ABCTen Large Vertical Case

ABCTen Universal Canvas Phone Holster with Belt Clip and Loops (Large Vertical Case) - Instruction Manual

Introduction

This manual provides instructions for the proper use and maintenance of your ABCTen Universal Canvas Phone Holster. This holster is designed to securely carry your mobile phone, offering multiple attachment options for convenience and accessibility. Please read these instructions carefully to ensure optimal performance and longevity of your product.

Setup and Attachment

Your ABCTen phone holster offers three methods for attachment to your belt or other gear: a metal belt clip and two fabric belt loops. Choose the method that best suits your activity and security needs.

Attaching with the Belt Clip

The integrated metal belt clip allows for quick attachment and removal. To attach, slide the clip over the top edge of your belt or waistband. Ensure the clip is fully engaged for a secure hold.

Figure 1: Illustration of the belt clip being attached to a belt. The clip slides over the belt, providing a quick and easy way to secure the holster.

Attaching with Belt Loops

For enhanced security, utilize the two fabric belt loops located on the back of the holster. Thread your belt through both loops. This method provides a more stable attachment, preventing accidental detachment during active use.

Figure 2: The holster shown attached to a belt, demonstrating both vertical and horizontal orientations using the belt clip and loops. This image highlights the versatility of attachment options.

Operation

This section details how to use your phone holster effectively.

Inserting and Securing Your Phone

1. Open the top flap of the holster, which is secured by a hook-and-loop fastener (Velcro).
2. Carefully slide your phone into the main compartment. The elastic side bands will gently expand to accommodate your device, ensuring a snug fit.
3. Close the top flap, pressing down firmly on the hook-and-loop fastener to secure your phone inside the holster.

Figure 3: A mobile phone being placed into the holster, illustrating the secure fit provided by the elastic side bands and the closing of the top flap with its hook-and-loop fastener.

Using the Pen/Stylus Holder

An elastic loop is located on the side of the holster, designed to hold a pen or stylus. Simply slide your pen or stylus into this loop for convenient access.

Figure 4: Close-up view of the elastic loop on the side of the holster, demonstrating its use for holding a pen or stylus. This feature adds practical utility to the holster.

Maintenance

To ensure the longevity and appearance of your ABCTen phone holster, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the exterior with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners, as these can damage the nylon material.
- **Drying:** Allow the holster to air dry completely. Do not machine wash or tumble dry.
- **Storage:** Store in a cool, dry place away from direct sunlight when not in use.

Troubleshooting

If you encounter any issues with your phone holster, please refer to the following common solutions:

- **Phone does not fit:** Verify that your phone's dimensions (including any case) are within the internal size specifications of the holster (162 x 82 x 17 mm). The elastic sides provide some flexibility, but exceeding these dimensions may prevent proper fit.
- **Holster feels insecure on belt:** Ensure the belt clip is fully engaged with your belt. For maximum security, use the two fabric belt loops by threading your belt through them.
- **Flap not closing securely:** Check for any obstructions preventing the hook-and-loop fastener from making full contact. Ensure the phone is fully seated within the holster.

Specifications

Detailed specifications for the ABCTen Universal Canvas Phone Holster:

Figure 5: Diagram illustrating the internal dimensions of the holster, measuring approximately 162mm (6.4 inches) in length, 82mm (3.2 inches) in width, and 17mm (0.66 inches) in depth.
