1. PRODUCT OVERVIEW

The Brori Electric Shaver for Women is designed for efficient and comfortable hair removal across various body areas. Featuring a 3-in-1 blade system, LED light illumination, and a waterproof design, it offers a seamless shaving experience for both wet and dry use.

Figure 1: Brori Electric Shaver with charging stand.

This image displays the Brori Electric Shaver in a light blue color, standing upright on its charging base. The shaver has a sleek, ergonomic design with a power button on the front. Water droplets are visible on its surface, highlighting its waterproof capability. The charging stand is also light blue and provides a stable base for the shaver.

Components:

- Shaver Unit with 3-in-1 Blade Head
- Charging Stand
- USB Charging Cable
- Cleaning Brush

Figure 2: Shaver unit, charging stand, USB cable, and cleaning brush.

This image shows the complete package contents: the Brori Electric Shaver, its charging stand, a white USB charging cable, and a small white cleaning brush. The shaver is positioned on its stand, with the cable and brush laid out in front. A product box is visible in the background, along with some green foliage, suggesting a natural and clean aesthetic.

Key Features:

- **3-in-1 Ultra-Sharp Blades:** Designed for a close and smooth shave on various body parts.
- **Hypoallergenic 3D Floating Foil:** Gentle on sensitive skin, minimizing irritation.
- **Wet & Dry Use:** Fully immersible and safe for use in the bath or shower, or for dry shaving.
- **Built-in LED Light:** Illuminates fine hairs for a thorough hair removal experience.
- **Low Noise Design:** Provides a comfortable shaving environment.

- **USB Fast Charging:** Rechargeable battery with approximately 60 minutes charge time for up to 3 months of use.

3-in-1 Customized Blades for Whole Body Hair Removal

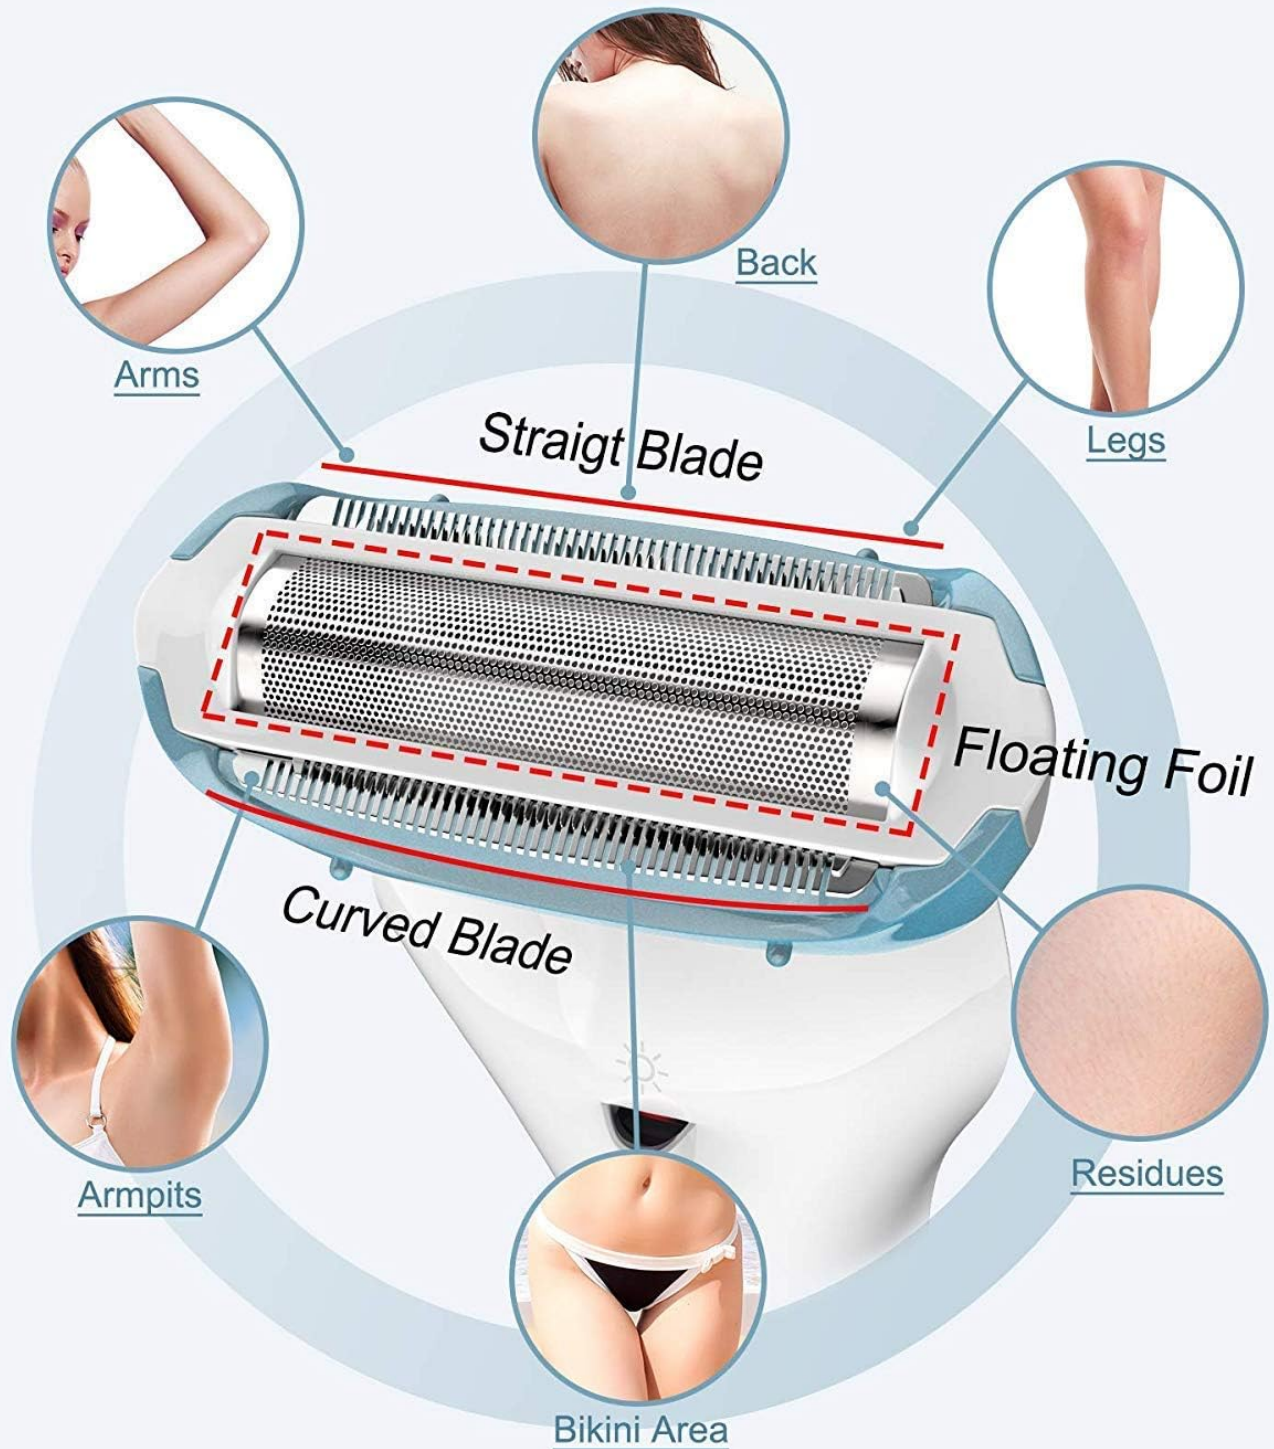

Figure 3: Detailed view of the 3-in-1 blade system.

This image provides a close-up view of the shaver head, highlighting its 3-in-1 customized blade system. It shows a central floating foil flanked by a straight blade and a curved blade, designed for efficient whole-body hair removal. Surrounding the shaver head are circular insets illustrating various body areas where the shaver can be used, including armpits, back, legs, arms, and bikini area, along with an inset showing smooth skin after use.

LED Light

reveals even the finest hair

Figure 4: LED light illumination feature.

This image illustrates the built-in LED light feature of the shaver. A bright beam of light emanates from the shaver head, illuminating the skin to reveal even the finest hairs. On the right side, circular insets show different body parts (arm, armpit, bikini area, leg) on a woman, emphasizing the shaver's ability to provide a thorough hair removal experience across various areas.

2. SAFETY INFORMATION

Please read all safety instructions carefully before using the Brori Electric Shaver. Keep this manual for future reference.

General Safety Precautions:

- Do not use the shaver if it is damaged or malfunctioning.
- Keep the shaver away from children.
- Do not disassemble or attempt to repair the shaver yourself. Contact customer support for assistance.
- Ensure the charging port is dry before connecting the USB cable for charging.
- Do not use the shaver on irritated, inflamed, or broken skin.
- If you experience any discomfort or irritation, discontinue use immediately.
- This appliance is intended for personal use only.

Wet Use Safety:

- The shaver is IPX7 waterproof and safe for use in the shower or bath.
- Do not immerse the charging stand or USB cable in water.
- Always ensure the shaver is disconnected from the charging cable before using it in water.

Figure 5: Shaver being used safely in a wet environment.

This image depicts a woman using the Brori Electric Shaver while in a bath, emphasizing its safe wet use capability. The shaver is held comfortably in her hand as she shaves her leg, surrounded by bath bubbles. The text "Safe use in a bath or shower" is overlaid on the image, reinforcing the product's waterproof feature and suitability for wet environments.

3. SETUP

Initial Charging:

1. Before first use, fully charge the shaver.
2. Connect the USB charging cable to the charging stand.
3. Place the shaver onto the charging stand, ensuring it is properly seated.
4. Connect the other end of the USB cable to a compatible USB power adapter (not included) or a computer USB port.
5. The indicator light on the shaver will illuminate to show it is charging.
6. A full charge takes approximately 60 minutes.
7. Once fully charged, disconnect the shaver from the charging cable.

4. OPERATING INSTRUCTIONS

Turning On/Off:

- Press the power button once to turn the shaver on. The LED light will also turn on.
- Press the power button again to turn the shaver off.

Shaving Techniques:

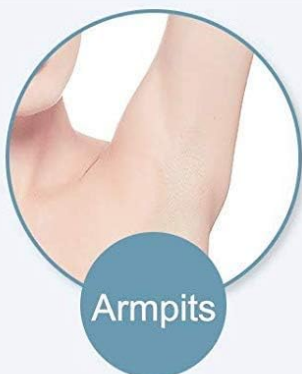

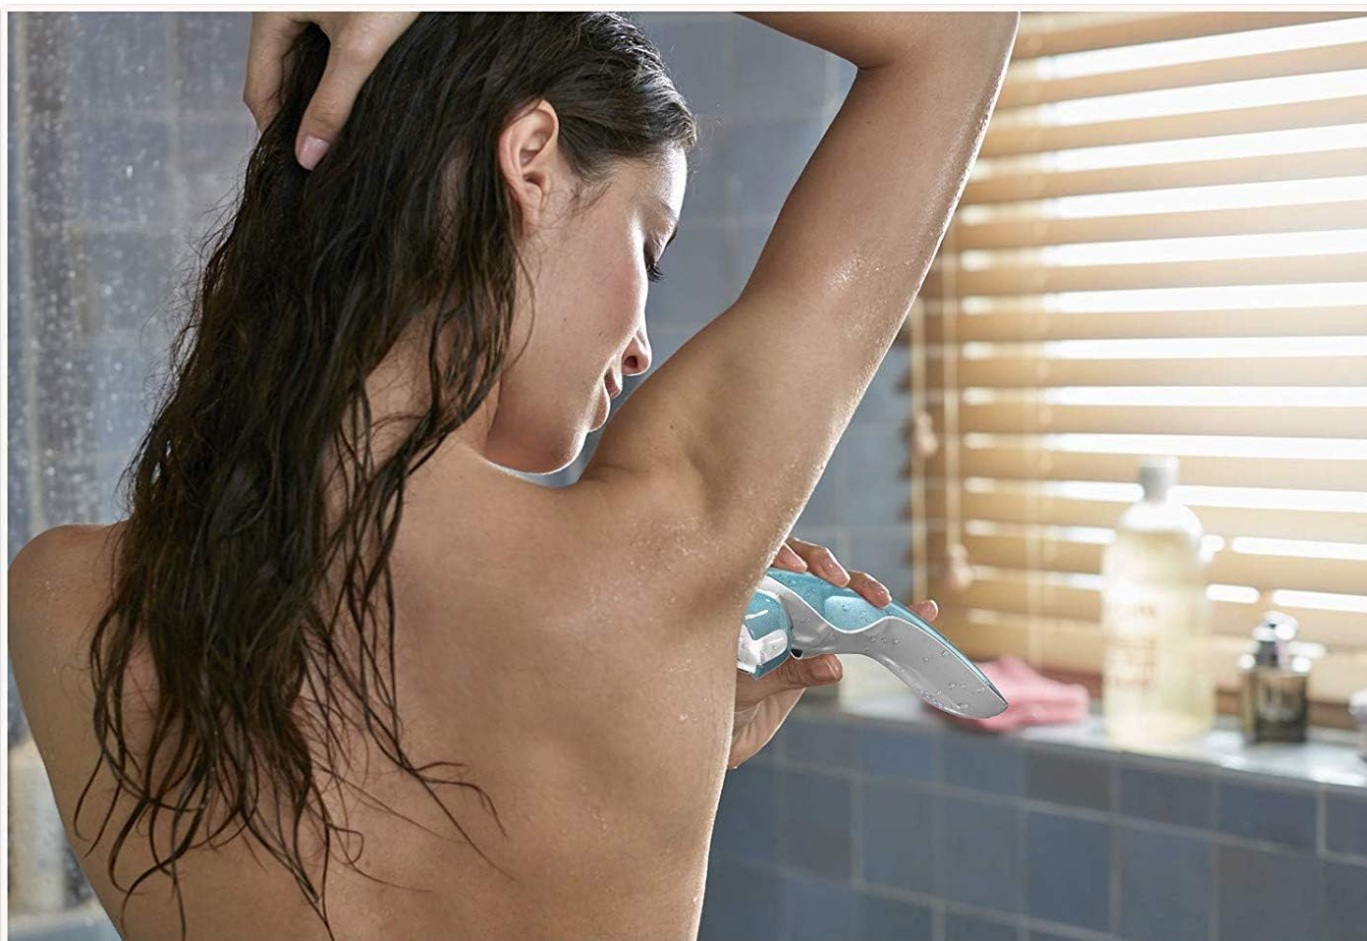

The Brori Electric Shaver can be used for both wet and dry shaving. For best results, ensure your skin is clean.

Dry Shaving:

- Ensure your skin is completely dry before shaving.
- Hold the shaver at a 90-degree angle to your skin.
- Gently glide the shaver against the direction of hair growth.
- Stretch the skin taut with your free hand to ensure a closer shave, especially in sensitive areas.

Wet Shaving:

- Apply shaving cream, gel, or soap to the area you wish to shave.
- Hold the shaver at a 90-degree angle to your skin.
- Gently glide the shaver against the direction of hair growth.
- Rinse the shaver head under running water periodically during shaving to remove hair and foam buildup.

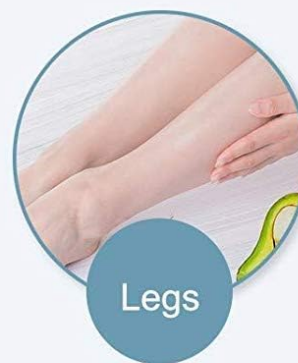

Armpits

Arms

Bikini Area

Legs

Figure 6: Recommended areas for use: armpits, arms, bikini area, and legs.

This image shows a woman using the Brori Electric Shaver on her armpit in a shower setting, demonstrating its suitability for wet use. Below the main image, four circular insets highlight specific body areas where the shaver can be effectively used: armpits, arms, bikini area,

and legs, indicating its versatility for full-body hair removal.

Figure 7: Proper handling for seamless shaving.

This image illustrates the proper way to hold and use the Brori Electric Shaver for safe and seamless shaving. The main scene shows a person using the shaver on their leg in a wet environment. Two circular insets provide close-up views: one showing a finger gently pressing on the shaver head to demonstrate its flexibility, and another showing the shaver head being held, emphasizing its ergonomic design for easy handling.

5. MAINTENANCE

Cleaning the Shaver Head:

Regular cleaning ensures optimal performance and hygiene.

1. Turn off the shaver.
2. Remove the shaver head by gently pulling it upwards.
3. Rinse the shaver head under running water to remove hair and debris. You can also use the provided cleaning brush for

stubborn hairs.

4. Allow the shaver head to air dry completely before reattaching it to the shaver body.
5. Ensure the shaver body is also dry before storing or recharging.

IPX7 Fully Waterproof

Easy Cleaning

Figure 8: Cleaning the shaver head under running water.

This image demonstrates the ease of cleaning the Brori Electric Shaver due to its IPX7 waterproof rating. The shaver head is shown being rinsed under a running faucet in a kitchen sink, with water splashing off the blades. The "IPX7" and "Fully Waterproof Easy Cleaning" labels are prominently displayed, emphasizing the product's washable design.

Storage:

- Store the shaver in a cool, dry place, away from direct sunlight and extreme temperatures.
- Keep the shaver head covered when not in use to protect the blades.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is low or depleted.	Charge the shaver fully.
Shaver pulls hair or shaves poorly.	Shaver head is clogged with hair. Blades are dull.	Clean the shaver head thoroughly. Consider replacing the shaver head if available (contact support).
Skin irritation after shaving.	Incorrect shaving technique. Sensitive skin.	Ensure you are holding the shaver at a 90-degree angle and gliding gently. Try wet shaving with shaving cream. Apply a soothing lotion after shaving.
LED light not working.	Shaver is off. Malfunction.	Turn the shaver on. The LED light activates with the shaver. Contact customer support.
