# Glocusent GLCSNTBL001 LED Neck Reading Light User Manual

Model: GLCSNTBL001 | Brand: Glocusent

## 1. INTRODUCTION

The Glocusent GLCSNTBL001 LED Neck Reading Light is designed to provide hands-free illumination for various activities. It features three adjustable color temperatures and six brightness levels, allowing users to customize their lighting experience. The ergonomic and bendable design ensures comfort and precise light direction, making it suitable for reading, knitting, repairing, and other tasks.

## 2. SETUP

### 2.1 Charging the Device

Before initial use, fully charge your Glocusent LED Neck Reading Light. Use the included USB Type-C charging cable. The device features a 1000mAh rechargeable battery, providing up to 80 hours of use (on general reading, single head mode) on a full charge.

# Partner Friendly

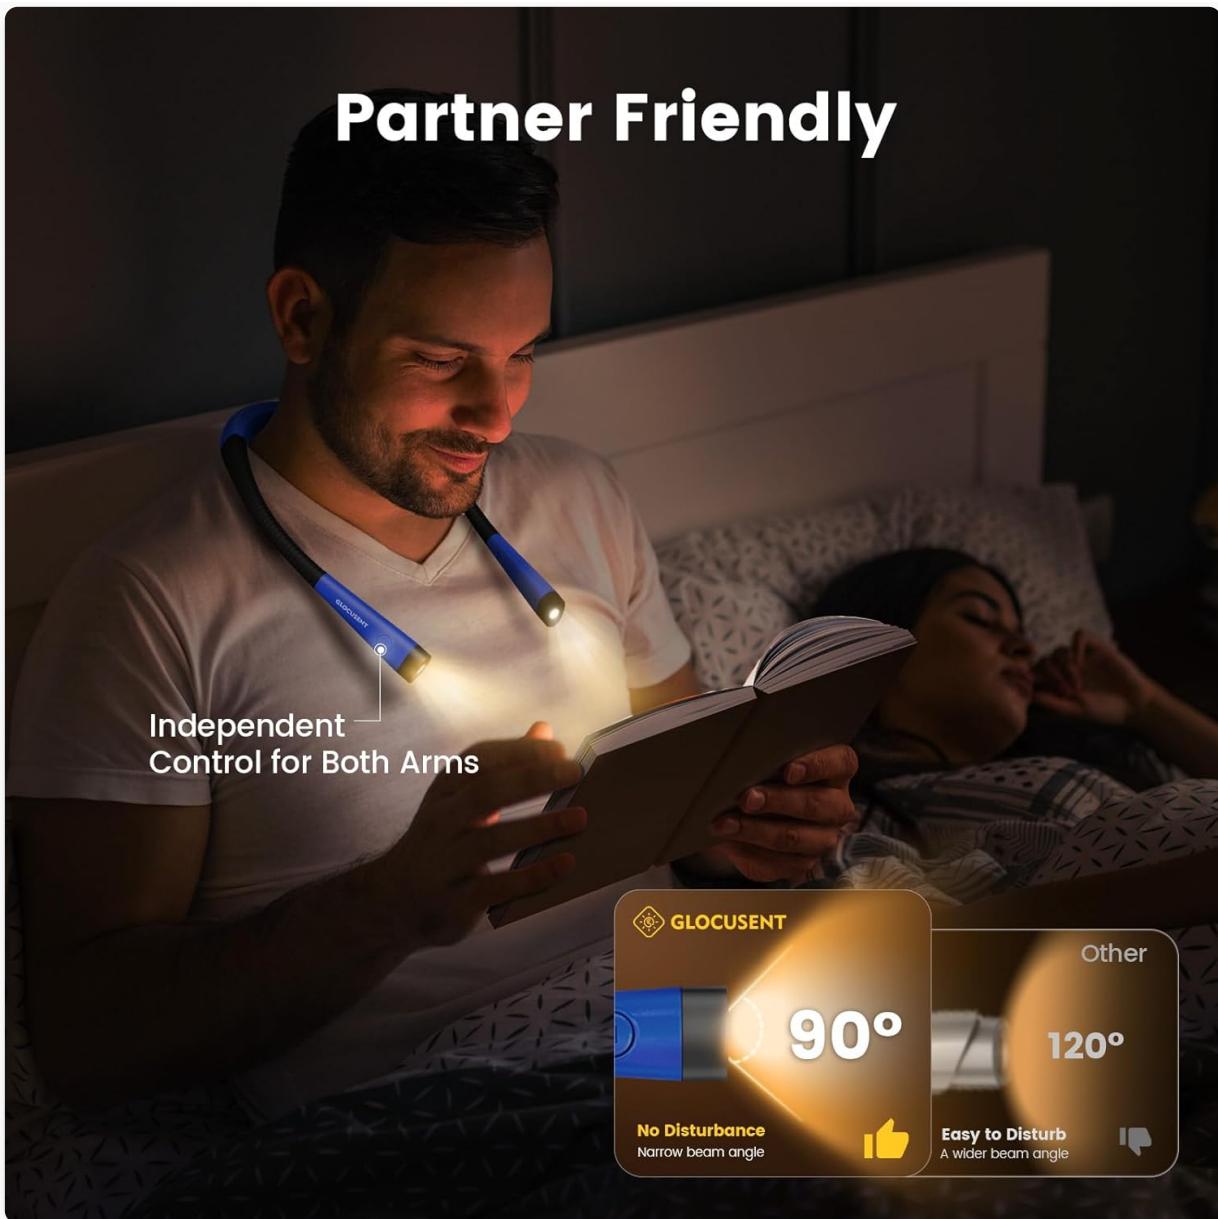

Figure 1: Charging the Glocusent LED Neck Reading Light with the included USB-C cable. The image highlights the 1000mAh battery capacity and its long-lasting nature.

## 2.2 Wearing the Light

Gently place the light around your neck. The flexible arms can be bent and adjusted to direct the light precisely where needed. The ergonomic design ensures a comfortable fit for extended periods of use.

# Ergonomic, Hands Free & Versatile

Figure 2: The Glocusent LED Neck Reading Light worn around the neck, with flexible arms adjusted to illuminate a knitting project, showcasing its hands-free utility.

## 3. OPERATING INSTRUCTIONS

### 3.1 Power On/Off and Brightness Adjustment

Each light head has an independent power button. Press the button on either light head to turn it on. Repeatedly pressing the button will cycle through three brightness levels. A fourth press will turn the light off.

### 3.2 Color Temperature Selection

The device offers three color temperature modes: yellow (3000K), warm white (4000K), and cool white (6000K). A dedicated button, typically located on the central neckband, allows you to switch between these modes.

# 3 MODES & 6 BRIGHTNESS LEVELS

Eliminates  
**99.9%**  
of blue light.

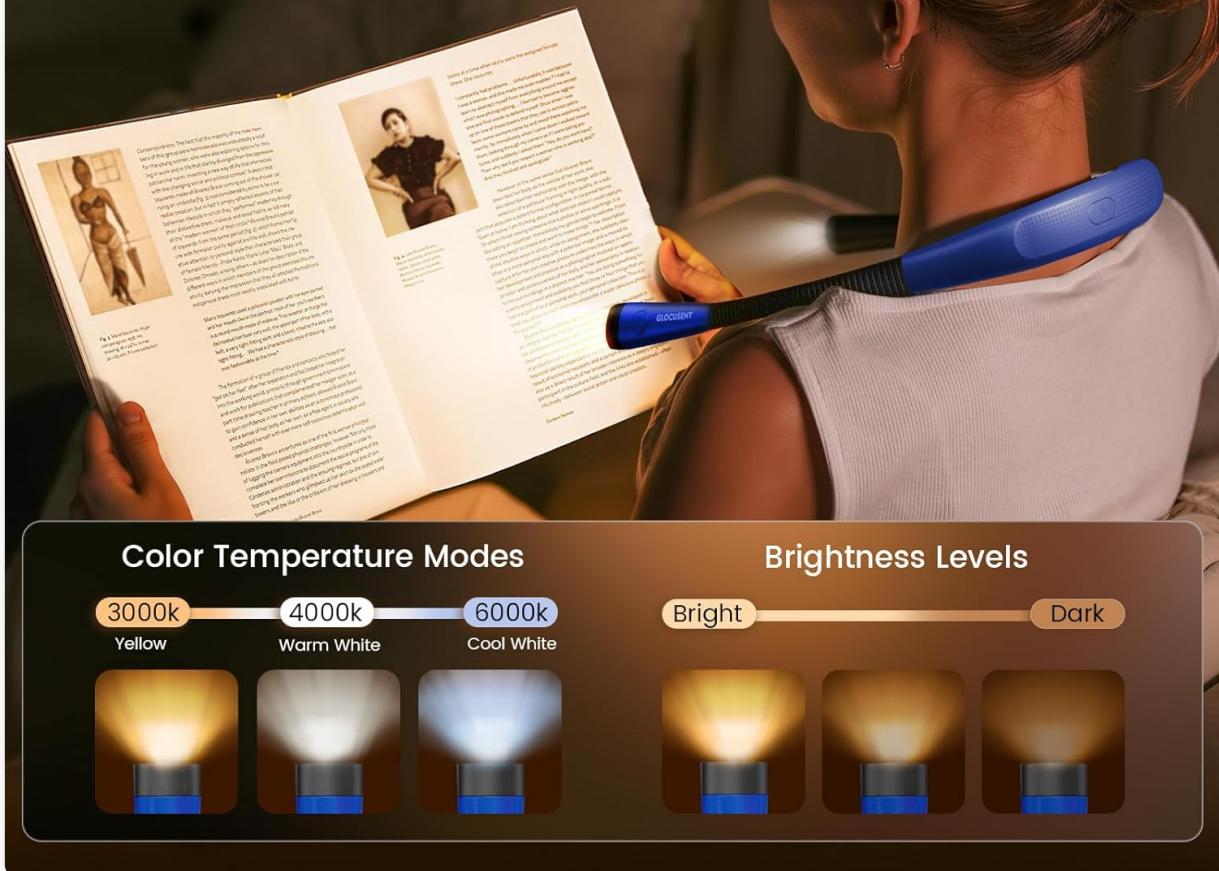

Figure 3: Visual representation of the three color temperature modes and six brightness levels available on the Glocusent LED Neck Reading Light.

### 3.3 Independent Light Control

Each light arm can be operated independently. This allows you to have different brightness levels or even different color temperatures on each side, or to use only one light if desired. The narrow 90° beam angle ensures that the light illuminates your task without disturbing others nearby.

# Rechargeable & Long-Lasting

Figure 4: The Glocusent LED Neck Reading Light in use, demonstrating its focused illumination for reading in bed without disturbing a partner.

## 4. MAINTENANCE

### 4.1 Cleaning

Wipe the device with a soft, dry cloth. Avoid using abrasive cleaners or solvents that may damage the surface.

### 4.2 Storage

When not in use, store the light in a cool, dry place. The flexible arms allow for compact storage, making it easy to pack for travel.

# Easy to Pack

Figure 5: The flexible design of the Glocusent LED Neck Reading Light allows it to be folded for easy storage and portability.

## 5. TROUBLESHOOTING

- **Light not turning on:** Ensure the device is fully charged. Connect it to a power source using the USB-C cable.
- **Inconsistent brightness:** A low battery can affect brightness. Recharge the device.
- **Difficulty adjusting arms:** The arms are designed to be flexible. Apply gentle, firm pressure to position them as desired. Avoid excessive force.

## 6. SPECIFICATIONS

Feature	Detail
Model Name	Glocusent Neck Reading Light
Item Model Number	GLCSNTBL001

Feature	Detail
Light Source Type	LED
Color Temperatures	Yellow (3000K), Warm White (4000K), Cool White (6000K)
Brightness Levels	6 (3 per light head)
Battery Life	Up to 80 Hours
Battery Type	1000mAh Lithium Polymer (included)
Charging Port	USB Type-C
Item Weight	4.8 ounces (137 Grams)
Product Dimensions	9.8"D x 7.48"W x 1.1"H
Material	Acrylonitrile Butadiene Styrene
Special Features	Adjustable Brightness and Colors, Dimmable, Eye-caring, No flickering, No harsh light, Easy to use, Ergonomic design & Hands-free, Lightweight, Comfortable, 90° Narrow beam angle, Separate arm control & Non-disturbing, Rechargeable & Long-lasting, Portable
