SoFlow SO6

SoFlow SO6 E-Scooter User Manual

Model: SO6

Introduction

This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your SoFlow SO6 E-Scooter. Please read this manual thoroughly before using your scooter to ensure proper handling and to prevent damage or injury.

Safety Guidelines

Always prioritize safety when operating the SoFlow SO6 E-Scooter.

- Wear appropriate safety gear, including a helmet, knee pads, and elbow pads.
- Ensure all components are securely fastened before each ride.
- Do not ride in adverse weather conditions (heavy rain, snow, ice).
- Adhere to local traffic laws and regulations.
- Avoid riding on uneven or slippery surfaces.
- Do not perform stunts or dangerous maneuvers.
- Keep both hands on the handlebars while riding.
- Do not exceed the maximum weight limit (if applicable, refer to product specifications).

Product Overview

Figure 1: Side view of the SoFlow SO6 E-Scooter, showcasing its sleek design and 10-inch air rubber tires.

Figure 2: The SoFlow SO6 E-Scooter in its folded configuration, highlighting the intuitive folding mechanism for easy storage and transport.

Figure 3: Front view of the SoFlow SO6 E-Scooter, showing the handlebars and front wheel assembly.

Setup

Unboxing and Initial Inspection

1. Carefully remove all components from the packaging.

2. Check for any visible damage or missing parts. Contact customer support immediately if any issues are found.
3. Ensure all packing materials are removed from the scooter.

Assembly

1. **Unfold the Scooter:** Gently lift the handlebar stem until it locks into the upright position. Ensure the folding mechanism is securely latched.
2. **Attach Handlebars (if separate):** Align the handlebars with the stem and secure them using the provided screws. Tighten firmly.
3. **Check Tire Pressure:** Verify that the 10-inch air rubber tires are inflated to the recommended pressure (refer to tire sidewall for specifications).
4. **Initial Charge:** Connect the charger to the scooter's charging port and to a power outlet. Charge the battery fully before first use. The charging indicator will change when complete.

Operating Instructions

Powering On/Off

- **To Power On:** Press and hold the power button located on the handlebars until the display illuminates.
- **To Power Off:** Press and hold the power button until the display turns off.

Riding the Scooter

1. Place one foot firmly on the deck and push off with the other foot to gain initial momentum.
2. Once moving, place your second foot on the deck.
3. Gently press the accelerator lever to engage the motor.
4. Use the handlebars to steer.
5. To brake, gently squeeze the brake lever. For emergency stops, apply the brake firmly. The strong front light enhances visibility during operation.

Folding and Storage

- Ensure the scooter is powered off.
- Locate the intuitive folding mechanism near the base of the handlebar stem.
- Follow the instructions for the specific folding latch to collapse the stem towards the deck.
- Once folded, the scooter can be easily carried or stored in compact spaces.

App Connectivity

The SoFlow SO6 E-Scooter supports app connectivity, which may include features like GPS navigation and a jump starter function. Refer to the specific app instructions for pairing and usage. A stable phone holder is integrated for convenience.

Maintenance

Regular Checks

- **Tires:** Regularly check tire pressure and for any signs of wear or punctures. The 10-inch air rubber tires provide stability and grip.

- **Brakes:** Ensure the brake system is responsive and effective. Adjust if necessary.
- **Fasteners:** Periodically check all screws and bolts for tightness. Tighten any loose fasteners.
- **Cleaning:** Wipe down the scooter with a damp cloth. Do not use high-pressure water or immerse the scooter in water.

Battery Care

- Charge the battery regularly, even if the scooter is not in use for extended periods, to maintain battery health.
- Avoid completely draining the battery before recharging.
- Store the scooter in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

Problem	Possible Cause	Solution
Scooter does not power on.	Low battery; loose connections; power button malfunction.	Charge the battery; check all cable connections; contact support if issue persists.
Motor not engaging.	Low battery; accelerator lever issue; motor fault.	Ensure battery is charged; check accelerator for obstruction; contact support.
Brakes feel weak.	Brake cable loose; worn brake pads.	Adjust brake cable tension; inspect and replace brake pads if worn.
Unusual noises during operation.	Loose components; debris in wheels; motor issue.	Inspect all parts for looseness; clear any debris from wheels; contact support if noise persists.

Specifications

Feature	Detail
Model Name	SO6
Brand	SoFlow
Color	black/green
Age Range	Adult
Frame Material	Aluminium
Wheel Size	10 Inches (air rubber tires)
Number of Wheels	2
Handle Height	116 Centimeter
Product Dimensions (L x W x H)	121 x 23 x 58 cm
Item Weight	23.84 kg

Feature	Detail
Batteries Included	No (integrated battery)
