BEREST A11-Projector Grey Sheep Baby Sleep Soother Instruction Manual

Brand: BEREST | Model: A11-Projector Grey Sheep

INTRODUCTION

The BEREST A11-Projector Grey Sheep Baby Sleep Soother is designed to provide a comforting environment for newborns and infants. This musical plush toy combines cuddly softness with a range of soothing sounds, a night light projector, and an auto-off timer to promote peaceful sleep.

SAFETY INFORMATION

Caution: This product operates on batteries. Keep batteries out of reach of children. Do not mix old and new batteries. Do not short-circuit the battery. Battery handling may cause electric shock. Always follow battery handling instructions.

Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

SETUP

- Battery Installation:** The device requires 3 AAA batteries. Open the battery compartment, insert the batteries according to the polarity markings, and securely close the compartment.
- Attachment:** Utilize the strong Velcro strap located on the back of the plush toy to secure it to baby cribs, strollers, or car seats. Ensure the strap is firmly fastened to prevent accidental detachment.

SECURE VELCRO FASTENER

The secure Velcro fastener allows for easy attachment to cribs, strollers, or baby bags, ensuring portability and convenience.

OPERATING INSTRUCTIONS

Control panel with buttons for projector, volume, timer, and sound selection.

- 1. Power On/Off and Pause Music:** Press the power button once to turn on the device. Press it a second time to pause the music. Press it a third time to turn the device off.

2. **Adjust Volume:** Use the volume button to select from 7 distinct sound levels.
3. **Set Timer:** Press the timer button to select an automatic shut-off duration of 15, 30, or 60 minutes. To enable continuous play, ensure the timer is not set.
4. **Activate Light Projector:** Press the light button to activate the built-in projector, which displays a colorful galaxy of stars. The projector features 3 adjustable brightness settings.
5. **Sound Selection:** The device offers 15 scientifically-selected sounds, including white noise, rhythmic shushing, a comforting mother's heartbeat, and soft lullaby melodies. Short press the sound button to switch between sounds. Long press for 3 seconds to loop all 15 sounds.
6. **Cry Sensor:** The integrated cry sensor will automatically activate and play a soothing sound (lullaby, white noise, or other) when it detects your baby crying.

TROUBLESHOOTING

If you encounter any issues with your BEREST A11-Projector Grey Sheep, please consider the following common solutions:

- **No Power:** Ensure batteries are correctly installed and are not depleted. Replace with fresh AAA batteries if necessary.
- **Sound Issues:** Check the volume level. If sounds are distorted or absent, replace batteries.
- **Projector Not Working:** Verify that the light button has been pressed. Ensure the room is sufficiently dark for the projection to be visible. Replace batteries if the light is dim or not functioning.
- **Cry Sensor Malfunction:** Ensure the sensor is not obstructed and is in a quiet environment to detect cries effectively.

If problems persist, please contact customer support for further assistance.
