3. SETUP AND ASSEMBLY

Assembly of the Playmobil Large City Zoo is required before play. Follow the included graphical instructions carefully. While assembly is generally straightforward, some components, such as the elevated walkways or fencing, may require firm pressure to ensure secure connections. It is recommended that an adult supervises or assists with the assembly process, especially for younger children.

1. **Unpack Components:** Carefully remove all pieces from the packaging and sort them by type or according to the assembly guide.

2. **Assemble Base Structures:** Begin by connecting the larger base plates and main structural elements of the zoo entrance and animal habitats.
3. **Construct Enclosures:** Attach fencing and barriers to create the animal enclosures, such as the giraffe and penguin areas. Ensure all connections are secure to prevent pieces from detaching during play.
4. **Add Details and Accessories:** Place smaller accessories like the cash register, postcards, and animal food items in their designated areas. Position figures and animals within the playset.

4. OPERATING AND PLAY INSTRUCTIONS

The Playmobil Large City Zoo is designed for imaginative play. There are no electronic components or specific operating procedures. Children can engage with the playset by:

- Moving the figures and animals around the zoo.
- Arranging the accessories to create different scenes and scenarios.
- Utilizing the bicycle with cart to transport items or figures.
- Simulating daily zoo activities such as feeding animals, selling tickets, or observing animals from the viewing platform.

Encourage open-ended play to maximize the educational and entertainment value of the set.

5. MAINTENANCE

To ensure the longevity and cleanliness of your Playmobil Large City Zoo playset, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down plastic components with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners, as these can damage the plastic or painted details.
- **Drying:** Ensure all parts are thoroughly dry before storing to prevent water spots or potential damage.
- **Storage:** Store the playset in a clean, dry environment away from direct sunlight or extreme temperatures,

which can cause material degradation or color fading.

- **Inspection:** Periodically inspect all pieces for any signs of wear or damage. Replace any broken or severely worn parts to maintain play safety and integrity.

6. TROUBLESHOOTING

While Playmobil sets are designed for durability and ease of assembly, you may encounter minor issues. Here are some common troubleshooting tips:

- **Pieces Not Connecting Securely:** Ensure that components are aligned correctly and apply firm, even pressure until they click into place. Some parts, particularly those designed for structural integrity like bridges or railings, may require more force. Refer to the assembly instructions for specific connection points.
- **Missing Parts:** If you discover any missing parts upon opening the box, please contact Playmobil customer service with your product model number (70341) and a description of the missing component.
- **Damaged Parts:** In case of damaged parts, refrain from using them and contact Playmobil customer service for assistance.

7. SAFETY INFORMATION

Warning: Choking Hazard. Small parts. Not for children under 3 years.

This product contains small parts which may pose a choking hazard for children under the age of 3. Adult supervision is recommended during play, especially with younger children who may still put objects in their mouths. Ensure all small accessories are kept out of reach of infants and toddlers.
