#### **DOGNESS F06PK**

# DOGNESS Timed Automatic Pet Feeder (Model: F06PK)

User Manual

#### 1. PRODUCT OVERVIEW

The DOGNESS Timed Automatic Pet Feeder, Model F06PK, is designed to provide scheduled and portion-controlled meals for your pets. This 2-liter capacity feeder is suitable for small to medium dogs and cats, ensuring they receive their food on time, even when you are away. Key features include customizable meal schedules, voice recording, and a dual power supply system for reliability.

Image 1.1: Front view of the DOGNESS Timed Automatic Pet Feeder in pink, showing the control panel and stainless steel bowl.

### **Key Features:**

- 2-Liter Capacity: Ideal for small to medium pets, holding a sufficient amount of dry food.
- Timed Dispense: Schedule up to 4 meals per day with precise timing.

- Portion Control: Customize food portions for each meal to manage your pet's diet effectively.
- Voice Recording: Record a 10-second message to call your pet for meals.
- **Dual Power Supply:** Operates with a power adapter and backup D-cell batteries (not included) to ensure continuous feeding during power outages.
- Anti-Clogging Design: Engineered to prevent food blockages, ensuring consistent food delivery.
- Easy to Clean: Features a removable stainless steel feeding bowl for hygiene.

#### 2. PACKAGE CONTENTS

Please check the package for the following items:

- DOGNESS Timed Automatic Pet Feeder Unit
- Stainless Steel Feeding Bowl
- Power Adapter
- User Manual (this document)

#### 3. SETUP GUIDE

#### 3.1 Unpacking and Assembly

- 1. Remove all components from the packaging.
- 2. Place the stainless steel feeding bowl into the designated slot at the base of the feeder.

#### 3.2 Power Supply Installation

The feeder supports dual power options: AC adapter and D-cell batteries.

Image 3.1: Illustration of the dual power supply system, showing the power adapter connection and battery compartment for 3 D-cell batteries.

- AC Adapter: Connect the power adapter to the feeder's power input port and plug it into a standard wall outlet.
- **Battery Backup:** For backup power, open the battery compartment at the bottom of the feeder and insert 3 new D-cell batteries (not included), ensuring correct polarity. This ensures operation during power outages.

#### 3.3 Filling the Food Container

- 1. Open the top lid of the feeder.
- 2. Pour dry pet food into the food container. Ensure the kibble size is between 2-10mm to prevent clogging.
- 3. Close the lid securely.

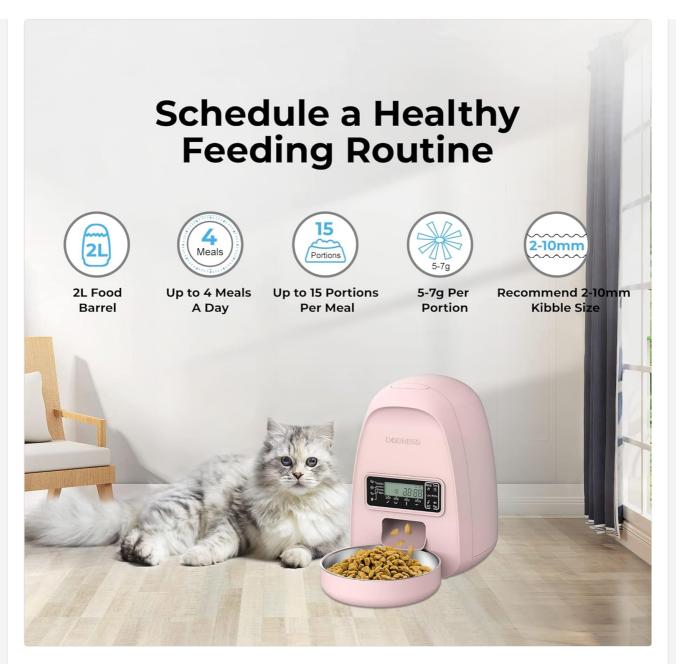

Image 3.2: Visual guide indicating the recommended kibble size (2-10mm) and other feeding parameters.

#### 4. OPERATING INSTRUCTIONS

The control panel allows you to set the time, schedule meals, and record voice messages. Buttons are designed for two-hand operation to prevent accidental changes by pets.

## **Secure Setup Control Panel**

Buttons are operated with two hands to prevent pets from opening

Image 4.1: Close-up of the feeder's control panel with buttons for setting time, meals, and voice recording.

#### 4.1 Setting the Current Time

- 1. Press and hold the "Manual Time" button until the hour display flashes.
- 2. Use the "Hour" and "Minute" buttons to adjust the current time.
- 3. Press "Manual Time" again to confirm and move to the minute setting, or to exit.

#### 4.2 Programming Meal Schedules

The feeder supports up to 4 meals per day (Breakfast, Lunch, Dinner, 4th Meal).

- 1. Press the "On/Off" button next to the desired meal (e.g., "Breakfast") to activate it. The indicator will show "on".
- 2. Press the "Meal Size" button to adjust the portion size for that meal (1-15 portions, where 1 portion is approximately 5-7g).
- 3. Press the "Hour" and "Minute" buttons to set the desired feeding time for that meal.
- 4. Repeat for other meals as needed.
- 5. To deactivate a meal, press the "On/Off" button until the indicator shows "off".

#### 4.3 Voice Recording

Record a personalized 10-second message to alert your pet at meal times.

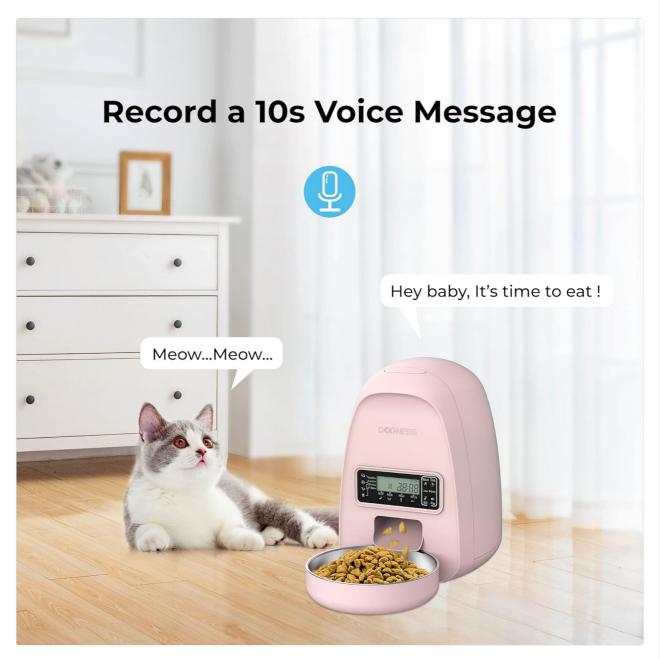

Image 4.2: Depiction of the voice recording function, showing a pet responding to a recorded message.

- 1. Press and hold the "MIC" button. The microphone icon will appear on the display.
- 2. Speak your message clearly into the microphone for up to 10 seconds.
- 3. Release the "MIC" button to save the recording.
- 4. To play back the recorded message, press the "Play" button.

#### 4.4 Manual Feeding

To dispense food instantly outside of scheduled meal times:

- Press the "Manual Feed" button once to dispense one portion of food.
- Press multiple times for additional portions.

#### 5. MAINTENANCE AND CLEANING

Regular cleaning ensures hygiene and proper functioning of your pet feeder.

#### **5.1 Cleaning Instructions**

- Stainless Steel Bowl: The stainless steel feeding bowl is removable and can be hand washed with mild soap and water. Rinse thoroughly and dry completely before reattaching.
- Food Container: The food container can be wiped clean with a damp cloth. Ensure it is completely dry before refilling with food.
- Main Unit: Wipe the exterior of the main unit with a soft, damp cloth. Do not immerse the main unit in water or any other liquid.

#### Important:

- Always unplug the feeder and remove batteries before cleaning.
- Do not use abrasive cleaners or harsh chemicals.
- Ensure all parts are completely dry before reassembly and use.

#### 6. TROUBLESHOOTING

If you encounter issues with your DOGNESS Timed Automatic Pet Feeder, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Feeder is not dispensing food.	<ul> <li>Food container is empty.</li> <li>Kibble size is too large or too small, causing a jam.</li> <li>Power supply issue.</li> <li>Meal schedule not set correctly.</li> </ul>	<ul> <li>Refill the food container.</li> <li>Check kibble size (2-10mm recommended). Clear any blockages.</li> <li>Ensure power adapter is securely plugged in or batteries are correctly installed and not depleted.</li> <li>Verify meal times and portion settings on the control panel.</li> </ul>
Voice recording is unclear or not playing.	<ul><li>Recording error.</li><li>Low battery.</li></ul>	<ul> <li>Re-record the message, speaking clearly and close to the microphone.</li> <li>Check battery level and replace if necessary.</li> </ul>
Display is blank or flickering.	<ul><li>Power supply issue.</li><li>Low battery.</li></ul>	<ul><li>Check power adapter connection.</li><li>Replace D-cell batteries.</li></ul>
