BENEWY ME530

User Manual for BENEWY Noise-Isolating In-Ear Headphones

Model: ME530

INTRODUCTION

Thank you for choosing BENEWY Noise-Isolating In-Ear Headphones, Model ME530. These earphones are designed to provide a high-quality audio experience with enhanced noise isolation and convenient inline controls. They are compatible with a wide range of devices, including smartphones, tablets, and computers, featuring a standard 3.5mm audio jack.

This manual provides essential information on setting up, operating, maintaining, and troubleshooting your new earphones to ensure optimal performance and longevity.

Safety Information

Please read the following safety guidelines carefully before using your earphones:

- Avoid listening at high volume levels for extended periods to prevent hearing damage.
- Do not use earphones while driving, cycling, or in situations where you need to hear ambient sounds.
- Keep the earphones away from water and moisture.

- Do not attempt to disassemble or modify the earphones. This may void the warranty and cause damage.
- Keep out of reach of small children due to small parts that could pose a choking hazard.

SETUP

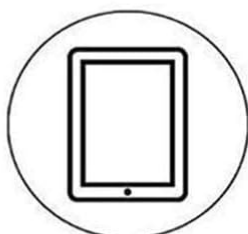

Your BENEWY ME530 earphones are designed for simple plug-and-play operation.

1. **Identify the Audio Port:** Locate the 3.5mm audio jack on your device (smartphone, tablet, computer, MP3 player). This is typically a small, circular port.
2. **Connect the Earphones:** Insert the 3.5mm jack of your earphones firmly into the audio port of your device. Ensure it is fully seated for proper audio transmission.
3. **Wear the Earphones:** Gently insert the earbuds into your ears. The design is lightweight and provides ear comfort with a tilt wearing style for a secure fit.

Compatible with

Smart phone

Tablet

Computer

MP3/MP4

OPERATING INSTRUCTIONS

Your BENEWY ME530 earphones feature an inline remote control for easy management of music playback and calls.

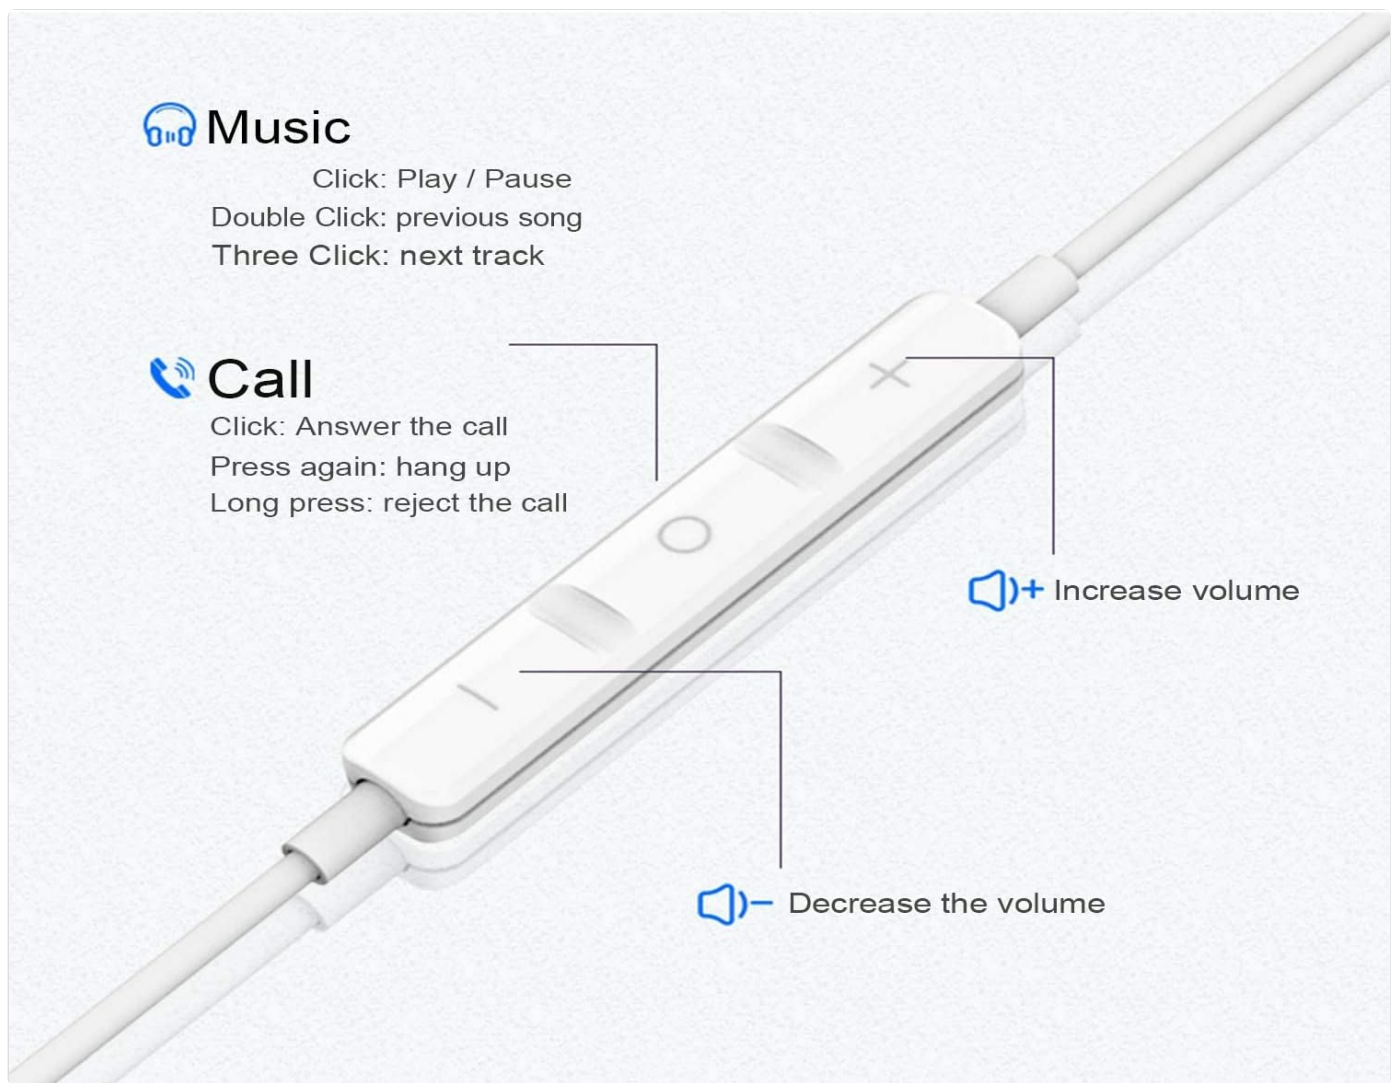

Image: Detailed view of the inline remote control, illustrating the functions for music playback and call management.

Music Control:

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press the multi-function button three times quickly.
- **Previous Track:** Press the multi-function button two times quickly.

Call Control:

- **Answer Call:** Press the multi-function button once.
- **Hang Up Call:** Press the multi-function button once during a call.
- **Reject Call:** Press and hold the multi-function button.

Volume Control:

- **Increase Volume:** Press the "+" button.
- **Decrease Volume:** Press the "-" button.

Magnetic Design Portable Companion

MAGNETIC DESIGN FOR EASY STORAGE

MAINTENANCE

Proper care will extend the life of your earphones:

- **Cleaning:** Use a soft, dry cloth to wipe the earphones. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphones in a clean, dry place. The magnetic design helps prevent tangling.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cable to prevent damage. The TPE material is designed for durability.
- **Moisture:** Keep earphones away from liquids. While they have some water resistance, they are not designed for submersion.

TROUBLESHOOTING

If you encounter issues with your earphones, try the following solutions:

Problem	Possible Cause	Solution
No sound or distorted sound	Loose connection Incorrect audio output setting on device Damaged cable/jack	Ensure the 3.5mm jack is fully inserted. Check your device's volume and audio output settings. Test with another device to rule out earphone damage.
Microphone not working	Microphone blocked Device microphone settings	Ensure the microphone on the inline remote is not covered. Check your device's privacy or sound settings for microphone access.
Inline controls not responding	Incompatible device Software glitch	While widely compatible, some older devices may have limited control functionality. Restart your device.

If the problem persists after trying these steps, please contact customer support.
