Jaronx BMW 3 & 4 Series Door Handle Cover Installation Manual

Model: c6280d2d-30aa-44f0-a48c-584c52d774e7

PRODUCT OVERVIEW

This manual provides instructions for the installation and care of the Jaronx Interior Door Handle Cover. Designed to replace or cover the original door handle trim, this product addresses common issues such as sticky or worn-out handle surfaces. It is made from durable ABS+PC materials, offering an improved and long-lasting finish.

COMPATIBILITY

The Jaronx Interior Door Handle Cover is specifically designed for certain BMW 3 Series and 4 Series models. Please verify your vehicle's model and year against the list below to ensure proper fitment. This product is for the **Left Front + Right Front** door handles.

Compatible BMW Models:

- **BMW 3 Series (2012-2017):** Models such as 320, 325, 328, 330, 335, 340. This includes F30 Sedan, F31 Touring, F34 GT Gran Turismo, and F80 M3 models.
- **BMW 4 Series (2014-2017):** Models such as 420, 428, 430, 435, 440. This includes F32 Coupe, F33 Convertible, F36 Gran Coupé, and F82/F83 M4 models.

Note: This product is not compatible with BMW 3 Series E90/E91 models.

INSTALLATION INSTRUCTIONS

The Jaronx door handle cover features a snap-on design for easy installation, typically taking only 3 minutes per handle. No cutting or splicing is required.

Recommended Preparation:

- Clean the existing door handle area thoroughly to remove any dirt or residue.
- It is recommended to apply anti-scratch stickers to the leather surface before installation to protect the original trim.

Step-by-Step Installation:

1. **Align to the Right Position:** Carefully position the new handle cover over the existing door handle, ensuring it aligns correctly with the contours of the door panel.
2. **Push the Trim Cover into Position:** Gently but firmly push the trim cover into place. The snap-on design will secure it.
3. **Installation is Completed:** Once snapped into place, ensure the cover is flush and secure.

Installation Instruction

01
Align to the Right position.

02
Push the trim cover
into the position.

03
Installation is completed.

PRODUCT FEATURES AND BENEFITS

- **Advanced Material:** Constructed from ABS+PC, providing a smoother and more solid feel compared to original ABS+TPO materials which can degrade with sun exposure.
- **Enhanced Durability:** Designed to maintain original car color and shine, offering anti-stain, anti-scratch, and anti-degumming properties.
- **Direct Fit:** Engineered for a precise and seamless fit over the existing door handle, covering sticky or worn areas without needing to replace the entire door panel.

Precise and Seamless Fit

MAINTENANCE

To ensure the longevity and appearance of your Jaronx door handle covers, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth with mild automotive interior cleaner to wipe down the handle covers. Avoid abrasive cleaners or solvents that could damage the finish.
- **Protection:** While the material is anti-scratch, avoid using sharp objects or excessive force on the handle surface.
- **Sun Exposure:** Although designed to resist aging from sun exposure, prolonged extreme heat or direct sunlight can still affect any material over time. Parking in shaded areas or using sun shades can help preserve the interior.

TROUBLESHOOTING

If you encounter any issues with your Jaronx door handle covers, refer to the following common solutions:

- **Cover Not Fitting Snugly:**

Ensure the handle cover is correctly aligned before applying pressure. Re-check the compatibility list to confirm it is the correct part for your specific vehicle model and door position (front left, front right).

- **Cover Feels Loose After Installation:**

Re-apply pressure evenly across the cover to ensure all snap-on points are fully engaged. If the issue persists, remove the cover and inspect for any obstructions or damage to the snap mechanisms on either the cover or the original handle.

- **Sticky Residue Still Visible:**

The cover is designed to conceal the sticky part. If residue is still visible, ensure the cover is fully seated and aligned. A thorough cleaning of the original handle before installation can also help.

SPECIFICATIONS
