Sterilite 19859806

Sterilite Ultra Latching Box 30 Quart Instruction Manual

Model: 19859806

INTRODUCTION

Thank you for choosing the Sterilite Ultra Latching Box. This manual provides essential information for the proper use, care, and maintenance of your new storage containers. Designed for durability and convenience, these clear plastic bins are ideal for organizing various items in your home or office.

PRODUCT FEATURES

The Sterilite Ultra Latching Box offers several key features to enhance your storage experience:

- **Durable Construction:** Made from robust plastic, these boxes are built to withstand regular use and protect your belongings.
- **Secure Storage:** Equipped with heavy-duty latches, the lid attaches firmly to the base, ensuring contents remain protected and secure.
- **Transparent Design:** The clear base allows for easy viewing of stored items, simplifying identification and access without needing to open each box.
- **Space Saving:** A stackable design enables efficient use of vertical space, helping to keep closets, basements, garages, and attics tidy.
- **Quality Manufacturing:** Proudly made in the USA since 1939, these products are BPA and phthalate-

free.

SETUP

Your Sterilite Ultra Latching Boxes arrive fully assembled and ready for immediate use. No complex setup is required.

1. **Unpack:** Carefully remove the storage boxes from their packaging.

2. **Inspect:** Check each box and lid for any signs of damage from shipping.
3. **Clean (Optional):** For initial use, you may wipe down the interior and exterior with a damp cloth and mild soap, then dry thoroughly.

OPERATING INSTRUCTIONS

Using your Ultra Latching Boxes is straightforward:

1. **Filling the Box:** Place items neatly inside the box. Avoid overfilling to ensure the lid can close properly.
2. **Securing the Lid:** Position the lid squarely on top of the box. Press down firmly on the lid until the latches on both sides click into place, securing the lid to the base.
3. **Unlatching the Lid:** To open, gently pull the latches outwards and upwards from the base of the box. The lid will then lift off easily.
4. **Stacking:** For efficient storage, stack multiple boxes on top of each other. The design allows for stable stacking, maximizing vertical space. Ensure lids are securely latched before stacking.

SECURE STORAGE

The innovative latch design secures the lid to the base, providing a rugged and comfortable grip surface, while keeping items safely stored inside.

SPACE SAVING

Fits conveniently on 16" wire shelving and a stackable design makes efficient use of vertical space in closets, basements, garages, and attics, ensuring areas remain tidy and items easily accessible.

MAINTENANCE

To keep your Sterilite Ultra Latching Boxes in optimal condition:

- **Cleaning:** Wipe down the boxes and lids with a damp cloth and mild soap as needed. Avoid abrasive cleaners or harsh chemicals, which can damage the plastic.
- **Drying:** Ensure all parts are completely dry before reassembling or storing items to prevent moisture buildup.
- **Storage:** When not in use, store boxes with lids unlatched or slightly ajar to allow for air circulation, especially if storing in humid environments.

TROUBLESHOOTING

While the Ultra Latching Boxes are designed for reliability, here are some common issues and their solutions:

- **Lid not Latching Securely:**
Solution: Ensure the box is not overfilled, preventing the lid from sitting flush. Check that the latches are aligned correctly with the grooves on the base. Apply even pressure when closing.
- **Difficulty Opening Latches:**
Solution: The latches are designed to be secure. Apply firm, outward pressure on the latch handles to release them. Avoid excessive force to prevent damage.
- **Box Appears Cloudy or Scratched:**
Solution: Over time, plastic may show minor wear. For cleaning, use only soft cloths and mild, non-abrasive cleaners. Avoid dragging boxes on rough surfaces to minimize scratches.

WARRANTY AND SUPPORT

Sterilite products are manufactured to high-quality standards. For specific warranty information or customer support, please refer to the official Sterilite website or contact their customer service directly. Keep your purchase receipt as proof of purchase.
