Mondaine Helvetica Regular MH1.R2S10.LG Smart Watch User Manual

Model: MH1.R2S10.LG

1. INTRODUCTION

The Mondaine Helvetica Regular MH1.R2S10.LG Smart Watch combines the iconic, timeless design of the Helvetica typeface with modern smart technology. This Swiss-made timepiece offers activity tracking, sleep monitoring, and smartphone notifications, all while maintaining an elegant analog appearance. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your watch.

- **Crystal:** Sapphire crystal with anti-reflective coating
- **Movement:** Smart (connected technology)
- **Functions:** Activity tracking (steps), sleep monitoring, smartphone notifications (text messages, emails, calls)
- **Water Resistance:** 30 meters (3 ATM / 100 feet)
- **Origin:** Swiss Made

3. SETUP GUIDE

3.1 Initial Charging and Power On

Your Mondaine Smart Watch comes with a pre-installed battery. For optimal performance, ensure the watch is adequately charged before first use. Refer to the included charging cable and instructions for specific charging procedures.

3.2 App Download and Installation

1. Locate the official Mondaine Smart Watch application in your smartphone's app store (iOS App Store or Google Play Store).
2. Download and install the application on your smartphone.
3. Open the application and follow the on-screen prompts to create an account or log in.

3.3 Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Within the Mondaine Smart Watch app, navigate to the 'Pair Device' or 'Add Watch' section.
3. Follow the app's instructions to put your watch into pairing mode. This typically involves pressing and holding a button on the watch.
4. Select your Mondaine Smart Watch from the list of available devices in the app.
5. Confirm the pairing on both your watch and smartphone if prompted.

Once paired, the watch will synchronize time and settings with your smartphone.

4. OPERATING INSTRUCTIONS

4.1 Time Display

The watch displays time using traditional hour, minute, and second hands. Time synchronization occurs automatically upon successful pairing with your smartphone.

4.2 Activity Tracking

The watch continuously tracks your daily activity, including steps taken. View your activity data, trends, and set goals within the Mondaine Smart Watch application on your smartphone.

4.3 Sleep Monitoring

Wear your watch during sleep to monitor your sleep patterns. Detailed sleep analysis, including duration and quality, is available in the companion app.

4.4 Smartphone Notifications

When connected to your smartphone, the watch can alert you to incoming text messages, emails, and phone calls. The specific notification method (e.g., vibration, subtle hand movement) can typically be configured within the Mondaine Smart Watch app.

5. MAINTENANCE

5.1 Cleaning Your Watch

- Wipe the watch case and sapphire crystal with a soft, lint-free cloth.
- For the leather strap, avoid prolonged exposure to water and direct sunlight. Clean with a damp cloth and mild soap if necessary, then dry thoroughly.
- Do not use harsh chemicals or abrasive materials for cleaning.

5.2 Water Resistance

The Mondaine Helvetica Regular Smart Watch has a water resistance rating of 30 meters (3 ATM / 100 feet). This means it is suitable for everyday use and can withstand splashes or brief immersion in water. However, it is **not** suitable for swimming, showering, diving, or any water sports. Avoid operating the crown or buttons when the watch is wet.

5.3 Battery Replacement

The watch uses a specific product battery. When the battery life diminishes, it is recommended to have the battery replaced by an authorized Mondaine service center to ensure proper sealing and functionality.

6. TROUBLESHOOTING

- **Watch not connecting to smartphone:**

- Ensure Bluetooth is enabled on your phone.
- Check that the Mondaine Smart Watch app is open and running in the background.
- Restart both your watch and smartphone.
- Try unpairing and re-pairing the watch through the app's settings.

- **Activity/Sleep data not syncing:**

- Verify that the watch is successfully paired with your smartphone.
- Ensure the app has the necessary permissions to access health data on your phone.
- Check for app updates and install them if available.

- **Notifications not appearing:**

- Confirm that notification permissions are granted to the Mondaine Smart Watch app in your phone's settings.
- Check the app's settings to ensure notifications are enabled for the desired applications (e.g., messages, email).
- Ensure the watch is within Bluetooth range of your phone.

- **Watch hands are not showing correct time:**

- The watch automatically synchronizes time with your smartphone. Ensure successful pairing.
- If issues persist, perform a manual time calibration through the app, if available.

For further assistance, please refer to the support section of the Mondaine Smart Watch application or contact Mondaine customer support.

7. SPECIFICATIONS

Specification	Detail
Strap/Bracelet Material	Genuine leather
Width at Lug	20.00 mm
