Made to last, for
a lasting impact.

Make it with Wahl

All items included in the Wahl Professional 5 Star Cordless Senior Clipper package.

SETUP

Charging the Clipper

Before initial use, fully charge your clipper. Connect the power supply to the clipper and plug it into a suitable electrical outlet. The LED indicator will flash during charging and remain solid when fully charged. A full charge provides approximately 80 minutes of continuous run time.

Blade Adjustment (Zero-Gap)

The precision fade blades can be adjusted to a zero-gap setting for ultra-close, precise fades. Refer to the detailed instructions in the included operating manual for proper blade adjustment procedures. Incorrect adjustment can lead to nicks or cuts.

OPERATING INSTRUCTIONS

The Wahl Professional 5 Star Cordless Senior Clipper is designed for professional use in creating various hairstyles, including fades, tapers, and blends. Its powerful rotary motor ensures consistent cutting performance even through thick hair.

General Usage

- Attach the desired cutting guide for the desired hair length.
- Turn on the clipper using the power switch.
- Use smooth, even strokes to cut hair. The adjustable taper lever allows for seamless blending and precise cutting length adjustments.
- For close precision fading, utilize the zero-gap adjustable blades.

MAINTENANCE

Proper maintenance is crucial for extending the life and performance of your Wahl Professional 5 Star Cordless Senior Clipper.

Cleaning and Oiling Blades

- After each use, turn off the clipper and use the provided cleaning brush to remove any loose hair from the blades.
- Regularly apply a few drops of Wahl clipper oil to the blades. Turn the clipper on for a few seconds to allow the oil to distribute evenly. This helps maintain blade sharpness and prevents rust.
- Store the clipper in a clean, dry place.

TROUBLESHOOTING

If you encounter issues with your Wahl Professional 5 Star Cordless Senior Clipper, consider the following common troubleshooting steps:

- **Clipper Not Turning On:** Ensure the clipper is fully charged. If using corded, check the power connection.
- **Reduced Cutting Performance:** Clean the blades thoroughly to remove any hair buildup. Apply clipper oil to the blades as part of regular maintenance. Check if the blades are properly aligned and adjusted.
- **Unusual Noise/Vibration:** This may indicate a need for blade cleaning and oiling. If the issue persists, ensure all screws on the blade assembly are tightened.
- **Battery Not Holding Charge:** Ensure you are using the original Wahl power supply. If the battery life significantly degrades over time, it may require professional servicing or replacement.

For more complex issues or if troubleshooting steps do not resolve the problem, please contact Wahl Professional customer support.

WARRANTY AND SUPPORT

Wahl Professional is committed to providing high-quality grooming tools. The Wahl Professional 5 Star Cordless Senior Clipper is manufactured by Wahl Clipper Corporation, a company with over 100 years of experience in the industry.
