change cursor speed and precision on the fly. Use the dedicated DPI+ and DPI- buttons (Buttons 5 and 6 as per the diagram) to cycle through the available settings up to 6400 DPI.

- Press the **DPI+** button to increase sensitivity.
- Press the **DPI-** button to decrease sensitivity.
- The mouse's LED lighting may change color or pattern to indicate the current DPI level (refer to software for specific indicators if available).

Using Programmable Buttons

The M355 features 9 programmable buttons. While some have default functions (e.g., Show Desktop, Forward, Backward, Rapid Fire), their functionality can often be customized using Marvo's official software (if available for your operating system). Please visit the official MARVO website for software downloads and detailed customization guides.

- **Show Desktop (Button 4):** Instantly minimizes all open windows to show the desktop.
- **Forward (Button 7) / Backward (Button 8):** Useful for navigating web pages or folders.
- **Rapid Fire (Button 9):** Provides a quick burst of clicks, often used in gaming.

MAINTENANCE

Cleaning the Mouse

- Disconnect the mouse from your computer before cleaning.
- Use a soft, dry, lint-free cloth to wipe down the surface of the mouse.
- For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid getting liquid into any openings.
- Clean the optical sensor area on the bottom of the mouse with a cotton swab to ensure accurate tracking.

Cleaning the Mouse Pad

- For light cleaning, wipe the surface with a damp cloth.
- For deeper cleaning, hand wash the mouse pad with mild soap and cold water. Do not machine wash or tumble dry.
- Allow the mouse pad to air dry completely before use.

TROUBLESHOOTING

Problem	Possible Solution
Mouse not responding.	Ensure the USB cable is securely plugged into a working USB port. Try plugging the mouse into a different USB port. Restart your computer. Check Device Manager (Windows) or System Information (macOS) to see if the mouse is recognized.
Cursor movement is erratic or jumpy.	Clean the optical sensor on the bottom of the mouse. Ensure the mouse pad surface is clean and free of obstructions. Try using the mouse on a different, uniform surface.
DPI adjustment not working.	Ensure the mouse is properly connected and recognized by your system. Verify you are pressing the correct DPI adjustment buttons (DPI+ / DPI-). If using custom software, ensure it is running and configured correctly.
LED lighting is off or not changing colors.	Check USB connection. Some LED features might be controlled by software; check Marvo's official software settings.
