

Hemudu HT07B-002

Hemudu Universal Swivel TV Stand HT07B-002 Instruction Manual

Model: HT07B-002 | Brand: Hemudu

1. PRODUCT OVERVIEW

The Hemudu Universal Swivel TV Stand HT07B-002 is designed to provide a stable, adjustable, and versatile mounting solution for your television. Constructed with heavy-duty steel and a tempered glass base, it offers enhanced safety and a clean aesthetic for various room setups.

- **Heavy Duty & Reliable:** Features a solid steel elliptical tube, steel bracket panel, and heavy-duty tempered glass base, supporting TVs up to 88lbs.
- **Highly Compatible:** Suitable for 13 to 39 inch TVs, compatible with major brands like Samsung, Vizio, Sony, LG, Panasonic, Sharp, Toshiba, Philips, Pioneer.
- **Height Adjustable:** Offers 4 levels of height adjustment for optimal viewing.
- **Swivel Function:** Provides a 100-degree swivel range (-50 to +50 degrees) for flexible viewing angles.
- **Cable Management:** Integrated wire management system to conceal cables for a tidy appearance.

2. SAFETY INFORMATION

Please read and understand all instructions before installation and use. Keep this manual for future reference. Improper installation or use may result in property damage or personal injury.

- Ensure the TV weight and size are within the stand's specified limits (max 88lbs, 13-39 inches).
- Verify that the VESA mounting pattern of your TV is compatible with the stand.
- Do not overtighten screws during assembly to avoid damaging components.
- Place the stand on a stable, level surface to prevent tipping.
- Keep children and pets away from the TV stand during assembly and ensure all parts are securely fastened.
- Use all provided safety screws and rubber pads for maximum stability.

3. PACKAGE CONTENTS

Before starting assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Steel Support Pillar
- Tempered Glass Base
- TV Mounting Bracket (with various VESA holes)
- Mounting Arms (2 pieces)
- Various Screw Sets (S1, S2, S3, S4, etc.) for different TV models
- Spacers and Washers
- Cable Management Clips/Ties
- Allen Wrench and Open-end Wrench
- Instruction Manual

4. SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Hemudu Universal Swivel TV Stand.

Step 1: Attach Mounting Arms to TV

Carefully place your TV face down on a soft, clean surface. Attach the two mounting arms to the back of your TV using the appropriate screws and spacers from the provided hardware kit. Ensure the arms are securely fastened and aligned with your TV's VESA mounting holes.

Multiple VESA & Various Size Support

Back of TV VESA: 50 x 50mm/75x75mm/100x100mm
100x200mm/200x100mm/150x150mm/200x200mm

Suitable for 13"-39" TV sets

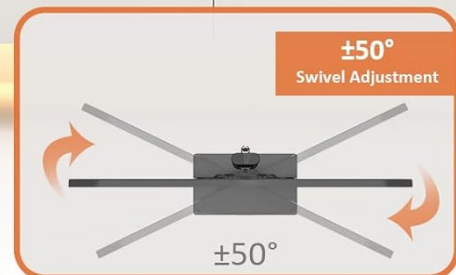

Figure 1: Back of TV with mounting arms attached, illustrating various VESA compatibility.

Step 2: Assemble the Stand Base and Pillar

Connect the steel support pillar to the tempered glass base using the designated screws. Ensure the connection is firm but do not fully tighten until all components are aligned. Attach the main TV mounting bracket to the top of the steel pillar.

Multiple Features

Made of High-quality Materials, with Cable Management System & Anti-slip Feet

5. OPERATING INSTRUCTIONS

Height Adjustment

The TV stand offers 4 levels of height adjustment. To adjust the height, you must first unhook the TV from the main bracket. Re-attach the mounting arms to a different set of holes on the steel pillar to achieve your desired viewing height. Secure

with safety screws.

6. MAINTENANCE

To ensure the longevity and proper functioning of your TV stand, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the steel components and tempered glass base. For stubborn marks on the glass, a mild glass cleaner can be used. Avoid abrasive cleaners or materials that could scratch the surfaces.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure. Retighten if necessary.
- **Weight Limits:** Do not exceed the maximum weight capacity of 88lbs.
- **Cable Management:** Regularly check the cable management system to ensure cables are not pinched or damaged.

7. TROUBLESHOOTING

If you encounter any issues with your TV stand, refer to the following common troubleshooting tips:

- **TV is Wobbly:**

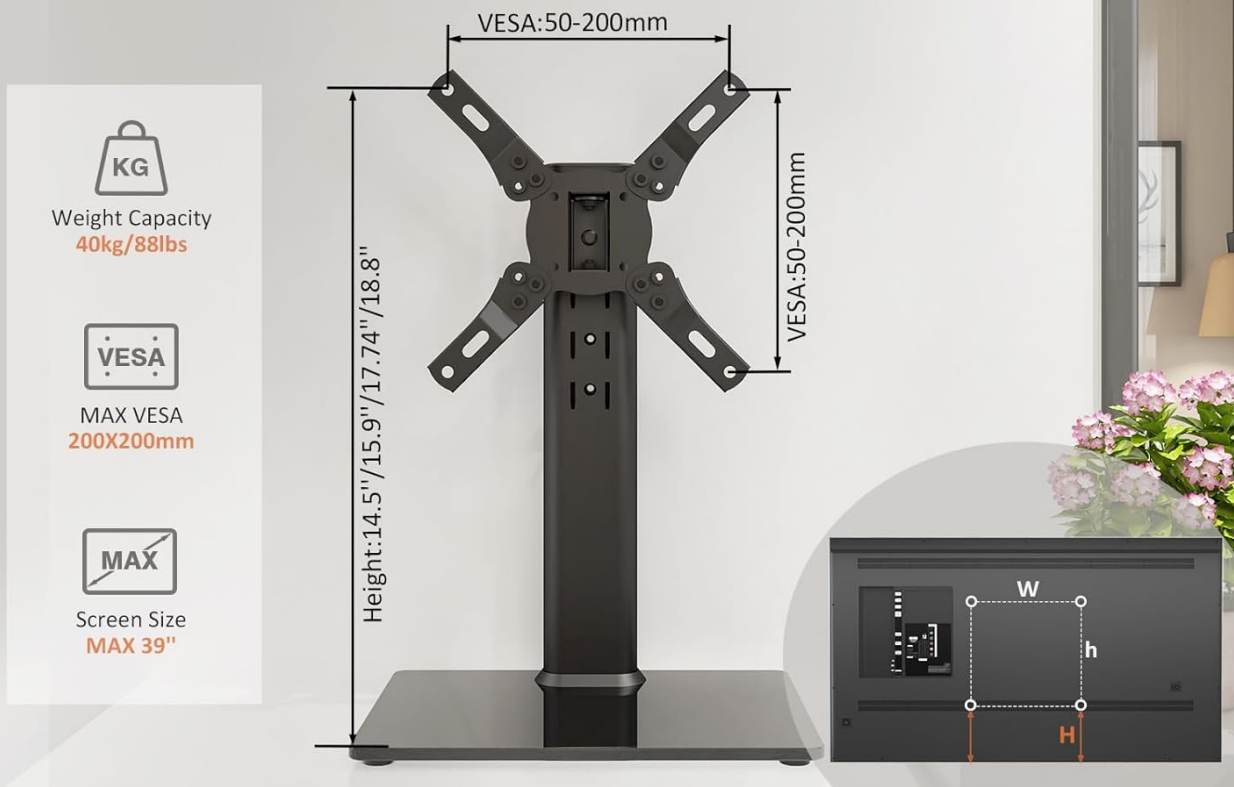

- Ensure all screws are tightened securely.
 - Verify the stand is placed on a flat, stable surface.
 - Check that the TV's weight does not exceed the stand's capacity.
 - Confirm the rubber pads are correctly installed on the base.
- **TV Not Level:**
 - Recheck the mounting arms on the back of the TV to ensure they are aligned evenly.
 - Adjust the height settings on the steel pillar to correct any tilt.
- **Difficulty Swiveling:**
 - Ensure no cables are obstructing the swivel mechanism.
 - Check for any debris or foreign objects around the swivel joint.
- **Cables Not Concealed:**
 - Utilize the provided cable management clips to route and secure cables along the support pillar.
