WHAT'S IN THE BOX

Your JAMJAKE Stylus Pen package includes the following items:

- 1 x Stylus Pen
- Additional Pen Tips (for replacement)
- USB-C Charging Cable

SETUP

Charging the Stylus Pen

Before first use, fully charge your stylus pen. A quick 5-20 minute charge provides 8-10 hours of work time. Use a 5V2A power adapter for charging. The stylus pen does not come with a pen cap or a charging port cover.

Image: Illustration showing the stylus pen being charged via USB-C, with indicators for working, charging, and fully charged states.

Powering On/Off

Activate the stylus pen with a simple touch of the cap button. No Bluetooth pairing is required for normal use, but ensure Bluetooth is enabled on your iPad. The pen will automatically shut down after 5 minutes of idle time to conserve battery.

OPERATING INSTRUCTIONS

Precise and Smooth Writing

The 1.5mm pen tip offers high sensitivity and accurate signal, allowing for precise and smooth writing or drawing without lag, offset, or breaking points. It provides a comfortable hand feel for extended use.

Palm Rejection Design

The stylus pen features palm rejection technology, allowing you to rest your hand comfortably on the screen while writing or drawing. This provides a natural writing feeling and prevents unintended marks.

Magnetic Adsorption

The stylus pen can magnetically attach to compatible iPad models for convenient storage. Please note that this feature does not support wireless charging.

Image: The stylus pen magnetically adhering to the side of an iPad.

Tilt Sensitivity

The stylus offers tilt sensitivity, allowing for different line thicknesses and shading effects based on the angle at which the pen is held. This feature is perfect for artistic endeavors and varied writing styles.

Image: Two stylus pens shown at different angles (30° and 15°), illustrating the tilt sensitivity feature for varying line thickness.

MAINTENANCE

Charging Guidelines

Always use a 5V2A power adapter to charge your stylus pen for optimal battery health and charging speed.

Tip Replacement

The pen tips are designed for easy installation and removal without the need for any special tools. If you notice a decrease in performance or wear, replace the tip with one of the provided spares.

TROUBLESHOOTING

Issue	Possible Cause / Solution
Stylus not responding or connecting.	Ensure the stylus is charged. Tap the cap button to turn it on. Verify your iPad is compatible and Bluetooth is enabled (no pairing needed).
Lag, offset, or breaking points during use.	Check if the pen tip is worn out and replace it if necessary. Ensure your iPad's screen is clean.

Issue	Possible Cause / Solution
Accidental touches or turning off during use.	The power button on the cap is sensitive. Be mindful of its placement when handling the pen.
Delays or connectivity issues persist.	Try replacing the pen tips. Use a different charging cable to rule out cable issues. If problems continue, contact customer support.
