Sanpyl Mini Bluetooth Remote Gamepad Controller Instruction Manual

Model: B08333VD6D

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your Sanpyl Mini Bluetooth Remote Gamepad Controller. Designed for versatility, this compact device functions as a game controller, selfie timer, and remote control for various smart devices. Please read this manual thoroughly before use to ensure optimal performance and longevity of your product.

PRODUCT OVERVIEW AND KEY FEATURES

The Sanpyl Mini Bluetooth Remote Gamepad Controller is a multi-functional device crafted from durable plastic, offering seamless connectivity via Bluetooth 3.0. Its compact design makes it highly portable, suitable for a wide range of applications.

- **Multi-functional Design:** Operates as a Bluetooth game controller, mobile phone selfie shutter, and remote control for various devices.
- **Wide Compatibility:** Supports Android, iOS (with limitations for games), and PC systems.
- **Portable and Compact:** Small and lightweight, easily attachable to a keychain for convenience.
- **Long Battery Life:** Equipped with a rechargeable 180mAh lithium battery, providing approximately 40 hours of continuous play time.
- **Plug and Play:** No driver installation required for most functions.
- **Bluetooth Mouse Functionality:** Can be used as a mouse for Android devices and PCs.

PACKAGE CONTENTS

Please verify that all items are present in your package:

- 1 x Sanpyl Mini Bluetooth Remote Gamepad Controller
- 1 x Chinese and English Instructions (this manual)

SETUP GUIDE

1. Charging the Device

Before initial use, fully charge the controller. Connect the device to a USB power source using a compatible charging cable (not included). The charging current should be $5V < 200mA$. A full charge typically takes a few hours.

2. Bluetooth Pairing

1. Ensure the controller is sufficiently charged.
2. Turn on the controller by pressing the **START/U** button. The indicator light will flash.
3. On your mobile phone, tablet, or PC, navigate to the Bluetooth settings.
4. Search for available Bluetooth devices. The controller should appear as "Gamepad" or a similar identifier.
5. Select the controller to pair. Once successfully paired, the indicator light on the controller will stop flashing and remain solid.
6. If pairing fails, turn off the controller, disable Bluetooth on your device, and repeat the steps.

OPERATING INSTRUCTIONS

The controller supports various modes depending on your device and intended use. Please note that specific button functions may vary slightly based on the application or game.

1. Gamepad Mode (Android)

For Android devices, the controller functions as a standard gamepad. After successful pairing, most compatible games will automatically recognize the controller. Use the joystick for movement and the action buttons (X, Y, A, B) for in-game actions.

WIDE APPLICATION RANGE

It can be used as a camera shutter of mobile phone and tablet PC , TV box remote controller, PC remote controller, wireless Bluetooth game controller, support (iOS) system, (Android) system, PC system etc.

Image: The Sanpyl Mini Bluetooth Remote Gamepad Controller surrounded by images of a smartphone, tablet, PC monitor, game controller, and TV box, illustrating its wide application range.

2. Selfie Shutter Mode

When paired with a smartphone or tablet, the controller can act as a remote camera shutter. Open your device's camera application, then press an appropriate button (often the 'X' or 'A' button) on the controller to capture photos remotely. This is ideal for group photos or stable shots.

REMOTE CONTROL TAKING PHOTOS

Image: A visual representation of the Sanpyl Mini Bluetooth Remote Gamepad Controller being used to remotely trigger a camera, with a couple in the background taking a selfie.

3. Bluetooth Mouse Mode (Android/PC)

For Android devices and PCs, the controller can function as a basic Bluetooth mouse. The joystick controls the cursor movement, and certain buttons may act as left or right clicks. Refer to your device's settings for specific button assignments in mouse mode.

4. iOS System Compatibility

For iOS devices, the controller's functionality is more limited. It primarily supports selfie shutter functions and a reduced selection of games. Full gamepad support for iOS typically requires a jailbroken device or specific MFi (Made for iPhone/iPad/iPod) certified controllers. This controller is not MFi certified.

5. Button Layout

Image: A clear front view of the Sanpyl Mini Bluetooth Remote Gamepad Controller, showing the joystick, START/U button, iOS button, and action buttons (X, Y, A, B).

- **Joystick:** Directional control for movement or cursor navigation.
- **START/U Button:** Power on/off, start/pause functions.
- **iOS Button:** Specific function for iOS mode, often related to mode switching or menu access.
- **X, Y, A, B Buttons:** Action buttons for games, selfie shutter, or mouse clicks depending on the mode.
- **Side Buttons:** (Not explicitly labeled in images, but common for volume/mode switching) May control volume or switch between operating modes.

TECHNICAL SPECIFICATIONS

Feature	Specification
Product Name	Bluetooth Game Controller

Material	Plastic
Interface Type	Bluetooth
Console Accessories Type	Console Handle
Vibration Mode	No Vibration
Dimensions (L x W x H)	Approx. 73 x 31 x 13 mm (2.8 x 1.2 x 0.5 inches)
Weight	Approx. 25 g (1.13 ounces)
Bluetooth Protocol	Bluetooth 3.0 Compliant
CPU	ARM968F S Core
Battery	Rechargeable Lithium Battery 3.7V 180mA
Continuous Play Time	About 40 hours
Working Current	0.5 to 4mA
Standby Current	0.5 to 1mA
Charging Current	5V < 200mA
Power Off Current	20uA
Additional Functions	Bluetooth Mouse, Bluetooth Game Controller

TROUBLESHOOTING

- **Device not pairing:**

- Ensure the controller is charged and powered on.
- Turn off and on your device's Bluetooth.
- Forget the device in your Bluetooth settings and attempt to pair again.
- Ensure no other Bluetooth devices are interfering.

- **Controller not responding:**

- Check battery level and recharge if necessary.
- Ensure the controller is within Bluetooth range (up to 10 meters).
- Restart the controller and your connected device.
- Use the **RESET** button on the back of the controller (may require a pin or small tool) to perform a factory reset.

- **Limited functionality on iOS:**

- As noted, iOS system support for games is limited unless the device is jailbroken. This is a system limitation, not a product defect.
- The controller primarily supports selfie functions and a select few games on standard iOS.

- **Buttons not working correctly in games:**

- Verify the game supports external controllers.
- Check in-game settings for controller mapping or calibration.
- Some games may require specific controller modes or third-party mapping applications (especially on Android).

CARE AND MAINTENANCE

- **Cleaning:** Wipe the controller with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the controller in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device

regularly, even if not in use for extended periods.

- **Avoid Impact:** Do not drop or subject the controller to strong impacts, as this may damage internal components.

WARRANTY AND SUPPORT

For any issues or inquiries regarding your Sanpyl Mini Bluetooth Remote Gamepad Controller, please refer to the seller's return policy or contact customer support through your purchase platform. Keep your proof of purchase for warranty claims, if applicable.

The manufacturer, Sanpyl, is committed to providing quality products. For further assistance, please consult the official Sanpyl store or support channels.
