

Einhell GC-PM 56/2 S HW

Einhell GC-PM 56/2 S HW Gasoline Lawn Mower Instruction Manual

Model: GC-PM 56/2 S HW | Brand: Einhell

1. INTRODUCTION

This instruction manual provides essential information for the safe and efficient operation, assembly, maintenance, and troubleshooting of your Einhell GC-PM 56/2 S HW gasoline lawn mower. Please read this manual thoroughly before using the product for the first time and keep it for future reference. Proper use and maintenance will ensure the longevity and optimal performance of your lawn mower.

Figure 1: Einhell GC-PM 56/2 S HW Gasoline Lawn Mower. This image shows the complete lawn mower with its red and black housing, engine, handle, and grass collection bag.

2. SAFETY INSTRUCTIONS

Always observe the following safety precautions to prevent accidents and ensure safe operation:

- **Read the Manual:** Familiarize yourself with all controls and proper use of the machine before starting.
- **Personal Protective Equipment:** Always wear sturdy footwear, long trousers, and eye protection. Avoid loose clothing that could get caught in moving parts.
- **Clear the Area:** Before mowing, clear the area of stones, sticks, wires, and other debris that could be thrown by the blades.
- **Keep Bystanders Away:** Ensure children, pets, and other people are kept at a safe distance (at least 15 meters) from the mowing area.
- **Fuel Handling:** Refuel outdoors only, with the engine off and cool. Do not smoke while refueling. Store fuel in approved containers.
- **Slope Operation:** Mow across the face of slopes, never up and down. Exercise extreme caution when changing direction on slopes. Avoid excessively steep slopes.
- **Engine Off:** Always turn off the engine and disconnect the spark plug cap before cleaning, adjusting, or performing maintenance.
- **Blade Safety:** Blades are sharp. Wear heavy-duty gloves when handling or inspecting them.
- **Never Lift or Tilt:** Do not lift or tilt the machine while the engine is running.
- **Check for Damage:** Regularly inspect the machine for damaged or worn parts. Replace them immediately.

3. PRODUCT OVERVIEW

The Einhell GC-PM 56/2 S HW is a powerful gasoline lawn mower designed for efficient lawn care. Key features include:

- **Powerful OHV Engine:** Provides reliable performance for demanding tasks.
- **Switchable Rear-Wheel Drive:** Facilitates effortless mowing on various terrains.
- **Einhell Quick Start System:** Ensures easy engine starting.
- **Vortex Technology Deck:** Optimizes airflow for precise cutting and mulching.
- **5-in-1 Functionality:** Mowing, mulching, side discharge, rear discharge, and grass collection.
- **6-Level Central Cutting Height Adjustment:** Easy adjustment for desired grass length.
- **Large Ball-Bearing Wheels:** Ensures smooth operation on any terrain.
- **80-Liter Grass Collection Bag:** With level indicator and two handles for easy emptying.
- **Einhell Handle System:** 3-level height adjustment, cleaning position, and storage position.

Figure 2: Side view of the lawn mower, highlighting the powerful OHV engine and robust chassis.

Figure 3: Detail showing the GT General Transmissions branding, indicating a quality drive system.

4. SETUP AND ASSEMBLY

4.1 Unpacking

Carefully remove all components from the packaging. Ensure all parts are present and undamaged. Keep packaging materials until assembly is complete.

4.2 Handle Assembly

Attach the upper and lower handle bars using the provided fasteners. Adjust the handle height to a comfortable working position using the 3-level adjustment system.

Figure 4: Illustration of the adjustable handle system, allowing for ergonomic customization and compact storage.

4.3 Adding Oil and Fuel

Before first use, fill the engine with the recommended engine oil (refer to engine manual for type and quantity). Fill the fuel tank with fresh, unleaded gasoline. Do not overfill. Always ensure the engine is off and cool before adding fuel or oil.

4.4 Grass Catcher Assembly

Assemble the grass collection bag according to the instructions. Attach it securely to the rear discharge opening of the lawn mower.

Figure 5: The large 80-liter grass collection bag attached to the lawn mower, ready for use.

4.5 Adjusting Cutting Height

The lawn mower features a 6-level central cutting height adjustment. Use the lever to select the desired cutting height. Ensure all wheels are at the same height setting for an even cut.

Figure 6: Visual representation of the 6-level central cutting height adjustment mechanism.

5. OPERATING INSTRUCTIONS

5.1 Starting the Engine

Ensure the spark plug cap is securely attached. Prime the engine if necessary (refer to engine manual). Pull the starter cord firmly and smoothly until the engine starts. The Einhell Quick Start system facilitates easy ignition.

5.2 Mowing Techniques (5-in-1 Function)

Your lawn mower offers versatile mowing options:

- **Mowing with Collection:** Attach the grass catcher. This collects clippings for disposal.
- **Mulching:** Remove the grass catcher and insert the mulching plug (if included). This finely chops grass clippings and returns them to the lawn as natural fertilizer.
- **Side Discharge:** Attach the side discharge chute. This expels clippings to the side, useful for very tall grass or areas where collection is not needed.
- **Rear Discharge:** Without the grass catcher or mulching plug, clippings are discharged directly behind

the mower.

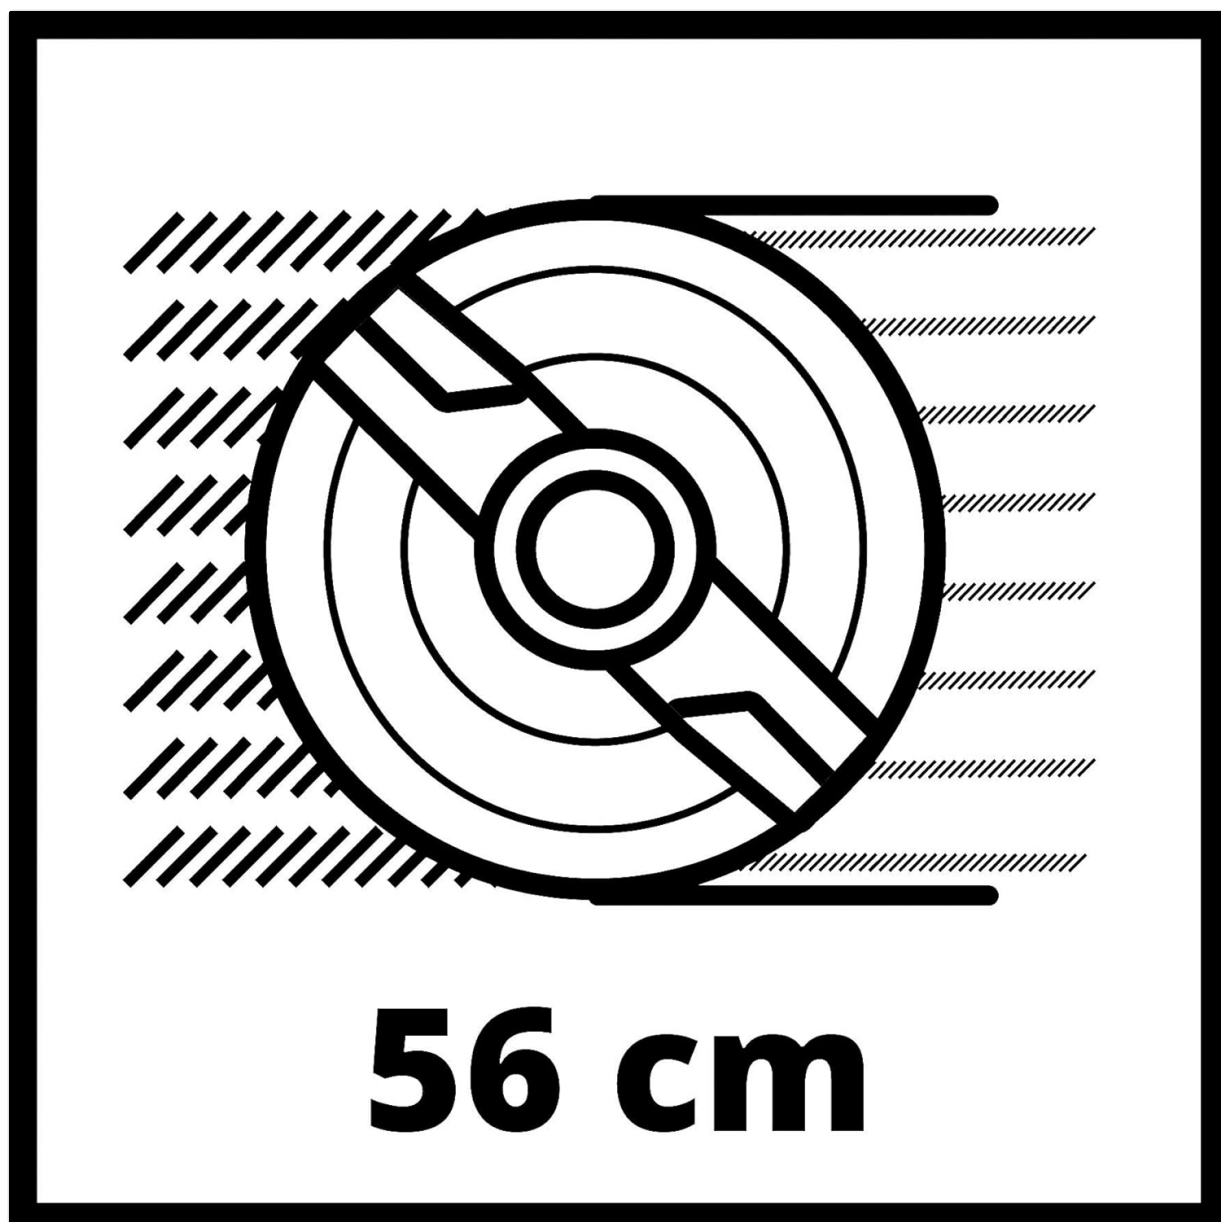

Figure 7: Diagram showing the five different operational modes of the lawn mower.

5.3 Using the Rear-Wheel Drive

Engage the rear-wheel drive lever on the handle to activate the self-propulsion. This reduces effort, especially on uneven terrain or slopes. Disengage the drive when turning or maneuvering in tight spaces.

Figure 8: Detail of the rear wheel and drive system, which provides propulsion for easier mowing.

5.4 Stopping the Engine

Release the engine brake lever on the handle to stop the engine. For emergency stops, simply release this lever. Always allow the engine to cool down before storage or maintenance.

6. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your lawn mower.

6.1 Cleaning

After each use, clean the cutting deck and exterior of the mower. The Einhell handle system includes a cleaning position where the mower can be tilted vertically for easy access to the underside.

Figure 9: A user demonstrating the cleaning position, allowing for easy access to the cutting deck for debris removal.

Figure 10: View of the mower's underside, showcasing the blade and the Vortex Technology deck designed for optimal

6.2 Blade Inspection and Sharpening

Regularly inspect the cutting blade for sharpness and damage. A dull or unbalanced blade can lead to an uneven cut and increased engine strain. For sharpening or replacement, it is recommended to consult a qualified service technician.

6.3 Engine Maintenance

Refer to the separate engine manual for detailed maintenance schedules, including:

- Oil changes.
- Air filter cleaning/replacement.
- Spark plug inspection/replacement.

6.4 Storage

When not in use, clean the mower thoroughly. The handle can be folded down to reduce storage space. Store the mower in a dry, well-ventilated area, away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your lawn mower.

Problem	Possible Cause	Solution
Engine does not start	No fuel; old fuel; spark plug faulty; engine brake not engaged; low oil level.	Check fuel level; use fresh fuel; clean/replace spark plug; ensure engine brake is held; check/add oil.
Engine runs unevenly	Dirty air filter; spark plug faulty; carburetor issues.	Clean/replace air filter; clean/replace spark plug; consult service for carburetor.
Uneven cutting result	Dull blade; incorrect cutting height setting; debris under deck.	Sharpen/replace blade; adjust cutting height evenly; clean cutting deck.
Excessive vibration	Bent or unbalanced blade; loose components.	Inspect blade for damage, replace if necessary; tighten all fasteners.
Rear-wheel drive not engaging	Drive cable loose or damaged; transmission issue.	Check drive cable tension; consult service for transmission repair.

If you encounter problems not listed here or if the suggested solutions do not resolve the issue, please contact Einhell customer service or an authorized service center.

8. SPECIFICATIONS

Feature	Specification
Model Number	3404860

Feature	Specification
Engine Type	OHV Gasoline Engine
Power Source	Gasoline Powered
Cutting Width	56 cm
Cutting Height Adjustment	6-level, Central
Min. Cutting Height	11.67 cm
Max. Cutting Height	6 cm
Grass Bag Capacity	80 Liters
Recommended Area	Up to 2200 m²
Product Dimensions (L x W x H)	165 x 58 x 102.5 cm
Item Weight	38.3 Kilograms
Material	Metal

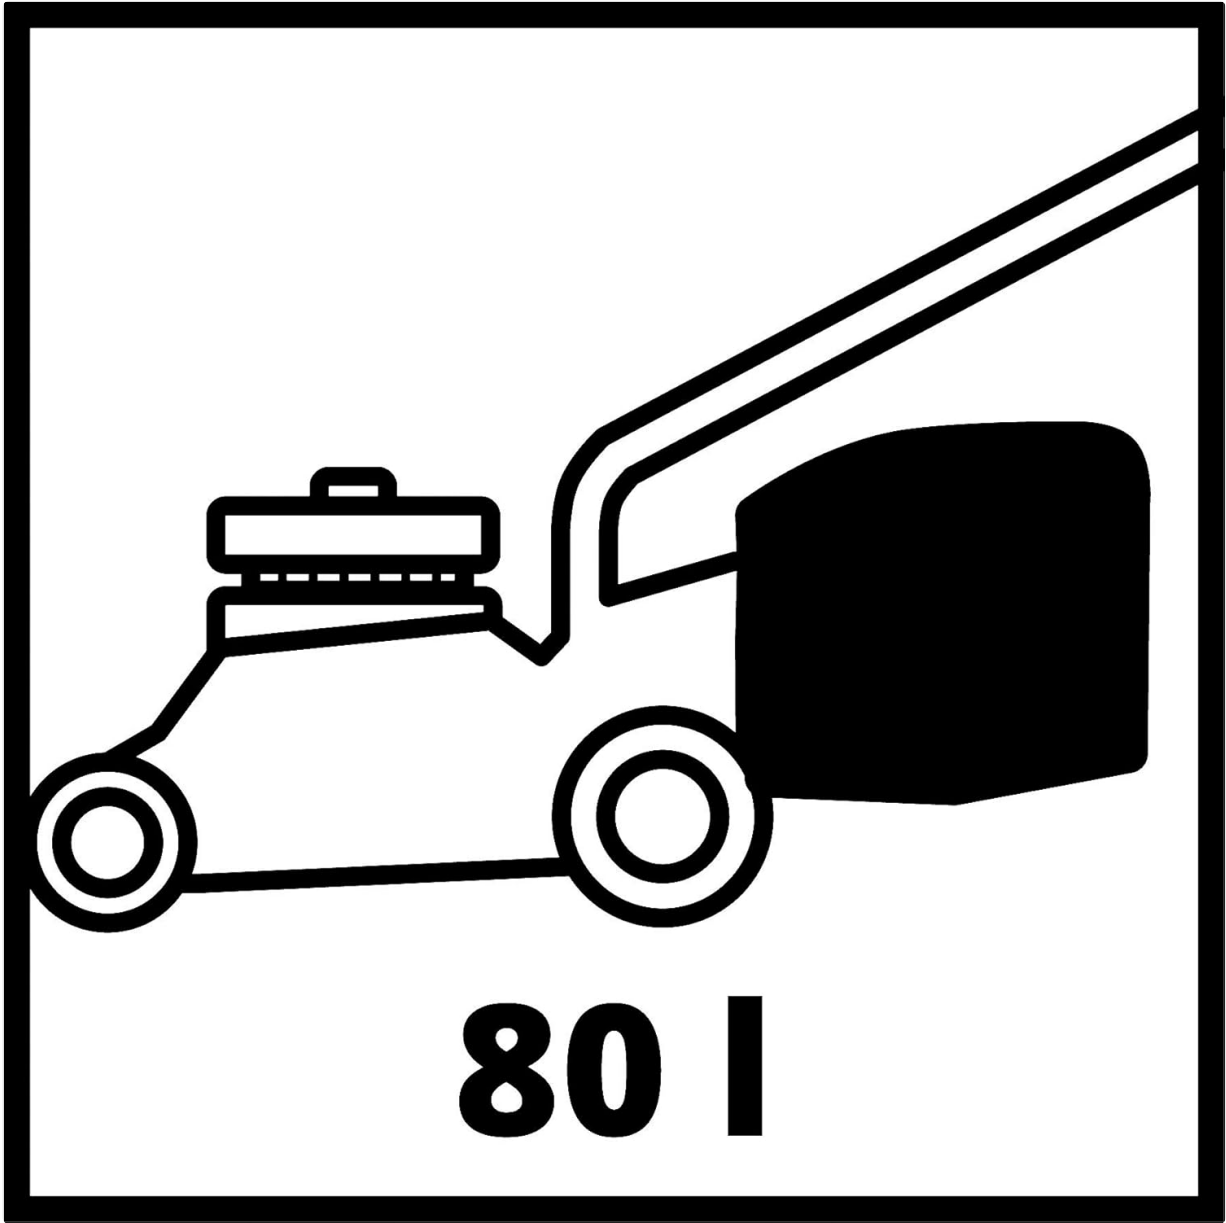

Figure 11: The recommended maximum mowing area for this model is 2200 m².

Figure 12: The cutting width of the lawn mower is 56 cm.

Figure 13: The grass collection bag has a capacity of 80 liters.

9. WARRANTY AND SUPPORT

Your Einhell GC-PM 56/2 S HW lawn mower comes with a manufacturer's warranty. Please refer to the warranty card included with your purchase for specific terms and conditions, including warranty period and coverage.

For technical support, spare parts, or service inquiries, please contact Einhell customer service or visit the official Einhell website. When contacting support, please have your model number (GC-PM 56/2 S HW) and serial number (if applicable) ready.

Tondeuse thermique

GC-PM 562 S

Référence produit: 5408001

Nombres d'identification: 11401

Code EAN: 4000800000000

Permet de tondre rapidement et efficacement les surfaces de jardin. Conçue pour une utilisation professionnelle, elle offre une puissance et une autonomie élevées. Associée à une technique d'entretien des lames et des composants hautement performants, cet outil répond parfaitement aux exigences des professionnels de l'entretien des espaces verts. Elle dispose d'un système de coupe innovant qui permet de tondre les surfaces de manière homogène et précise. Le moteur à essence GC-PM 562 S est équipé d'une technologie innovante. Le moteur est équipé d'un système de refroidissement par eau, ce qui permet de réduire les risques de surchauffe et d'augmenter la durée de vie du moteur. Le système de coupe innovant permet de tondre les surfaces de manière homogène et précise. Le système de coupe innovant permet de tondre les surfaces de manière homogène et précise.

Caractéristiques et bénéfices

- Livré avec moteur à essence 562 S, 4 temps, 1 cylindre, 1,6 litre
- Le système pour coupeur innovant et le système de refroidissement par eau

Petrol Lawn Mower

QC-PM 362 S HW

Item No. **340400**

Accessories No. 11101

Bar Code 40024211101

The QC-PM 362 S HW petrol mower is robust, reliable and easy to operate. Thanks to a generator of 362 cm cutting width, the QC-PM 362 S HW petrol mower is suitable for cutting lawns and small gardens. The mower is equipped with a 4-stroke engine with 1.9 kW (2.6 HP) and a 362 cm cutting width. The mower is equipped with a 4-stroke engine with 1.9 kW (2.6 HP) and a 362 cm cutting width. The mower is equipped with a 4-stroke engine with 1.9 kW (2.6 HP) and a 362 cm cutting width.

Features & Benefits

- 4-stroke 1900 cm³ engine with 1 cylinder
- Discharge or mulch mode with 21 brand extensions
- Steel roller, folding deck
- Control cutting height between 40 mm and 75 mm
- Control mowing speed by steering and turning pedals
- High adjustable blade height (cutting up to 40 mm)
- Oil pressure pump, fuel tank capacity 25 l
- Storing handles and roller adjustable
- Adjustable roller
- High rotation and fast turning blades
- Oil steering bar for turning the handle
- Performance with low noise and low vibration
- Recommended for lawn areas up to 2000 m²

Technical Data

Engine	1900 cm ³ , 4-stroke, air-cooled
Engine displacement	1700 cm ³
Power	1.9 kW
Mowing speed	2000 m ² / h
Capacity of fuel tank	25 l
Control cutting height	40 mm - 75 mm (5 steps)
Control cutting height adjustment	60 mm (1 step)
Capacity of cutting wheel diameter 1000 mm	2000 m ²
Wheel diameter rear	200 mm

Logistic Data

Weight	62 kg
Crane weight including packaging	112 kg
Crane weight including packaging	112 kg
Dimensions (length x width x height)	101 x 46 x 88 cm
Container capacity (ISO 7000/4700)	100 (100/100)
