SINOPUREN Multifunction

SINOPUREN 9-Inch Thermal Laminator Machine User Manual

Model: Multifunction

Brand: SINOPUREN

PRODUCT OVERVIEW

The SINOPUREN 9-Inch Thermal Laminator Machine is a versatile 3-in-1 device designed for home, office, and school use. It features a built-in paper trimmer, hole punch, and corner rounder, offering comprehensive functionality for various laminating needs. This machine ensures fast, efficient, and jam-free lamination with a quick 3-minute warm-up time.

KEY FEATURES

- **3-in-1 Multifunctionality:** Combines a thermal laminator with a built-in paper trimmer, hole puncher, and corner rounder for comprehensive document finishing.
- **Fast & Efficient:** Features a 2-roller system with a 3-minute warm-up time and 300mm/min laminating speed.
- **Jam-Free Operation:** Equipped with an ABS jam-release button for easy removal of misfed documents.
- **User-Friendly Design:** Supports 3-5 mil laminating pouches up to 9 inches wide and includes automatic shutdown for overheating protection.
- **Integrated Tools:** Precise paper trimmer with grid lines and a 2-hole puncher for added convenience.
- **Portable & Compact:** Lightweight design suitable for small spaces and easy transport.

SETUP GUIDE

1. **Unpacking:** Carefully remove the laminator and all accessories from the packaging. Ensure all components listed in the package content are present.
2. **Placement:** Place the laminator on a flat, stable, and heat-resistant surface. Ensure there is adequate space around the machine for proper ventilation and for documents to pass through.
3. **Power Connection:** Plug the power cord into a standard electrical outlet.

4. **Power On:** Locate the power switch on the back of the machine and turn it to the "ON" position. The "Power" indicator light on the front panel will illuminate red.
5. **Warm-up:** Allow approximately 3 minutes for the machine to warm up. The "Ready" indicator light will turn green when the laminator has reached the optimal operating temperature.

Laminating Documents

1. **Prepare Document:** Place your document inside a laminating pouch. Ensure the document is centered and there is an even border around all edges.
2. **Select Pouch Thickness:** The machine supports 3-mil and 5-mil pouches. Select the appropriate setting on the machine if available (refer to the switch on the back).
3. **Insert Pouch:** With the sealed edge of the pouch first, carefully insert the pouch into the laminator's entry slot. Ensure it is fed straight and centered.
4. **Lamination Process:** The machine will automatically feed the pouch through. Do not pull or push the pouch during lamination.
5. **Cool Down:** Once the laminated document exits the machine, place it on a flat surface to cool down for a few seconds before handling.

MAINTENANCE

- **Cleaning:** Regularly wipe the exterior of the laminator with a soft, dry cloth. Do not use abrasive cleaners or solvents.

- **Roller Cleaning:** To clean the rollers, run a folded piece of paper through the laminator without a pouch. This can help remove any adhesive residue.
- **Storage:** When not in use, store the laminator in a cool, dry place, away from direct sunlight and excessive dust.

TROUBLESHOOTING

Problem: Document Jammed

Solution: Press the **ABS (Anti-Blocking System)** release button located on the front of the machine. Gently pull the jammed pouch out of the entry slot. Ensure the pouch is inserted straight and centered for future laminations.

Built - in ABS Release Button

Easy To Remove The Jam

Abs

Problem: Poor Lamination Quality (Bubbles, Wrinkles)

Solution: Ensure the laminator has fully warmed up (green "Ready" light is on). Use the correct pouch thickness setting for your pouches. Make sure the document is flat and properly inserted into the pouch without air pockets. Consider running the laminated document through the machine a second time if necessary.

Problem: Machine Not Heating Up

Solution: Check if the power cord is securely plugged into both the laminator and the electrical outlet. Ensure the power switch on the back of the machine is in the "ON" position. If the issue persists, contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	SINOPUREN
Model	Multifunction
Item Weight	2.42 pounds
Product Dimensions	14.5 x 5.5 x 2.9 inches
Laminating Width	Up to 9 inches
