JZCreator 1

JZCreator Car Headrest Pillow Instruction Manual

Model: 1

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your JZCreator Car Headrest Pillow. Please read this manual thoroughly before use to ensure proper function and safety. This product is designed to provide head and neck support for passengers during car travel.

COMPATIBILITY REQUIREMENTS

The JZCreator Car Headrest Pillow is designed for car seats equipped with two metal poles. It is crucial to verify your car seat's compatibility before installation.

- **Pole Requirement:** ONLY fits car seats with two metal poles.
- **Pole Distance:** The distance between the metal poles MUST be between 2.5 to 5.7 inches (6.5 cm - 14.5 cm).
- **Incompatible Types:** Not compatible with car seats that have fixed or integrated headrests, or those without removable metal rods. Most rear seats may not be compatible.

SETUP AND INSTALLATION

Follow these steps for proper installation of your JZCreator Car Headrest Pillow. No special tools are required.

1. **Step 1: Choose Rubber Washers.** Select the appropriate pair of rubber washers that best fit the diameter of your car seat's metal poles.
2. **Step 2: Adjust and Secure Base.** Insert the metal poles through the chosen washers and the main support rod. Twist the knob on the support rod to adjust the distance of the sockets to match your car seat's poles. Once aligned, snap the support rod onto the metal poles.
3. **Step 3: Close Cover.** Close the cover from the back of the seat and tighten the three screws to secure the main support rod firmly in place.
4. **Step 4: Attach Pillows.** Place the two U-shaped pillows onto the correct sides of the support rod and tighten the two screw caps to secure them.

1 Choose a suitable pair of rubber washer.

2 Twist the knob to adjust the distance of sockets, then snap on the metal poles.

3 Close the cover from the back of seat and tighten the 3 screws.

4 Put the two pillows on correct sides, then tighten the 2 screw caps.

Movable Sockets Fit For More Car Model

OPERATING INSTRUCTIONS

The JZCreator Car Headrest Pillow offers adjustable features for optimal comfort and support.

- **180° Adjustment:** Both side pillows can be rotated 180° to adjust their height and angle. This allows for customization to suit both adults and children over 4 years old.
- **Space-Saving:** When not in use, simply lift the pillows upwards to save space and keep them out of the way.
- **Ergonomic Support:** The U-shaped design provides ergonomic support for the head, neck, and shoulders, reducing discomfort during long journeys.

180° Adjustment For kids & adults

MAINTENANCE

To ensure the longevity and hygiene of your JZCreator Car Headrest Pillow, follow these general maintenance guidelines:

- **Cleaning:** The pillow covers are made of polyester. For general cleaning, wipe the surface with a damp cloth and mild soap. Allow to air dry completely. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all components, including the support rod, adjustment knobs, and pillow attachments, for any signs of wear or damage. Ensure all screws are securely tightened.
- **Storage:** When not in use for extended periods, store the headrest pillow in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

If you encounter issues with your JZCreator Car Headrest Pillow, refer to the following common problems and solutions:

- **Pillow does not fit car seat:**
 - Verify your car seat has two metal poles. The product is not compatible with fixed or integrated headrests.
 - Measure the distance between your car seat's metal poles. It must be between 2.5 to 5.7 inches (6.5 cm - 14.5 cm).
 - Refer to the compatibility section and images for a list of known incompatible car seat types and models.
- **Pillows feel loose after installation:**
 - Ensure the rubber washers selected are the correct size for your car seat poles.
 - Confirm that the knob on the main support rod is twisted to securely fasten the rod to the metal poles.
 - Check that the three screws on the back cover and the two screw caps for the pillows are fully tightened.
- **Pillows are not adjusting smoothly:**
 - Ensure no debris is obstructing the rotation mechanism.
 - Apply gentle, even pressure when rotating the pillows.
