Cecotec Power Black Titanium 2600MAX Pro Blender Instruction Manual

Model: Power Black Titanium 2600MAX Pro (04118)

[Overview](#) [Setup](#) [Operation](#) [Maintenance](#) [Safety Instructions](#) [Product](#) [Troubleshooting](#) [Specifications](#)

1. IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before using the appliance and retain them for future reference. Incorrect operation may cause damage to the appliance or injury to the user.

- Always ensure the appliance is unplugged from the power outlet before assembling, disassembling, or cleaning.
- Do not immerse the motor base in water or any other liquid. Clean with a damp cloth only.
- Keep hands and utensils out of the blender jar while blending to reduce the risk of severe personal injury and/or damage to the blender. A scraper may be used but only when the blender is not running.
- Blades are sharp. Handle with care when assembling, disassembling, or cleaning.
- Do not operate the blender with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner. Contact customer service for assistance.
- Ensure the lid is securely locked in place before operating the appliance.
- Do not blend hot liquids in large quantities as this may cause pressure buildup and result in scalding. Fill the jar only halfway when blending hot liquids and use caution.
- This appliance is for household use only. Do not use outdoors.
- Supervise children to ensure they do not play with the appliance.

2. PRODUCT OVERVIEW

The Cecotec Power Black Titanium 2600MAX Pro is a high-performance blender designed for optimal blending results with its powerful motor and durable titanium-coated blades. It features a robust Tritan jar and multiple pre-set programs for various preparations.

2.1 Components

- Blender Base with Motor
- 2-Liter Tritan Jar
- 8-Blade Assembly with Black Titanium Coating
- Lid with Hermetic Seal and Dosing Cap
- Mixer Stick
- Blade Disassembly Tool
- Instruction Manual

2.2 Key Features

- **Powerful Motor:** 2600W maximum power and 32500 rpm for optimal blending.
- **8 Titanium-Coated Blades:** Ensures sharpness and durability for longer-lasting performance.
- **UltraMove Technology:** Square and inclined jar base creates a constant food movement, preventing accumulation and promoting uniform, fine, and homogeneous mixtures.
- **Metaluxe Gear:** Increases durability and utilizes 100% of the effective power.
- **3 Pre-set Programs:** Smoothie, Ice Crush, and Purée for specific preparations.
- **2-Liter Tritan Jar:** BPA-free, lightweight, and highly resistant to impacts and temperature changes.
- **Manual Speed Control:** Adjustable speed for precise blending.
- **Pulse Function:** For maximum speed blending and ice crushing.
- **Security Check System:** Ensures operation only when the jar and lid are correctly placed.

4. OPERATING INSTRUCTIONS

Before operating, ensure the blender is properly assembled and plugged into a suitable power outlet.

4.1 General Blending

1. Add ingredients to the Tritan jar. Do not exceed the maximum fill line indicated on the jar.
2. Secure the lid and dosing cap.
3. Turn the speed control dial to the desired speed. Start with a lower speed and gradually increase as needed.
4. For short bursts of maximum power, use the **Pulse** function by pressing and holding the 'P' button. Release to stop.
5. Once blending is complete, turn the speed dial to 'OFF' and unplug the appliance.

4.2 Using Pre-set Programs

The blender features three dedicated programs for common preparations:

- **Smoothie Program:** Automatically cycles through different speeds to achieve a perfect, smooth

consistency. Press the Smoothie button to activate.

- **Ice Crush Program:** Specifically designed for crushing ice to the desired texture. Press the Ice Crush button to activate.
- **Purée Program:** Ideal for preparing creamy sauces, purées, and soups with fine textures. Press the Purée button to activate.

To use a program, simply add your ingredients, secure the lid, and press the corresponding program button. The blender will run through its pre-set cycle and stop automatically.

4.3 Official Product Video

Your browser does not support the video tag.

Video 1: This video demonstrates the key features and functions of the Cecotec Power Black Titanium 2600MAX Pro blender, including its powerful blending capabilities, specific programs for smoothies, ice crushing, and purées, and the UltraMove technology.

5. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will ensure the longevity and optimal performance of your blender.

5.1 Cleaning the Jar and Blades

1. After each use, unplug the blender from the power outlet.
2. Remove the jar from the motor base.
3. The blades are easily detachable for thorough cleaning. Use the provided accessory to carefully unscrew and remove the blade assembly from the bottom of the jar.
4. Wash the jar, lid, and blade assembly with warm, soapy water. Use a brush to clean around the blades carefully.
5. Rinse all parts thoroughly and allow them to air dry completely before reassembling or storing.

5.2 Cleaning the Motor Base

- Wipe the motor base with a damp cloth. Do not immerse it in water or any other liquid.
- Do not use abrasive cleaners or scouring pads, as these can damage the surface.
- Ensure the motor base is completely dry before plugging it back in or storing.

6. TROUBLESHOOTING

If you encounter any issues with your blender, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Blender does not turn on.	Not plugged in; Jar or lid not correctly assembled; Power outage.	Check power connection; Ensure jar and lid are securely in place (Security Check System); Check household circuit breaker.
Ingredients are not blending smoothly.	Too little liquid; Too many ingredients; Ingredients are too large or hard.	Add more liquid; Reduce ingredient quantity; Cut ingredients into smaller pieces; Use the Pulse function or a higher speed.
Motor smells burnt during operation.	Overloading; First use (normal for new motors).	Reduce load; Allow motor to cool down; If persistent, contact customer service.
Loud noise during blending.	Hard ingredients (e.g., ice); Jar not seated correctly.	This is normal for powerful blenders with hard ingredients; Re-seat the jar on the base.

If the problem persists after trying these solutions, please contact Cecotec customer support.

7. TECHNICAL SPECIFICATIONS

Feature	Detail
Brand	Cecotec
Model Number	04118
Color	Black

Feature	Detail
Dimensions (L x W x H)	41.5 x 27.5 x 32 cm
Weight	4.6 kg
Capacity	2.1 Liters (Jar volume: 2 Liters)
Voltage	230V
Number of Speeds	3 (Pre-set programs) + Variable Manual Speed
Special Features	Removable Blade, Multiple Speeds, Pulse Function, Security Check System
Material	Plastic (Base), Tritan (Jar)
Power Source	Electric

8. WARRANTY AND SUPPORT

This product comes with a standard manufacturer's warranty. For detailed warranty information, terms, and conditions, please refer to the warranty card included in your product packaging or visit the official Cecotec website.

For technical support, spare parts, or any inquiries regarding your Cecotec Power Black Titanium 2600MAX Pro blender, please contact Cecotec customer service through their official channels. Keep your purchase receipt as proof of purchase for warranty claims.
