# Ausounds AU-Stream Hybrid True Wireless Earbuds User Manual

Model: AU-Stream Hybrid

Brand: Ausounds

## INTRODUCTION

Thank you for choosing the Ausounds AU-Stream Hybrid True Wireless Earbuds. These earbuds are designed to provide a superior audio experience with advanced features such as Hybrid Active Noise Cancellation, touch controls, and rapid wireless charging. This manual will guide you through the setup, operation, and maintenance of your new earbuds to ensure optimal performance and longevity.

The AU-Stream Hybrid earbuds feature a 9.2mm Titanium composite film speaker for a frequency range of 20Hz - 20KHz, delivering premium dynamic sound. With Bluetooth 5.0, you can expect stable and efficient wireless connectivity. The IPX5 waterproof rating ensures resistance against sweat and light water splashes, making them suitable for various activities.

## WHAT'S IN THE BOX

Your Ausounds AU-Stream Hybrid package includes the following items:

- Ausounds AU-Stream Hybrid True Wireless Earbuds (Left and Right)
- Rapid Wireless Charging Case
- 3 sets of silicone ear tips (Small, Medium, Large)
- USB-C Charging Cable

## SETUP

### Initial Charging

Before first use, fully charge your earbuds and charging case. Place the earbuds into the charging case. Connect the USB-C cable to the charging case and a power source, or place the case on a compatible wireless charging pad. The LED indicators on the case will show charging status.

The Ausounds AU-Stream Hybrid charging case placed on a wireless charging pad, indicating its rapid wireless charging capability.

### Bluetooth Pairing

1. Ensure the earbuds are charged and inside the charging case.

2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and select "AU-Stream Hybrid" from the list of available devices.
4. Once connected, you will hear an audio prompt confirming successful pairing.

## OPERATING INSTRUCTIONS

### Touch Controls

The AU-Stream Hybrid earbuds feature intuitive touch controls on each earbud. Specific functions are activated by single, double, or triple taps, or by pressing and holding.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold on either earbud for 2 seconds.
- **Activate Voice Assistant (Siri/Google Assistant):** Triple tap on either earbud.

### Active Noise Cancellation (ANC) & Ambient Sound Mode

The earbuds offer Hybrid Active Noise Cancellation to reduce ambient noise and an Ambient Sound Function (Transparency Mode) to allow you to hear your surroundings.

- **Toggle ANC/Ambient Sound/Normal Mode:** Press and hold on either earbud for 3 seconds. An audio prompt will indicate the current mode.

## CHARGING

The AU-Stream Hybrid earbuds and case offer flexible charging options:

- **Wired Charging:** Use the provided USB-C cable to connect the charging case to a power adapter (not included) or a computer's USB port.
- **Wireless Charging:** Place the charging case on any Qi-compatible wireless charging pad.

A full charge for the case takes approximately 1.5 hours. The earbuds provide up to 9 hours of playback, with an additional 16 hours provided by the charging case, totaling 25 hours of battery life.

## MAINTENANCE

To ensure the longevity and optimal performance of your earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.
- **Ear Tips:** Remove and clean the silicone ear tips with water and mild soap if necessary. Ensure they are completely dry before reattaching.
- **Charging Contacts:** Gently wipe the charging contacts on both the earbuds and inside the case to prevent debris buildup, which can affect charging.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and

damage.

- **Water Exposure:** While IPX5 rated for water resistance, avoid submerging the earbuds in water or exposing them to high-pressure water jets. Dry them thoroughly if they get wet.

## TROUBLESHOOTING

If you encounter any issues with your AU-Stream Hybrid earbuds, try the following solutions:

- **Earbuds not pairing:** Ensure both earbuds are in the charging case, then open the lid to initiate pairing mode. Check your device's Bluetooth settings to ensure it's discoverable and select the earbuds.
- **Only one earbud working:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then open it again. This often re-syncs the earbuds.
- **No sound:** Check the volume level on your connected device and on the earbuds. Ensure the earbuds are properly seated in your ears to create a good seal.
- **Charging issues:** Verify that the USB-C cable is securely connected or that the wireless charging pad is active and correctly positioned. Clean the charging contacts if necessary.
- **Touch controls unresponsive:** Ensure your fingers are clean and dry. A quick reset by placing the earbuds in the case and closing the lid can sometimes resolve this.

## SPECIFICATIONS

Feature	Specification
Model Name	AU-Stream Hybrid
Noise Control	Hybrid Active Noise Cancellation (-28dB) & Ambient Sound Function
Connectivity Technology	Bluetooth 5.0 (True Wireless)
