## KAWADA CN-20 Shuichi Akai

# Kawada Nanoblock Charanan Shuichi Akai CN-20 Instruction Manual

Brand: KAWADA | Model: CN-20 Shuichi Akai

## Introduction

This instruction manual provides comprehensive guidance for assembling your Kawada Nanoblock Charanan Shuichi Akai CN-20 model. Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience. This set allows you to construct a detailed micro-sized figure of Shuichi Akai from Detective Conan.

## Product Overview

### Features:

- Model Number: CN-20
- Target Age: 12 years and older
- Number of Pieces: 240
- Difficulty Level: 2 (on a scale of 1-5, 5 being most difficult)
- Assembly required.
- Includes a transparent display plate (10x10 studs).
- Reproduces Shuichi Akai in a pose with a rifle.

### Product Description:

The Charanan series from Nanoblock introduces various characters in a standardized finished size and packaging. This particular set features FBI agent Shuichi Akai from Detective Conan. The packaging is designed to double as a collection display case for the completed model. The model captures Akai, an expert sniper, holding a rifle.

## Parts List

Before starting assembly, please verify that all parts are present. Refer to the diagram below for a visual representation of the included blocks and the transparent display plate.

Image 1: Product packaging for Kawada Nanoblock Charanan Shuichi Akai CN-20. The box features an illustration of Shuichi Akai and a small image of the assembled Nanoblock figure.

The set contains 240 micro-sized building blocks in various colors and shapes, along with a transparent display plate. A detailed parts diagram is typically found on the inner packaging or a separate sheet within the box.

## Assembly Instructions

Follow the step-by-step diagrams provided in the physical instruction booklet included with your product. Due to the micro size of the blocks, careful handling is recommended. Use tweezers if necessary for precise placement.

1. **Step 1: Base Assembly** - Begin by constructing the base of the figure using the larger blocks as indicated in the manual.
2. **Step 2: Body Construction** - Gradually build up the body, paying close attention to color and block orientation.
3. **Step 3: Head and Facial Features** - Assemble the head and attach the smaller blocks for facial details.
4. **Step 4: Arms and Accessories** - Construct the arms and attach the rifle accessory.
5. **Step 5: Final Assembly** - Connect all major sections and place the completed figure onto the transparent display plate.

## Care and Maintenance

To maintain the condition of your Nanoblock model:

- Keep the assembled model away from direct sunlight and extreme temperatures to prevent discoloration or deformation.
- Clean gently with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Store in a dust-free environment, ideally within its original display case or a similar protective enclosure.

## Troubleshooting

### Common Issues and Solutions:

**Missing Pieces:** If you find any pieces missing, please contact Kawada customer support with your product details. Refer to the parts list in your physical manual to identify the exact missing components.
**Difficulty in Assembly:** Nanoblocks are small and require precision. If you encounter difficulty, try using tweezers for better grip and control. Double-check the instruction diagrams for correct block placement and orientation.
**Loose Connections:** Ensure blocks are firmly pressed together. While Nanoblocks are designed for a snug fit, excessive force is not required. If a connection feels consistently loose, verify the correct block type is being used.
