FORLIGHT PX-0468-ANT

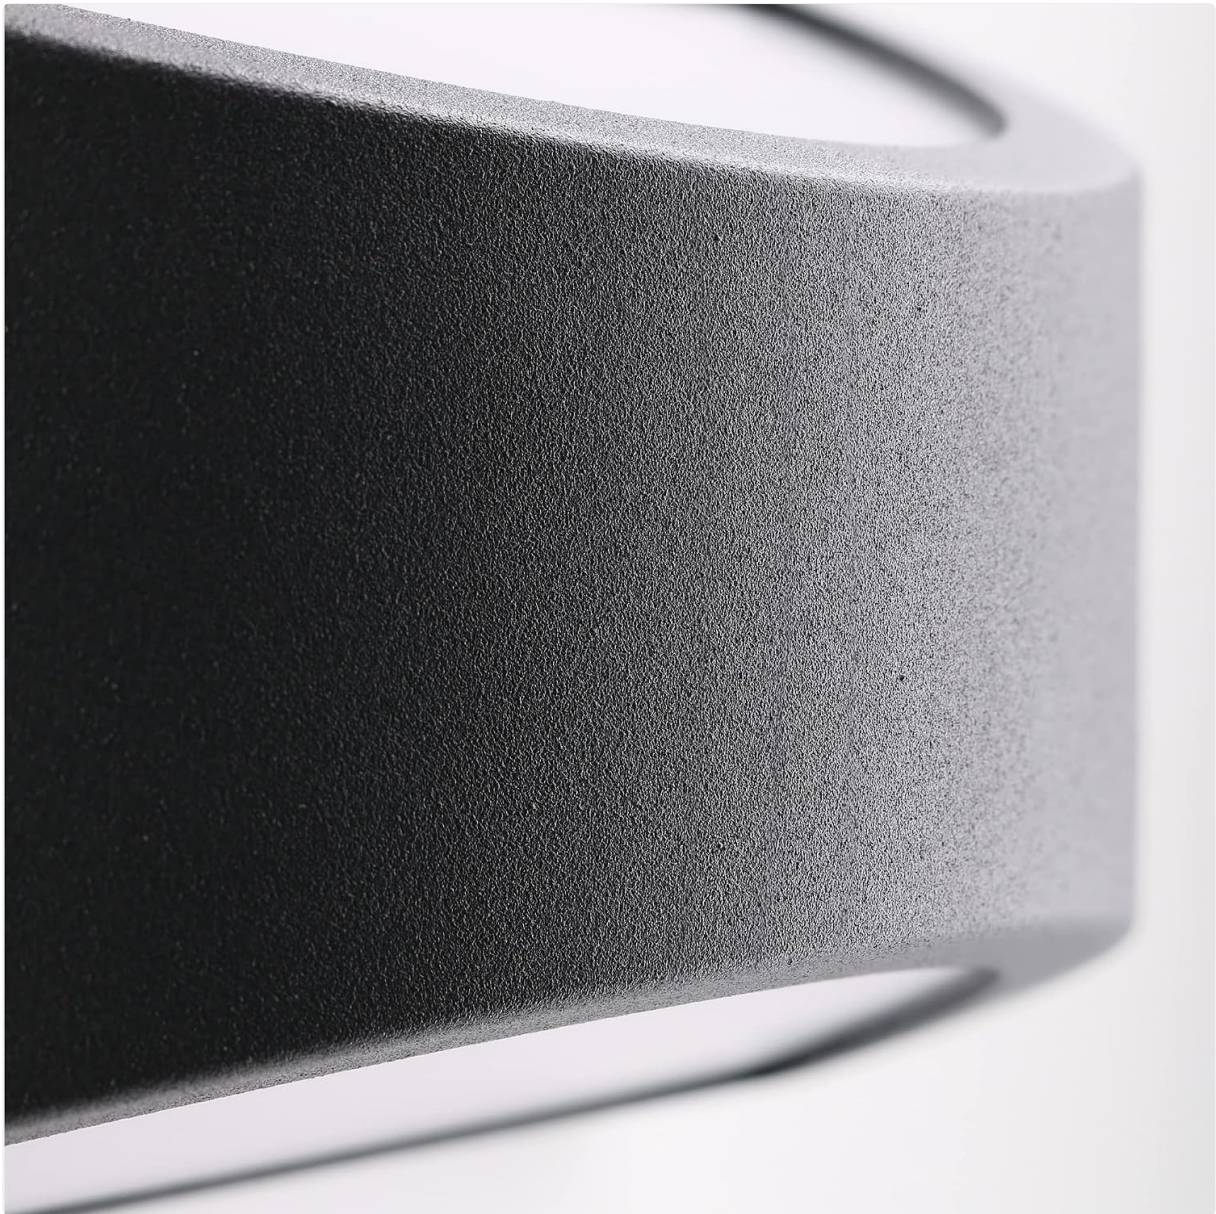

FORLIGHT Kapa LED Outdoor Wall Light

Model: PX-0468-ANT

User Manual

1. INTRODUCTION

Thank you for choosing the FORLIGHT Kapa LED Outdoor Wall Light. This fixture is designed to provide efficient and warm illumination for your outdoor spaces, such as gardens and terraces. Its modern design and robust construction ensure durability and aesthetic appeal. Please read this manual carefully before installation and use to ensure safe and optimal performance.

The FORLIGHT Kapa LED outdoor wall light installed on a wall, providing warm illumination to a contemporary patio with wicker chairs and a wooden slatted wall.

2. SAFETY INSTRUCTIONS

- Always disconnect power at the main circuit breaker before installation, maintenance, or cleaning.
- Installation should be performed by a qualified electrician in accordance with local electrical codes.
- Ensure the mounting surface can support the weight of the fixture.
- Do not modify the fixture in any way. Unauthorized modifications may void the warranty and create safety hazards.
- This product is rated IP54 for outdoor use, providing protection against dust and splashing water. Do not immerse in water.
- Avoid looking directly into the LED light source when illuminated.
- Keep packaging materials out of reach of children.

3. PACKAGE CONTENTS

Please check that all components are present and undamaged before proceeding with installation:

- FORLIGHT Kapa LED Outdoor Wall Light (1 unit)
- Mounting hardware (screws, wall plugs)
- Instruction Manual

5. INSTALLATION

Important: Ensure power is OFF at the circuit breaker before beginning installation. If you are unsure about electrical wiring, consult a qualified electrician.

1. **Prepare the Installation Area:** Choose a suitable outdoor wall location. Ensure there is existing electrical wiring available and that the surface is clean and stable.
2. **Mark Mounting Points:** Hold the fixture against the wall at the desired installation height. Use a pencil to mark the positions for the mounting holes.
3. **Drill Holes:** Drill holes at the marked positions using an appropriate drill bit for your wall material. Insert the provided wall plugs into the drilled holes.
4. **Connect Wiring:** Carefully connect the electrical wires from your wall to the corresponding terminals on the fixture. Typically, this involves connecting Live (L), Neutral (N), and Earth (E) wires. Ensure all connections are secure and properly insulated.
5. **Mount the Fixture:** Align the fixture's mounting holes with the wall plugs. Secure the fixture to the wall using the provided screws. Ensure it is firmly attached and flush against the surface.
6. **Restore Power:** Once the fixture is securely mounted and all connections are checked, restore power at the main circuit breaker.
7. **Test Functionality:** Turn on the light switch to verify that the fixture is working correctly.

6. OPERATION

The FORLIGHT Kapa LED Outdoor Wall Light operates via a standard wall switch connected to its electrical circuit. Simply toggle the switch to turn the light ON or OFF.

- **Turning On/Off:** Use the connected wall switch to control the light.
- **Light Output:** The fixture provides a warm white light at 3000K with 444 lumens, creating an inviting ambiance.
- **Integrated LED:** This fixture uses an integrated LED light source, which is not user-replaceable.

7. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your FORLIGHT Kapa LED Outdoor Wall Light.

- **Cleaning:** Disconnect power before cleaning. Wipe the fixture with a soft, damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish or electrical components.
- **Inspection:** Periodically inspect the fixture for any signs of damage, loose connections, or wear. If any issues are found, disconnect power and consult a qualified electrician.
- **LED Lifespan:** The integrated LED is designed for long-term use and does not require replacement under normal operating conditions.

8. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--------------------------|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------|
| Light does not turn on | No power supply; Loose wiring; Faulty switch. | Check circuit breaker; Verify wiring connections; Test wall switch. Consult an electrician if issues persist. |
| Light is dim or flickers | Unstable power supply; Loose connection. | Ensure stable power; Check wiring connections. Consult an electrician. |
| Water inside the fixture | Improper installation; Damaged seal. | Disconnect power immediately. Re-install ensuring proper sealing. If damaged, contact support. |

If you encounter problems not listed here or if the suggested solutions do not resolve the issue, please contact FORLIGHT customer support.

9. WARRANTY AND SUPPORT

The FORLIGHT Kapa LED Outdoor Wall Light (Model PX-0468-ANT) comes with a **3-year manufacturer's warranty** from the date of purchase. This warranty covers defects in materials and workmanship under normal use.

The warranty does not cover damage caused by improper installation, misuse, accidents, unauthorized repairs, or normal wear and tear.

For warranty claims, technical support, or any questions regarding your product, please contact your retailer or visit the official FORLIGHT website for customer service information.
