

## MOFII 5352

# MOFII Wireless Keyboard and Mouse Combo (Model 5352) - User Manual

Brand: MOFII | Model: 5352

## 1. PRODUCT OVERVIEW

The MOFII Wireless Keyboard and Mouse Combo provides a convenient and efficient input solution for your computer. This set features a 2.4G wireless connection, full-size keyboard with retro round keycaps, and an optical mouse. It is designed for compatibility with various operating systems.

### Key Features:

- **Easy 2.4G Wireless Connection:** Shares a single 2.4G Nano Receiver for stable connection.
- **Retro Round Keycaps:** Unique design for a comfortable typing experience.
- **Power Saving Mode:** Features an intelligent power-saving chip with three modes to extend battery life.
- **Wide Compatibility:** Suitable for Windows, XP, Mac, MacBook, and Vista systems with a USB port. Not compatible with iPad.
- **Full-Size Design:** Includes a numeric keypad to meet various user requirements.

## 2. PACKAGE CONTENTS

Please verify that all items are present in the package:

- MOFII Wireless Keyboard
- MOFII Wireless Optical Mouse
- 2.4G USB Nano Receiver (typically stored in the mouse battery compartment)
- AA Batteries (for keyboard)
- AAA Battery (for mouse)
- Cleaning Brush
- User Manual

## 3. SETUP INSTRUCTIONS

Follow these steps to set up your MOFII Wireless Keyboard and Mouse Combo:

### 1. Install Batteries in Keyboard:

Locate the battery compartment on the underside of the keyboard. Insert the AA batteries, ensuring correct polarity. Close the battery compartment cover.

## 2. Install Battery in Mouse and Retrieve USB Receiver:

Locate the battery compartment on the underside of the mouse. Insert the AAA battery, ensuring correct polarity. The 2.4G USB Nano Receiver is typically stored inside this compartment for safekeeping. Remove the receiver. Close the battery compartment cover.

## 3. Connect USB Receiver:

Plug the 2.4G USB Nano Receiver into an available USB port on your computer or laptop.

## 4. Power On Devices:

Turn on the power switch located on the underside of both the keyboard and the mouse. The devices should automatically connect to your computer.

## 4. OPERATING INSTRUCTIONS

### Keyboard Usage:

- The keyboard functions as a standard full-size keyboard.
- Use the function keys (F1-F12) in combination with the **Fn** key for multimedia controls (e.g.,

volume, play/pause).

- The numeric keypad on the right provides quick access to numbers and arithmetic operations.

### Mouse Usage:

- The optical mouse offers precise tracking for navigation.
- Standard left-click, right-click, and scroll wheel functionality.

### Power Saving Modes:

The combo features an intelligent power-saving chip with three modes to conserve battery life. The devices will enter a sleep mode after a period of inactivity. To wake them up, simply press any key on the keyboard or move/click the mouse.

## 5. MAINTENANCE

To ensure the longevity and optimal performance of your keyboard and mouse:

- **Cleaning:** Use the provided cleaning brush to remove dust and debris from between the keycaps. For deeper cleaning, gently wipe the surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Battery Replacement:** Replace batteries when the devices become unresponsive or the indicator light signals low power.
- **Storage:** When not in use for extended periods, turn off the power switches on both devices to conserve battery life. Store the USB receiver in the mouse's battery compartment.

## 6. TROUBLESHOOTING

If you encounter issues with your MOFII Wireless Keyboard and Mouse Combo, try the following solutions:

- **No Connection/Unresponsive Devices:**
  - Ensure both the keyboard and mouse are powered on.
  - Check if the batteries are correctly installed and have sufficient charge. Replace if necessary.
  - Verify that the USB Nano Receiver is securely plugged into a working USB port on your computer. Try a different USB port.
  - Restart your computer.
- **Lag or Intermittent Connection:**
  - Move the keyboard and mouse closer to the USB receiver.
  - Ensure there are no large metal objects or other wireless devices (e.g., Wi-Fi routers, cordless phones) interfering with the 2.4G signal.
  - Try plugging the USB receiver into a different USB port, preferably one on the front of your computer if using a desktop.
- **Mouse Cursor Jumps or is Inaccurate:**
  - Clean the optical sensor on the underside of the mouse.
  - Use the mouse on a clean, non-reflective surface or a mouse pad.
