Colgate US06455A

Colgate Optic White Advanced Toothpaste User Manual

Model: US06455A

PRODUCT OVERVIEW

The Colgate Optic White Advanced Hydrogen Peroxide Toothpaste is designed to whiten teeth beyond surface stains, offering an enamel-safe formula. It contains 2% hydrogen peroxide, which is effective in removing stains caused by common beverages like tea, coffee, and wine. This product also functions as an anticavity fluoride toothpaste, providing comprehensive oral care.

Figure 1: Packaging of the Colgate Optic White Advanced Toothpaste 3-pack, highlighting its key features like 2% Hydrogen Peroxide and "Removes 5 Years of Stains".

KEY FEATURES

- **Advanced Whitening:** Formulated with 2% hydrogen peroxide to deeply whiten teeth and remove up to 5 years of stains.
- **Enamel-Safe:** Designed to be gentle on tooth enamel while effectively whitening.
- **Stain Removal:** Effectively targets and removes common stains from coffee, tea, and wine.
- **Anticavity Protection:** Contains fluoride to help prevent cavities and strengthen tooth enamel.
- **Sparkling White Flavor:** Provides a refreshing mint taste for a clean mouthfeel.

SETUP

No complex setup is required for this product. Simply ensure you have a toothbrush and access to water for rinsing.

1. Unpack the toothpaste tube from its packaging.
2. Remove the cap from the toothpaste tube.

OPERATING INSTRUCTIONS

For optimal results, follow these daily brushing instructions:

1. Apply a pea-sized amount of toothpaste onto your toothbrush.
2. Brush teeth thoroughly for at least two minutes, preferably after each meal or at least twice a day.
3. Rinse your mouth thoroughly with water after brushing.

For children 2 to 6 years of age, use only a pea-sized amount and supervise brushing and rinsing to minimize swallowing. For children under 2 years, consult a dentist or physician.

PATENTED WHITENING FORMULA

MAINTENANCE

To maintain the effectiveness of your toothpaste and ensure proper hygiene:

- Always replace the cap after use to prevent the toothpaste from drying out and to maintain freshness.
- Store the toothpaste in a cool, dry place, away from direct sunlight.
- Ensure the tube is sealed properly to prevent contamination.

Figure 5: The toothpaste tube stored securely within a cosmetic bag, illustrating convenient and hygienic storage for travel or daily use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No noticeable whitening after initial use.	Whitening results vary by individual and stain severity.	Continue using twice daily for at least two weeks for visible results. Consistency is key.
Tooth sensitivity.	Some individuals may experience temporary sensitivity.	Reduce frequency of use (e.g., once daily) or consult a dentist if sensitivity persists.

Problem	Possible Cause	Solution
Toothpaste appears discolored or has unusual texture.	Improper storage or expired product.	Check expiration date. Ensure cap is tightly closed and stored in a cool, dry place. Discard if expired or compromised.

INGREDIENTS

Active ingredient: Sodium Monofluorophosphate (0.76% (0.12% w/v Fluoride Ion)). Purpose: Anticavity.
Inactive ingredients: Propylene Glycol, Calcium Pyrophosphate, PVP, PEG/PPG-116/66 Copolymer, PEG-12, Glycerin, Flavor, Hydrogen Peroxide, Sodium Lauryl Sulfate, Silica, Tetrasodium Pyrophosphate, Sodium Saccharin, Disodium Pyrophosphate, Sucralose, Phosphoric Acid, BHT, Water.

SAFETY INFORMATION

Keep out of reach of children under 6 years of age. If more than used for brushing is accidentally swallowed, get medical help or contact a Poison Control Center right away.
