cozoo CZC003-RGB-NEW Bluetooth/WiFi RGB Bedside Table Lamp User Manual

Model: CZC003-RGB-NEW

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your cozoo Bluetooth/WiFi RGB Bedside Table Lamp. This lamp features a smart RGB LED bulb, multiple USB charging ports, and AC outlets, designed to offer versatile lighting and convenient power access. Please read this manual thoroughly before use to ensure proper functionality and safety.

2. IMPORTANT SAFETY INFORMATION

- Ensure the lamp is placed on a stable, flat surface to prevent tipping.
- Do not expose the lamp to water or excessive moisture. While rated as waterproof, direct submersion or heavy splashing should be avoided for the electrical components.
- Do not disassemble or modify the lamp. Repairs should only be performed by qualified personnel.
- Keep the lamp away from heat sources and direct sunlight.
- Use only the specified voltage (AC85-265V) for operation.
- Unplug the lamp from the power outlet before cleaning or when replacing the bulb.
- Avoid touching the bulb directly when it is hot.
- The included smart RGB bulb is a gift and may not be covered under warranty.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x cozoo Bedside Table Lamp Base with Power Strip
- 1 x Fabric Lamp Shade (White)
- 1 x Smart RGB LED Bulb (E26 Base)

- 1 x User Manual (This Document)

4. SETUP INSTRUCTIONS

The cozoo lamp requires minimal assembly.

1. **Unpack Components:** Carefully remove all components from the packaging.
2. **Attach Lamp Shade:** Place the fabric lamp shade onto the lamp base. Secure it by screwing the socket ring (included with the bulb) onto the bulb socket, over the shade.

Image: Diagram illustrating the lamp's dimensions and key components like the socket ring for shade attachment.

3. **Install Smart Bulb:** Screw the provided E26 smart RGB LED bulb into the lamp socket until secure. Do not overtighten.
4. **Connect to Power:** Plug the lamp's power cord into a standard AC 110V-265V wall outlet.

5. OPERATING INSTRUCTIONS

5.1. Basic Lamp Operation (Touch Control)

The lamp features a touch-sensitive switch on its base for basic light control.

- **Turn On/Off:** Lightly touch the switch button on the lamp base to turn the light on or off.

- **Adjust Brightness (Warm/Cool White):** When the lamp is in warm white or cool white mode, touch the switch button repeatedly to cycle through different brightness levels (e.g., 100%, 50%, 5%).

Image: Visual representation of the lamp's stepless dimming capability, showing light output at 100%, 50%, and 5% brightness.

5.2. USB Charging Ports and AC Outlets

The lamp base integrates 3 USB charging ports and 2 AC power outlets for convenient device charging.

- **USB Ports:** Connect your mobile phones, tablets, or other USB-powered devices to the 3 USB ports (Type-A and Type-C options may be available). These ports function independently of the lamp's light being on or off.
- **AC Outlets:** Plug in small appliances or chargers into the 2 standard AC outlets.
- **Safety:** The power strip features built-in multi-protection against overload, short-circuits, and over-current.

6. SMART FEATURES AND APP CONTROL (BLUETOOTH/WiFi)

Unlock the full potential of your cozoo lamp using the dedicated mobile application.

1. **Download the App:** Search for the "Smart Life" or "Tuya Smart" app in your smartphone's app store (iOS App Store or Google Play Store). Install the application.
2. **Register/Log In:** Open the app and follow the on-screen instructions to register a new account or log in if you already have one.
3. **Add Device:**
 - Ensure your phone's Bluetooth and Wi-Fi are enabled.
 - Turn on the cozoo lamp.
 - In the app, tap the "+" icon to add a new device. The app should automatically detect the lamp via Bluetooth.
 - If not detected, select "Lighting" or "Light Source (Wi-Fi)" from the device list and follow the pairing instructions, which usually involve turning the lamp on/off a few times to enter pairing mode (the light will blink).
 - Connect the lamp to your 2.4GHz Wi-Fi network (5GHz networks are generally not supported by smart home devices).
4. **App Functions:** Once connected, you can control the following features via the app:
 - **Color Selection:** Choose from 16 million RGB colors.

Image: A visual demonstration of the lamp's ability to display 16 distinct RGB colors.

- **Brightness Adjustment:** Stepless dimming from 0% to 100% for all colors and white light.
- **Color Temperature:** Adjust warm white (2700K) to cool white (5500K).
- **Music Sync:** The light can change colors and patterns in sync with music played through your phone's microphone.
- **Scene Modes:** Pre-set lighting scenes for various moods or activities.
- **Timer/Schedule:** Set schedules for the lamp to turn on/off or change settings automatically.
- **Gradient Mode:** Experience smooth transitions between colors.

Image: The cozoo lamp showcasing its gradient color mode, alongside the mobile app interface for color selection.

7. MAINTENANCE

- **Cleaning:** Disconnect the lamp from power before cleaning. Use a soft, dry cloth to wipe the lamp base and shade. Do not use liquid cleaners or abrasive materials.
- **Bulb Replacement:** If the smart RGB bulb needs replacement, ensure the lamp is unplugged. Unscrew the old bulb and replace it with a new E26 base smart LED bulb. Note that the original bulb is a gift and its replacement may not be covered under warranty.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in. Power outlet is not working. Bulb is loose or faulty.	Ensure the power cord is securely plugged into a live outlet. Test the outlet with another device. Unplug the lamp, check if the bulb is screwed in properly. Replace bulb if necessary.
USB ports or AC outlets are not charging.	Lamp not plugged in. Device cable is faulty. Overload protection activated.	Ensure the lamp is plugged into a live power outlet. Try a different charging cable or device. Unplug all devices, then plug them back in one by one. Reduce the number of connected devices if overloading occurs.
Cannot connect to the app (Bluetooth/WiFi).	Bluetooth/WiFi not enabled on phone. Incorrect Wi-Fi band (5GHz). Lamp not in pairing mode. App issues.	Enable Bluetooth and ensure your phone is connected to a 2.4GHz Wi-Fi network. Refer to the app's instructions for entering pairing mode (often involves cycling power). Restart the app and your phone. Try resetting the bulb by turning it on/off rapidly several times.
Light color or brightness is inconsistent.	App settings conflict with manual control. Bulb malfunction.	Ensure only one control method (app or touch) is being used at a time. Try resetting the bulb via the app or by cycling power. If issues persist, the bulb may need replacement.

9. PRODUCT SPECIFICATIONS

Feature	Detail
Model Name	CZC003-RGB-NEW
Brand	cozoo
Product Dimensions	5.51"D x 5.51"W x 13.65"H
Item Weight	1.46 pounds (660 Grams)
Power Source	Corded Electric
Voltage	110 Volts (AC85-265V operating range)
Wattage	7 watts (Bulb), Max 60 Watt Hours (Compatible)
Light Source Type	LED
Bulb Base	E26
Brightness	800 Lumen
Color Temperature	2700 Kelvin (Warm White) - 5500 Kelvin (Cool White)
Special Features	Bluetooth Connect & APP Control Bulb, Color Change Sync to Music, Dimmable, Pick Colors from Camera

Feature	Detail
Control Method	App, Touch Switch
Base Material	Fireproof plastics power base
Shade Material	Fabric
Shade Color	White
Cable Length	5 Feet
USB Ports	3 (Type-A, Type-C options)
AC Outlets	2
Indoor/Outdoor Usage	Indoor
Water Resistance Level	Waterproof (for lamp, avoid direct water exposure to electrical components)

10. WARRANTY AND SUPPORT

cozoo is committed to providing high-quality products. For any issues or questions regarding your cozoo lamp, please contact our customer support.

- Warranty:** Specific warranty details may vary. Please refer to your purchase documentation or contact cozoo customer service for information regarding warranty coverage. Note that the included smart RGB bulb is provided as a gift and may not be covered under the standard product warranty.
- Customer Support:** For technical assistance, troubleshooting, or general inquiries, please visit the official cozoo website or contact their support team through the contact information provided with your purchase.

ASK A QUESTION ABOUT THIS MANUAL
