› SupplySource AC/DC Adapter for Proform PFEL649152 Elliptical - User Manual

SupplySource PFEL649152

SupplySource AC/DC Adapter for Proform PFEL649152 Elliptical

User Manual

INTRODUCTION

This manual provides essential information for the safe and effective use of your SupplySource AC/DC Adapter, specifically designed for the Proform 620 E PFEL649152 Elliptical. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

Your SupplySource AC/DC Adapter is manufactured with high-quality materials and incorporates multiple safety features to protect against incorrect voltage (IV), short circuits (SC), and internal overheating (IO). The charger is certified with CE and FCC standards.

- Before ordering, ensure the DC output and tip size of the AC adapter are compatible with your device.
- When using the adapter for extended periods, ensure adequate ventilation and humidity control. Avoid placing the adapter on skin products or flammable surfaces.
- Do not attempt to disassemble or modify the adapter.
- Keep the adapter away from water and excessive heat.

The adapter includes built-in safety electronics for protection against various electrical issues and comes with a 24-month warranty.

SETUP

1. **Unpack and Inspect:** Carefully remove the AC/DC adapter from its packaging. Inspect the adapter and cable for any visible damage. Do not use if damaged.
2. **Verify Compatibility:** Confirm that the adapter's DC output and connector tip size match the requirements of your Proform 620 E PFEL649152 Elliptical.
3. **Connect to Device:** Insert the barrel connector end of the adapter cable firmly into the power input port of your Proform elliptical.
4. **Connect to Power Outlet:** Plug the 2-pin main power connector of the adapter into a standard wall power outlet (100-240V AC, 50-60Hz). Ensure the outlet is easily accessible.

- Prevent Leakage and Breakdown
- Ensure Efficient Stable Current
- Strong Power Output

1.2 length

The SupplySource AC/DC adapter and its power cord, ready for connection.

OPERATING INSTRUCTIONS

Once the adapter is correctly connected to your Proform elliptical and a power outlet, the elliptical should receive power. No further operational steps are required for the adapter itself. The adapter provides a stable power supply within the specified input voltage and frequency ranges.

- **Input Voltage Range:** 100-240V AC
- **Input Frequency:** 50-60Hz
- **Cable Length:** Approximately 4 feet (1.2 meters)

The power cable is designed for efficient and stable current delivery, preventing leakage and breakdown, and providing strong power output.

MAINTENANCE

The SupplySource AC/DC Adapter requires minimal maintenance to ensure longevity and optimal performance.

- **Cleaning:** Disconnect the adapter from the power outlet and the elliptical before cleaning. Use a soft, dry cloth to wipe the adapter's surface. Do not use liquid cleaners or abrasive materials.
- **Ventilation:** Ensure the adapter is placed in a well-ventilated area, especially during prolonged use, to prevent overheating.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.

TROUBLESHOOTING

If you encounter issues with your AC/DC adapter, please refer to the following common troubleshooting steps:

- **No Power to Elliptical:**

- Ensure the adapter is securely plugged into both the elliptical and the wall outlet.
- Check if the wall outlet is functional by plugging in another device.
- Verify that the adapter's specifications (voltage, amperage, tip size) are correct for your Proform PFEL649152 Elliptical.

- **Adapter Overheating:**

- Disconnect the adapter and allow it to cool down.
- Ensure the adapter is in a well-ventilated area and not covered by any objects.
- If overheating persists, discontinue use and contact support.

- **Physical Damage:**

- If the adapter or cable shows signs of physical damage (fraying, cuts, bent pins), discontinue use immediately to prevent electrical hazards.

If these steps do not resolve the issue, please contact SupplySource customer support for further assistance.

SPECIFICATIONS

Brand	SupplySource
Model	PFEL649152 (for Proform 620 E Elliptical)
Input Voltage Range	100-240V AC
Input Frequency	50-60Hz
Cable Length	Approximately 4 feet (1.2 meters)
Connector Type	Barrel Connector
Main Power Connector Type	2 Pin
Material	Metal, Plastic
Certifications	CE, FCC

WARRANTY AND SUPPORT

Your SupplySource AC/DC Adapter is backed by a **24-month warranty** from the date of purchase, covering manufacturing defects.

For any questions, concerns, or warranty claims, please do not hesitate to contact SupplySource customer support. We are committed to assisting you.
