## PHI VILLA E02GF097-2

# PHI VILLA Outdoor Swivel Bar Stools (Model E02GF097-2) Instruction Manual

Your guide to assembly, usage, and maintenance.

## 1. INTRODUCTION

---

Thank you for choosing the PHI VILLA Outdoor Swivel Bar Stools. This manual provides essential information for the safe assembly, operation, and maintenance of your new patio chairs. Please read these instructions thoroughly before use and retain them for future reference.

## 2. SAFETY INFORMATION

To ensure safe use and prevent injury or damage, please observe the following warnings:

- **Maximum Weight Capacity:** Exceeding the maximum weight capacity of 300 pounds may result in structural damage or injuries.
- **Intended Use:** This stool is designed for bar-height seating.
- **Stability:** Use with caution by children or on uneven surfaces to prevent tipping hazards.
- **Swivel Mechanism:** Improper use of the 360-degree swivel mechanism may lead to unexpected movement or tipping.

### 3. PACKAGE CONTENTS

---

Please verify that all components are present before beginning assembly:

- 2 x PHI VILLA Outdoor Swivel Bar Stools
- 1 x Hardware for assembly (bolts, washers, wrench, etc.)

### 4. ASSEMBLY INSTRUCTIONS

---

Assembly is required for these bar stools. While general steps are provided, refer to the detailed diagrams and instructions included with your hardware package for precise guidance. Ensure all parts are correctly aligned and tightened for stability.

#### General Assembly Steps:

1. Unpack all components and lay them out on a soft, clean surface to prevent scratches.
2. Identify all hardware pieces and match them to the assembly diagram.
3. Attach the chair base components, ensuring all connections are secure but not fully tightened initially.
4. Connect the seat and backrest to the base. Pay close attention to alignment, as some connections may require careful positioning.
5. Once all parts are loosely assembled, gradually tighten all bolts evenly until the chair is firm and stable.
6. Verify the 360-degree swivel function operates smoothly.
7. Adjust the legs using the integrated knobs to ensure the stool is level on any surface.

## 5. OPERATING INSTRUCTIONS

### 5.1. 360° Swivel Function

The bar stools are equipped with a smooth 360-degree rotation swivel. To use, simply sit on the chair and rotate in any direction. Ensure the chair is on a stable, level surface before swiveling to prevent accidental tipping.

## Quick Dry Foam Great For Outdoor

Water Will Not Absorbed On The Foam

Comfortable & Soft  
Not Easy To Deformed

Permeable & Breathable  
Fast Drying

# Why PHI VILLA?

We Use Our Special  
Electro Coating Technology

**It's Worth It. 200%+** Furniture Durability In Patio & Outdoor

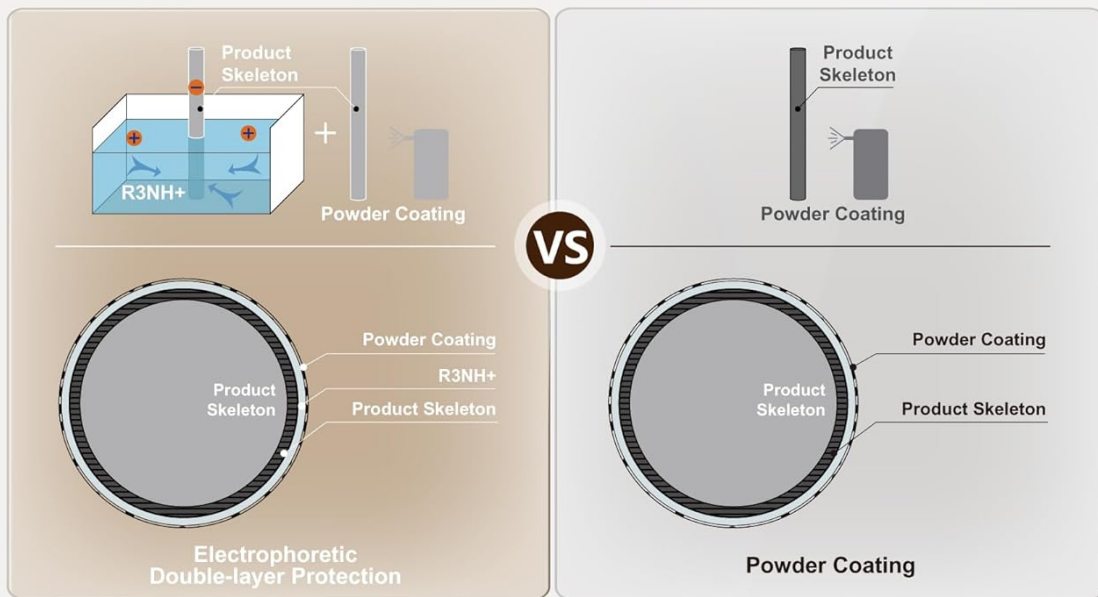

Image 6: Quick-dry foam ensures water is not absorbed, maintaining comfort.

Image 7: Ergonomic design for comfortable seating and support.

### 5.3. Adjustable Legs

Each stool includes adjustable knobs on the legs. Use these to level the chairs on uneven surfaces, ensuring maximum stability and preventing wobbling.

## 6. MAINTENANCE

The PHI VILLA Outdoor Swivel Bar Stools are designed for all-weather use with a powder-coated metal frame and Textilene fabric. To maintain their appearance and longevity:

- **Cleaning:** Wipe clean with a damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and air drying.
- **Frame Care:** The powder E-coated steel frame is rust and weather-resistant. Periodically inspect for any chips or scratches in the coating and touch up as needed to prevent rust.

- **Fabric Care:** The Textilene fabric is fade-resistant, tear-resistant, and quick-drying. No special treatment is typically required.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your bar stools, please refer to the following common solutions:

- **Wobbling Chair:** Check that all bolts are securely tightened. Use the adjustable leg knobs to level the chair on uneven surfaces.
- **Stiff Swivel:** Ensure the swivel mechanism is clean and free of debris. If necessary, apply a silicone-based lubricant to the rotating parts.
- **Loose Parts:** Periodically inspect all bolts and connections and tighten them as needed to maintain structural integrity.
