Zeikos ZE-HC36 Deluxe Medium Hard-Shell Protective Storage Case User Manual

Model: ZE-HC36

1. INTRODUCTION AND OVERVIEW

The Zeikos ZE-HC36 Deluxe Medium Hard-Shell Protective Storage Case is engineered to provide superior protection for your valuable equipment. This robust case features a durable construction, water and dust resistance, and a customizable interior to secure a wide range of items, including drones, pistols, laptops, cameras, and lenses. Its design prioritizes both protection and portability, ensuring your gear remains safe during transport and storage.

2. PRODUCT FEATURES

- **Compact and Durable Design:** The ZE-HC36 features a heavy-duty, hard-shell construction with a compact design for easy travel and robust protection.
- **Customizable Storage Capacity:** Includes a 2-layer customizable interior with removable inserts and pre-cut foam squares, allowing for tailored configurations to fit various equipment types.
- **Secure Latching System:** Equipped with toggle latches that clamp the case tightly closed using compressive force, and an integrated slide lock to prevent accidental opening.
- **Waterproof and Dustproof:** Designed to be resistant to UV, solvents, corrosion, and impact damages, protecting contents from environmental elements.
- **Enhanced Mobility:** Features a quick-release latch clamp and super tough nylon construction for secure transport, along with an included adjustable and removable shoulder strap.

3. SETUP: CUSTOMIZING THE INTERIOR

The ZE-HC36 case comes with a highly customizable interior to perfectly fit your equipment. This involves utilizing the diced foam and removable dividers.

3.1. Using Diced Foam Inserts

The case includes pre-cut diced foam layers. To customize, carefully outline the shape of your equipment on the foam. Then, gently pull out the small foam squares to create a snug cavity for each item. Ensure a tight fit to prevent movement during transport.

3.2. Utilizing Removable Dividers

For larger compartments or to create flexible sections, the case also includes removable dividers. Position these

dividers as needed to separate different items or to provide additional support.

4. OPERATION: SECURING AND TRANSPORTING

4.1. Securing the Case

After placing your equipment inside and ensuring a proper fit with the foam, close the lid. Engage the toggle latches by pressing them down firmly until they click into place. For added security, slide the integrated lock mechanism to prevent accidental opening. Keys are provided for the locking clasps.

4.2. Transporting the Case

The case can be carried using its sturdy handle or the included adjustable shoulder strap. Attach the shoulder strap to the designated D-rings on the case for hands-free transport. Adjust the strap length for comfortable carrying.

5. MAINTENANCE

5.1. Cleaning the Exterior

Wipe the exterior of the case with a damp cloth and mild soap if necessary. Avoid abrasive cleaners or solvents that could damage the finish. Ensure the case is completely dry before storage.

5.2. Cleaning the Interior Foam

The foam inserts can be gently vacuumed to remove dust and debris. For spills or stains, spot clean with a small amount of mild detergent and water, then allow to air dry completely before returning to the case.

5.3. Maintaining Water and Dust Resistance

Periodically inspect the rubber gasket around the lid for any signs of wear or damage. A clean, intact gasket is crucial for maintaining the case's water and dust resistance. Replace if necessary.

6. TROUBLESHOOTING

6.1. Latches Not Closing Properly

Ensure that no items are obstructing the lid from closing completely. Check the latches for any debris or damage. Apply gentle, even pressure when closing.

6.2. Foam Not Fitting Equipment Snugly

Re-evaluate the foam cutouts. If the fit is too loose, consider adding small pieces of foam to fill gaps or re-cutting a new section if available. For a tighter fit, ensure the equipment is pressed firmly into the custom-cut cavities.

7. SPECIFICATIONS

Specification	Detail
Product Dimensions (Exterior)	11 x 6 x 17 inches
Item Weight	7.24 pounds
Model Number	ZE-HC36
ASIN	B082FPJJH5
Manufacturer	ZEIKOS
Interior Customization	2-layer customizable removable inserts with pre-cut foam squares, removable dividers
Resistance	Waterproof, Dustproof, UV, Solvents, Corrosion, Impact
