VASAGLE Shoe Bench with Cushion (Model ULHS23WT) - Instruction Manual

Model: ULHS23WT

INTRODUCTION

Thank you for choosing the VASAGLE Shoe Bench with Cushion. This manual provides essential information for the safe assembly, proper use, and maintenance of your new furniture. Please read these instructions carefully before assembly and retain them for future reference.

SAFETY INFORMATION

- Do not exceed the maximum static load capacity of 300 lb (136 kg) for the bench.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts out of reach of children during assembly to prevent choking hazards.
- Assemble the product on a soft, clean surface to avoid scratches.
- Do not stand on the bench.
- Avoid direct sunlight and moisture to prevent damage to the material.

PACKAGE CONTENTS

The package for your VASAGLE Shoe Bench (ULHS23WT) includes the following items:

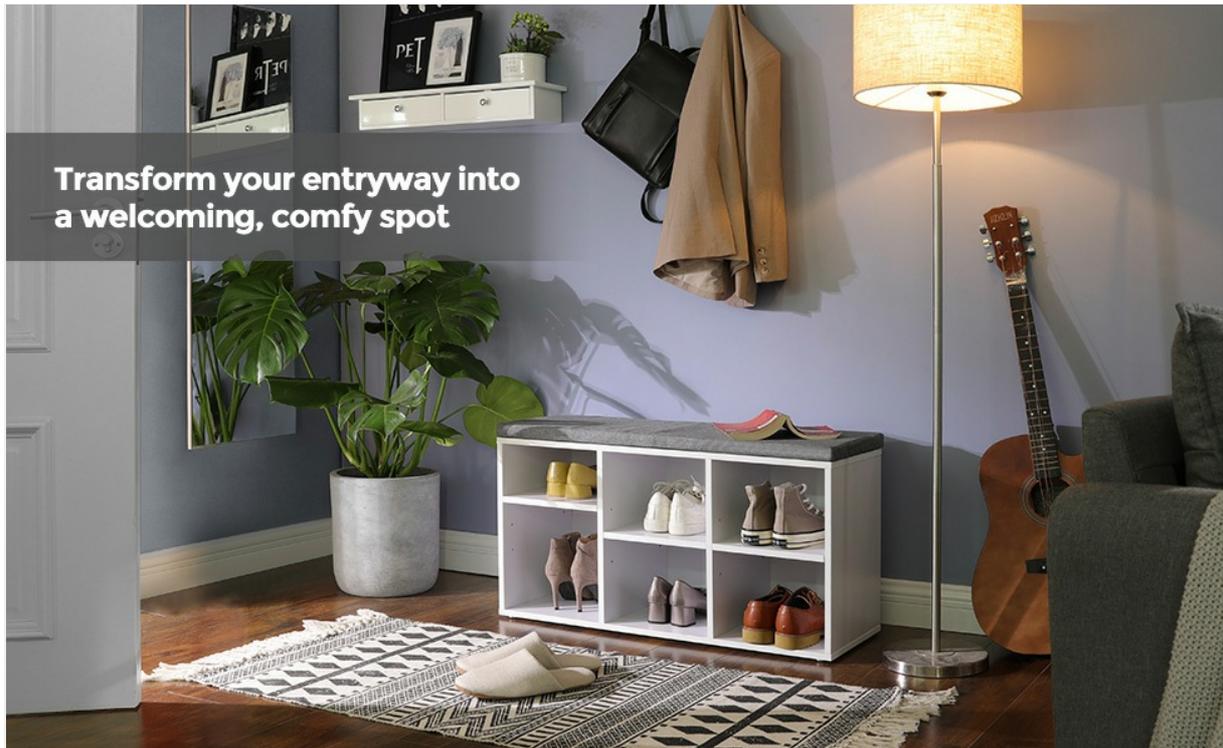

- 1 x Shoe Storage Bench
- 1 x Accessory Bag (containing all necessary hardware)
- 1 x Instructions Manual

ASSEMBLY INSTRUCTIONS

Follow these steps for easy assembly. It is recommended to have a screwdriver for certain steps.

1. **Unpack and Identify Parts:** Carefully unpack all components and hardware. Refer to the parts list in the included instructions manual to ensure all pieces are present and undamaged.

2. **Assemble the Frame:** Connect the main side panels to the bottom and top panels using the provided screws and dowels. Ensure a snug fit.
3. **Install Dividers:** Insert the vertical dividers into the pre-drilled holes to create the compartments.
4. **Adjust Shelves:** The middle shelves are adjustable. Use the provided pins to set them at your desired height (3 adjustable heights available). This allows for storage of various shoe sizes or other items.
5. **Attach Back Panel (Optional):** If a back panel is included, align it and secure it with the small screws. Note: Some models may require pre-drilling for the back panel.
6. **Place Cushion:** Position the padded cushion on top of the bench. It is secured with hook-and-loop fasteners to prevent slipping.
7. **Final Check:** Verify that all connections are tight and the bench is stable before use.
