Tapo Tapo P100

TP-Link Tapo P100 Smart Plug (4-Pack) Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your TP-Link Tapo P100 Smart Plugs. The Tapo P100 is a compact Wi-Fi smart plug designed to control connected devices remotely, set schedules, and integrate with voice assistants.

2. IMPORTANT SAFETY INFORMATION

Please read and follow all safety instructions to prevent damage to the device or injury. Keep this manual for future reference.

- For indoor use only.
- Do not expose the device to moisture or extreme temperatures.

- Do not attempt to disassemble, repair, or modify the device.
- Ensure the connected appliance's power consumption does not exceed the smart plug's maximum load (10 Amps, 127 Volts).
- Always plug the smart plug into a grounded electrical outlet.

3. SETUP GUIDE

Setting up your Tapo P100 Smart Plug is a simple process using the Tapo app.

1. **Download the Tapo App:** Search for "Tapo" in the Apple App Store or Google Play Store and download the official Tapo app. The app is compatible with iOS 9.0 or higher and Android 4.3 or higher.
2. **Plug In the Smart Plug:** Insert the Tapo P100 Smart Plug into an available electrical outlet. Ensure the outlet is functioning correctly.
3. **Follow On-Screen Directions:** Open the Tapo app, create a TP-Link ID if you don't have one, and follow the in-app instructions to add your new smart plug. This typically involves connecting to the plug's temporary Wi-Fi network and then configuring it to join your home Wi-Fi network.

4. OPERATING YOUR SMART PLUG

Once set up, your Tapo P100 Smart Plug offers various control options.

4.1. Remote Control via Tapo App

Use the Tapo app on your smartphone to turn connected devices on or off from anywhere with an internet connection. The app provides a simple interface to manage all your Tapo devices.

4.2. Voice Control

The Tapo P100 Smart Plug is compatible with Amazon Alexa and Google Assistant. To enable voice

control:

- Link your Tapo account to your Alexa or Google Home app.

- Discover new devices within the voice assistant app.

- Once linked, you can use voice commands such as "Alexa, turn on the living room lamp" or "Hey Google, turn off the fan."

4.3. Scheduling and Timers

Automate your devices by setting schedules and timers within the Tapo app.

- **Schedules:** Program your smart plug to turn on or off at specific times of the day or week. For example, schedule your coffee maker to turn on every morning at 7:00 AM.

- **Timers:** Set a countdown timer for a device to turn off after a specified duration. For example, turn off a phone charger after 2 hours.

4.4. Multi-User Access

The Tapo app allows you to share control of your smart plugs with family members. Each user can control the devices from their own smartphone after being granted access.

5. MAINTENANCE

The Tapo P100 Smart Plug requires minimal maintenance. Keep the device clean and dry. Do not use liquid cleaners or aerosols. Ensure the firmware is updated regularly through the Tapo app for optimal performance and security.

6. TROUBLESHOOTING

If you encounter issues with your Tapo P100 Smart Plug, consider the following:

- **No Power:** Ensure the smart plug is securely plugged into a working electrical outlet. Check if the

outlet itself has power.

- **Cannot Connect to Wi-Fi:** Verify that your Wi-Fi network is 2.4 GHz (Tapo devices do not support 5 GHz Wi-Fi). Ensure the smart plug is within range of your Wi-Fi router. Restart your router and the smart plug, then try connecting again.
- **Device Unresponsive:** Try unplugging the smart plug from the wall outlet for 10 seconds and then plugging it back in. If the issue persists, reset the smart plug to factory defaults (refer to the app for specific instructions) and set it up again.
- **App Issues:** Ensure your Tapo app is updated to the latest version. Clear the app's cache or reinstall it if necessary.

For further assistance, please refer to the support section.

7. SPECIFICATIONS

Feature	Detail
Model Number	Tapo P100
Brand	Tapo
Color	White
Voltage	127 Volts
Amperage Capacity	10 Amps
Connector Type	Plug in
Plug Format	Type B
Number Of Poles	2
No. of wires	3
Product Dimensions	2.2"D x 1.3"W x 2.2"H (5.59 x 3.30 x 5.59 cm)
Item Weight	15.5 ounces (for 4-pack)
Mounting Type	Plug-In Mount
Usage	Indoor use only
Included Components	Mini Smart Wi-Fi Socket Tapo P100
UPC	840030700491
Certifications	CE, RoHS
