Pebblebee PB-514-B

Pebblebee Finder 2.0

PRODUCT INSTRUCTION MANUAL

Introduction

Welcome to the user manual for your Pebblebee Finder 2.0. This device is designed to help you locate your valuable items quickly and efficiently. With its rechargeable battery and extended range, the Pebblebee Finder 2.0 offers a reliable solution for keeping track of your belongings. Please read this manual thoroughly to ensure proper use and to maximize the benefits of your new device.

Safety Information

- Do not attempt to disassemble or modify the device. This may void the warranty and cause damage.
- Keep the device away from extreme temperatures, direct sunlight, and open flames.
- Avoid exposing the device to excessive moisture beyond its IPX6 water resistance rating. Do not submerge.
- Use only the specified charging cable and power source.
- Keep out of reach of small children and pets.

Product Overview

The Pebblebee Finder 2.0 is a compact, rechargeable smart tracker designed to help you locate lost items. It connects to your smartphone or tablet via Bluetooth and offers a range of features to enhance your tracking experience.

Image: A multi-pack of Pebblebee Finder 2.0 devices. These are small, round, black trackers with a textured surface and a small loop for attachment.

Key Features:

- **Extended Range:** Locate items up to 500 feet away.
- **Rechargeable Battery:** Up to 6 months of battery life on a single charge.
- **Water Resistant:** IPX6 rated for protection against strong water jets.
- **Patented CrowdGPS Technology:** Helps locate lost items even when they are out of range.
- **Voice Assistant Compatible:** Works with Amazon Alexa and Google Assistant.

Setup

1. Charge Your Device:

Before first use, fully charge your Pebblebee Finder 2.0. Connect the included charging cable to the device and a USB power source. The LED indicator will show charging status. A full charge can last up to 6 months.

2. Download the Pebblebee App:

Search for "Pebblebee" in your smartphone's app store (iOS App Store or Google Play Store) and download the official application.

3. Pair Your Finder:

1. Open the Pebblebee app and create an account or log in.
2. Follow the on-screen instructions to add a new device.
3. Ensure your Pebblebee Finder 2.0 is powered on and within Bluetooth range of your smartphone.
4. The app will guide you through the pairing process. Once paired, you can name your Finder and assign it to an item.

Operating Instructions

Finding Your Items:

To locate an item attached to your Pebblebee Finder 2.0:

1. Open the Pebblebee app on your smartphone.
2. Select the Finder you wish to locate from your list of devices.
3. Tap the "Find" button. Your Pebblebee Finder 2.0 will emit a loud sound, helping you pinpoint its location. The app will also show you the signal strength, guiding you closer to your item.

Finding Your Phone:

If you have your Pebblebee Finder 2.0 but can't find your phone, simply double-press the button on your Finder. Your phone will ring, even if it's on silent mode, helping you locate it.

CrowdGPS Technology:

If your item is out of Bluetooth range, the Pebblebee app leverages its patented CrowdGPS technology. When another Pebblebee user comes within range of your lost item, its location will be anonymously updated on your map, helping you retrieve it.

Voice Assistant Integration:

You can use Amazon Alexa or Google Assistant to help find your items. Link your Pebblebee account to your voice assistant app and then simply say commands like, "Alexa, ask Pebblebee to find my keys," or "Hey Google, find my wallet."

Image: A Pebblebee Finder 2.0 attached to keys, with the keys partially tucked into a brown leather bag, illustrating how the device can be used to track items within bags.

Maintenance

Charging:

Recharge your Pebblebee Finder 2.0 when the battery is low. The app will notify you when charging is needed. A full charge provides up to 6 months of use.

Cleaning:

Wipe the device with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.

Water Resistance:

The Pebblebee Finder 2.0 is IPX6 water resistant, meaning it can withstand strong water jets. It is not designed for submersion. Ensure the charging port cover is securely closed to maintain water resistance.

Troubleshooting

- **Device Not Connecting:**
 - Ensure Bluetooth is enabled on your smartphone.
 - Make sure the Pebblebee Finder 2.0 is charged.
 - Restart the Pebblebee app.
 - Try restarting your smartphone.
 - If issues persist, try unpairing and re-pairing the device in the app settings.
- **Short Range:**
 - Ensure there are no major obstructions (thick walls, large metal objects) between your phone and the Finder.
 - Move closer to the Finder.
 - Check for interference from other wireless devices.
- **No Sound from Finder:**
 - Check if the Finder's battery is critically low.
 - Ensure the volume is enabled in the Pebblebee app settings for the specific Finder.
- **Phone Not Ringing When Finder Button Pressed:**
 - Ensure your phone is within Bluetooth range of the Finder.
 - Check the app settings to confirm the "Find Phone" feature is enabled.
 - Verify that the Pebblebee app has necessary permissions (e.g., notification access) on your phone.
