Next Level Racing NLR-S015

Next Level Racing F-GT Lite Simulator Cockpit User Manual

Model: NLR-S015

Brand: Next Level Racing

PRODUCT OVERVIEW

The Next Level Racing® F-GT Lite is a revolutionary foldable simulator cockpit designed for both Formula and GT racing positions. Its minimalist design makes it ideal for users with limited space, allowing for quick adjustments and easy storage. The innovative Next Level Racing® Hubs provide ultimate durability and rigidity, capable of withstanding 150kg of force, and enable seamless switching between racing positions. The F-GT Lite is pre-drilled for hard mounting major electronics like wheels, gear shifters, and pedals from brands such as Logitech®, Thrustmaster®, and Fanatec®.

*DOES NOT INCLUDE ELECTRONICS

The Next Level Racing F-GT Lite cockpit in its assembled state, showcasing its compact design and compatibility with racing peripherals. Electronics are not included with the cockpit.

SETUP & ASSEMBLY

The F-GT Lite is designed for quick and easy assembly. It comes with all necessary instructions and tools.

Unpacking and Initial Setup

Carefully remove all components from the packaging. Identify the main frame sections, seat, and accessory mounts.

Assembling the Frame

The unique Next Level Racing® Hubs are central to the cockpit's adjustability and folding mechanism. To adjust or fold, pull the red levers on the hubs to release the locking mechanism. Position the frame as desired, then push the levers back in to secure.

The F-GT Lite cockpit configured in the GT (Grand Touring) racing position, suitable for a more upright driving posture.

The F-GT Lite cockpit configured in the Formula racing position, providing a reclined, open-wheel driving posture.

Attaching Peripherals

The F-GT Lite features pre-drilled mounting points for popular racing wheels, pedals, and gear shifters.

Wheel Mounting

Secure your racing wheel to the dedicated wheel plate using the provided hardware. Ensure the wheel is firmly attached to prevent movement during use.

Pedal Mounting

The pedal plate is adjustable to accommodate different user heights. Loosen the securing mechanisms, slide the pedal plate to the desired position, and then re-secure. Mount your pedals to the plate using the appropriate screws.

Gear Shifter Support

The included gear shifter support can be installed on either the left or right side of the cockpit, depending on user preference.

*DOES NOT INCLUDE ELECTRONICS

A side view of the F-GT Lite cockpit, demonstrating the attachment points for a gear shifter and pedal set. This setup allows for a complete racing simulation experience.

OPERATING INSTRUCTIONS

Switching Racing Positions

The F-GT Lite allows for quick and easy switching between Formula and GT racing positions. To change positions, disengage the Next Level Racing® Hubs by pulling the red levers, adjust the frame to the desired angle, and then firmly re-engage the levers to lock the position.

Adjusting for Comfort

The wheel, gear shifter, and pedal positions are all adjustable to ensure different size users can find the most comfortable racing position. Experiment with various angles and distances to optimize your setup.

Folding for Storage

The F-GT Lite's unique design allows it to fold to pack away even with electronics installed. Disengage the Next Level Racing® Hubs and carefully fold the cockpit into its compact storage configuration. This makes it an ideal solution for sim racers with limited space.

*DOES NOT INCLUDE ELECTRONICS

The F-GT Lite cockpit in its folded state, demonstrating its compact form factor for easy storage. The racing wheel and pedals remain attached, highlighting the convenience of the design.

MAINTENANCE

- Regularly inspect all bolts and connections to ensure they are secure. Tighten any loose fasteners.
- Clean the fabric seat with a damp cloth and mild soap if necessary. Avoid harsh chemicals.
- Keep the Next Level Racing® Hubs free from dirt and debris to ensure smooth operation.
- Store the cockpit in a dry environment to prevent rust or material degradation.

TROUBLESHOOTING

Cockpit Instability

If the cockpit feels unstable during use, ensure all Next Level Racing® Hubs are fully engaged and locked. Check that all mounting bolts for peripherals are tightened.

Difficulty Adjusting Positions

If the hubs are difficult to disengage or engage, ensure no weight is being applied to the cockpit while attempting to adjust. Check for any obstructions or debris in the locking mechanism.

Peripherals Not Secure

Verify that the correct mounting hardware is being used for your specific wheel, pedal, and shifter models. Ensure all screws are tightened securely to the pre-drilled holes.

SPECIFICATIONS

Feature	Detail
Brand	Next Level Racing
Model Name	F-GT Lite (NLR-S015)
Product Dimensions	50"D x 29.5"W
Maximum Weight Recommendation	150 Kilograms
Is Foldable	Yes
Material	Alcantara (Fill Material)
Included Components	Instructions and tools for quick and easy assembly
