Hot Wheels Street Stealth

Hot Wheels 2020 HW Race Day Street Stealth Die-Cast Vehicle Instruction Manual

INTRODUCTION

This manual provides essential information for the Hot Wheels 2020 HW Race Day Street Stealth die-cast vehicle, model 78/250. Please read these instructions carefully to ensure proper handling and to maintain the product's condition. This product is intended for collectors and play, suitable for ages 3 and up.

PRODUCT OVERVIEW

The Hot Wheels Street Stealth is a highly detailed die-cast motorcycle, part of the 2020 HW Race Day series. It features a blue and black color scheme with yellow wheel accents, designed for display and imaginative play.

This image displays the Hot Wheels 2020 HW Race Day Street Stealth die-cast vehicle, model 78/250, still sealed in its blister packaging. The packaging features the Hot Wheels logo, the vehicle's name 'Street Stealth', and series information '78/250' and '9/10 HW Race Day'. The vehicle itself is a blue motorcycle with black accents and yellow wheels, visible through the clear plastic.

SETUP

The Hot Wheels Street Stealth vehicle comes pre-assembled and ready for use. No assembly is required.

1. **Unpackaging:** Carefully remove the vehicle from its blister packaging. It is recommended to use scissors to cut around the plastic to avoid damaging the vehicle.

2. **Inspection:** Before play or display, inspect the vehicle for any manufacturing defects or damage that may have occurred during shipping.

OPERATING

This die-cast vehicle is designed for manual play and display.

- **Play:** The vehicle can be rolled manually on flat surfaces. It is compatible with most Hot Wheels tracks and playsets.
- **Display:** For collectors, the vehicle can be displayed on shelves, in display cases, or within its original packaging.

Safety Warning:

- Small parts may be present. Not suitable for children under 3 years due to choking hazard.
- Avoid throwing or launching the vehicle at people or animals.

MAINTENANCE

Proper care will help preserve the condition and appearance of your die-cast vehicle.

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust and fingerprints. Avoid abrasive cleaners or harsh chemicals, as these can damage the paint finish.
- **Storage:** Store the vehicle in a cool, dry place away from direct sunlight and extreme temperatures to prevent fading or material degradation.
- **Handling:** Handle the vehicle by its body to avoid bending or breaking smaller components like mirrors or spoilers.

TROUBLESHOOTING

Die-cast vehicles are generally robust, but minor issues can occur.

- **Wheels not rolling smoothly:** Check for any debris caught in the axles. Gently remove any obstructions. If the issue persists, the axle may be bent, which is typically not repairable without specialized tools.
- **Paint chips or scratches:** These are usually a result of impact or friction during play. Minor chips can sometimes be touched up with model paint, but this is not officially recommended and may affect collector value.

SPECIFICATIONS

Feature	Detail
