**Miracase Classic Vent Phone Holder-CA19**

# Miracase Classic Vent Phone Holder User Manual

Model: Classic Vent Phone Holder-CA19

Brand: Miracase

## 1. INTRODUCTION

The Miracase Phone Holder is designed to provide a secure and convenient mounting solution for your smartphone in your vehicle. Featuring a robust metal hook clip and a 360-degree rotatable design, it ensures your device remains stable and accessible for navigation, calls, and music, enhancing driving safety. Its simplified locking mechanism allows for easy one-hand operation, making it an ideal accessory for various car models and smartphone types.

## 2. PACKAGE CONTENTS

Please verify that all items are present in the package:

- Phone Holder x 1
- Metal Vent Clip x 1
- User Manual x 1

## 3. SETUP AND INSTALLATION

Follow these steps to properly install your Miracase Phone Holder:

1. **Attach the Metal Vent Clip:** Connect the metal vent clip to the back of the phone holder. Ensure the ball joint is securely inserted into the socket and tighten the screw collar to fix it in place. This connection allows for 360-degree rotation.

**NEVER FALL OFF**

3. **Adjust Viewing Angle:** Loosen the screw collar slightly to adjust the phone holder to your desired viewing

angle (portrait or landscape). Tighten the collar once the desired angle is achieved.

## 4. OPERATING INSTRUCTIONS

Using your Miracase Phone Holder is simple and intuitive:

1. **Insert Your Phone:** With one hand, gently push the bottom foot of the holder downwards. This will cause the side arms to open automatically. Place your phone into the holder, ensuring it rests on the bottom foot. The side arms will automatically clamp shut, securing your phone firmly.

## 5. COMPATIBILITY

The Miracase Phone Holder is designed for universal compatibility with a wide range of smartphones and car air vents:

- **Phone Compatibility:** Compatible with all phones ranging from 4.0 to 7.2 inches, including popular models like iPhone 15/14/13/12/11 series, Samsung Galaxy S22/S21/Note series, Google Pixel, and more. It also accommodates thicker phone cases.
- **Air Vent Compatibility:** The metal hook design is suitable for most horizontal and vertical air vents found in 99% of car models. Please refer to Figure 9 for examples of compatible and incompatible vent types.

## 6. Maintenance

To ensure the longevity and optimal performance of your Miracase Phone Holder, follow these simple maintenance tips:

- Regularly wipe the holder with a soft, damp cloth to remove dust and grime.
- Avoid using harsh chemicals or abrasive cleaners, as they may damage the surface.
- Ensure the vent clip is securely tightened periodically to maintain stability.
- Do not expose the holder to extreme temperatures for prolonged periods.

## 7. Troubleshooting

If you encounter any issues with your Miracase Phone Holder, please refer to the following common solutions:

- **Holder is loose on the vent:** Ensure the metal hook is properly engaged with a vent blade and the tightening knob is fully secured.
- **Phone is not held firmly:** Check that the side arms are fully clamped around your phone. If your phone is too small, it may not be compatible.
- **Difficulty inserting/removing phone:** Ensure the quick-release button is functioning correctly and not obstructed.
- **Holder is blocking air flow:** While the holder is designed to minimize obstruction, some air flow may be affected. Adjust the vent direction or holder angle if necessary.
