

Gabba Goods G-Home Smart Surveillance Camera

Gabba Goods G-Home Smart Surveillance Camera User Manual

Model: G-Home Smart Surveillance Camera

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Gabba Goods G-Home Smart Surveillance Camera. Please read this manual thoroughly before using the product to ensure proper functionality and safety. This camera is designed for indoor surveillance, offering features such as remote monitoring, two-way audio, and night vision.

PRODUCT OVERVIEW

The Gabba Goods G-Home Smart Surveillance Camera is a versatile device for monitoring your home. Key features include:

- **720p HD Panoramic View:** Monitor your home with horizontal and vertical rotation, covering various angles.
- **Super IR LED Night Vision:** Detect activity around the clock without light pollution, providing full day protection.
- **Intelligent Alerts:** Smart detection of actions and sounds, sending push notifications to your phone.
- **Easy Wireless Connection:** Connects via 2.4GHz Wi-Fi or Ethernet cable.
- **Two-Way Audio:** Built-in microphone and speakers allow remote communication.
- **Video Recording and Playback:** Record and review activities.

SETUP

1. **Unboxing:** Carefully remove the camera and all accessories from the packaging.
2. **App Download:** Scan the QR code provided in the product packaging or search for the "G-Home by Gabbagoods" app on the App Store (iOS) or Google Play Store (Android). Download and install the application on your smartphone.
3. **Power Connection:** Connect the camera to a power source using the provided AC/DC adapter. The camera will power on and initiate its startup sequence.
4. **Network Connection:**
 - Open the G-Home app and follow the on-screen instructions to add a new device.
 - Select your 2.4GHz Wi-Fi network and enter the password. Ensure your smartphone is connected to the same 2.4GHz Wi-Fi network during setup.
 - Alternatively, connect the camera directly to your router using an Ethernet cable for a wired connection.
5. **Placement:** Position the camera in your desired monitoring area. Its compact design allows for placement on shelves, tables, or mounted on a wall or ceiling. Ensure the camera has a clear line of sight to the area you wish to monitor.

OPERATING INSTRUCTIONS

1. **Live View:** Open the G-Home app. Once connected, select your camera from the device list to access the live video feed.
2. **Pan and Tilt Control:** Use the directional controls within the app to remotely rotate the camera horizontally and vertically, allowing you to adjust the viewing angle as needed.
3. **Two-Way Audio:** Tap the microphone icon in the app to speak through the camera's built-in speaker. Tap the speaker icon to listen to audio from the camera's environment.
4. **Motion Detection Alerts:** Enable motion detection in the app settings. The camera will send push notifications to your smartphone when motion is detected.
5. **Night Vision:** The camera automatically switches to night vision mode in low-light conditions, providing clear black and white video.
6. **Video Recording and Playback:**
 - Record video manually by tapping the record button in the app.
 - The camera supports continuous recording or event-triggered recording (e.g., motion detection).
 - Access recorded footage through the app's playback feature.

Figure 5: Remote monitoring of pets is possible through the G-Home app on a tablet.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the camera lens and body. Avoid using liquid cleaners or aerosols directly on the camera.
- **Firmware Updates:** Periodically check the G-Home app for available firmware updates. Keeping your camera's firmware updated ensures optimal performance and security.
- **Storage:** If storing the camera for an extended period, disconnect it from power and store it in a cool, dry place.

TROUBLESHOOTING

| Problem | Possible Solution |
|--------------------------------------|---|
| Camera not connecting to Wi-Fi | Ensure your Wi-Fi network is 2.4GHz. Verify the Wi-Fi password. Move the camera closer to the router. Restart the camera and your router. |
| No video feed | Check power connection. Ensure Wi-Fi connection is stable. Restart the app and camera. |
| Motion detection alerts not received | Verify motion detection is enabled in app settings. Check app notification permissions on your phone. Ensure stable internet connection. |
| Two-way audio not working | Check microphone and speaker permissions for the app on your phone. Ensure volume is up on your phone and in the app. |
