IMPORTANT SAFETY INFORMATION

WARNING: FAILURE TO FOLLOW THESE WARNINGS AND THE INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.

- Always use the bassinet on a firm, flat surface.
- Do not use this product if you cannot follow the instructions that come with it.
- The bassinet is intended for infants from birth up to 5 months, or until the infant begins to push up on hands and knees, whichever comes first.
- To prevent suffocation, never place pillows, quilts, or extra padding in the bassinet.
- Ensure all assembly fasteners are tightened securely. Periodically check for loose fasteners.
- When used as a bedside sleeper, ensure the bassinet is securely attached to the adult bed frame using the provided straps. The bassinet mattress must be level with the adult mattress.
- Do not use the bedside sleeper function if your bed frame or box springs are not perfectly aligned with your mattress, as this may create a gap.
- Always engage wheel brakes when the bassinet is stationary.
- This product meets ASTM and CPSC Standards.

PRODUCT OVERVIEW

The Papablic 2-in-1 Anio Baby Bassinet & Bedside Sleeper offers a safe and comfortable sleeping solution for your infant. It functions as both a standalone bassinet and a bedside sleeper, allowing you to keep your baby close. Key features include adjustable height, breathable mesh panels, and a portable design with wheels.

Supportive & Comfy Mattress

SETUP INSTRUCTIONS

Assembly of the Papablic Anio Bassinet is designed to be straightforward and typically requires no tools beyond scissors to open the packaging. Follow the included instructions carefully for proper assembly.

1. Unpack all components from the box.
2. Assemble the frame according to the visual instructions provided in the manual. The frame is constructed from steel and plastic components.
3. Attach the fabric bassinet portion to the assembled frame.
4. Insert the mattress pad into the bassinet.
5. Place the 100% cotton fitted sheet over the mattress pad.
6. (Optional) For added protection, consider placing a waterproof pad between the mattress cover and the mattress pad.

OPERATING INSTRUCTIONS

Adjusting Height

The bassinet features 5 easy-glide height adjustment positions with safety auto-locks to fit most adult beds. To adjust the height:

1. Locate the height adjustment clips on the side legs of the bassinet.
2. Press the clips and simultaneously raise or lower the bassinet to the desired level. Ensure both sides are adjusted evenly and click securely into place.

Lowering the Side for Bedside Sleeper Mode

To use the bassinet as a bedside sleeper, the side panel can be lowered:

1. Unzip the side panel of the bassinet.
2. Locate and unclip the two clips on each side of the top rail.
3. Lower the side panel down and tuck it underneath the bassinet.
4. Ensure the bassinet is securely attached to your bed frame using the provided straps and that the bassinet mattress is level with your adult mattress.

Always Have Your Baby Nearby

Mobility and Brakes

The bassinet is equipped with 4 wheels for easy movement and safety-rated brake locks:

- To move the bassinet, ensure the wheel brakes are disengaged.
- To keep the bassinet stationary, press down on the brake levers on each wheel until they are locked.

MAINTENANCE

Cleaning the Fabric

The fabric cover of the bassinet is removable and washable:

- Unzip and remove the fabric cover from the bassinet frame.
- Follow the washing instructions on the care label, typically machine wash cold on a gentle cycle.
- Air dry the fabric cover. Do not tumble dry.

Cleaning the Mattress Pad

The mattress pad can be wiped clean:

- Remove the mattress pad from the bassinet.
- Wipe the surface with a damp cloth and mild soap.
- Allow to air dry completely before reinserting into the bassinet.

TROUBLESHOOTING

Bassinet Feels Unstable

- Ensure all frame connections are securely clicked into place during assembly.
- Verify that the height adjustment clips on both sides are locked at the same level.
- Check that the wheel brakes are engaged when the bassinet is stationary.

Difficulty Lowering Side Panel

- Ensure the side panel zipper is fully unzipped.
- Confirm that both clips on the top rail are fully unclipped before attempting to lower the side.

Bassinet Not Level When Used as Bedside Sleeper

- Adjust the bassinet height to match the height of your adult mattress.
- Ensure your adult bed frame or box springs do not protrude beyond the mattress, as this product is designed for beds where the mattress is aligned with the frame. If your bed has a protruding frame, this bedside sleeper may not be suitable.
