Sluban M38-B0709

Sluban M38-B0709 Italy Army Carro Veloce 33 Tankette Building Set Instruction Manual

Model: M38-B0709

Introduction

This instruction manual provides guidance for the assembly, operation, and care of your Sluban M38-B0709 Italy Army Carro Veloce 33 Tankette building set. This kit allows you to construct a detailed model inspired by the L3-35 light tank used by the Italian Army during WWII.
The set contains 182 pieces and is fully compatible with other common building blocks from various manufacturers. A full-color instruction booklet is included in the box to guide you through the building process.

Setup and Assembly

Before beginning assembly, ensure all pieces are present and accounted for. Refer to the included full-color instruction booklet for detailed, step-by-step assembly instructions.

Figure 1: Product packaging for the Sluban M38-B0709 building set. The box displays the assembled tankette, a soldier figure, and indicates the model number and piece count.

What's in the Box:

- 182 building pieces for the Carro Veloce 33 Tankette model.
- One soldier figure.
- Full-color instruction booklet.

Follow the instructions carefully, connecting the blocks firmly to ensure a stable and complete model. Small pieces are included, so adult supervision is recommended for younger users (manufacturer recommended age 3 years and up).

Figure 2: The fully assembled Sluban M38-B0709 Carro Veloce 33 Tankette model, accompanied by a soldier figure equipped with a rifle and machine gun accessory.

Operating the Model

Once assembled, the Sluban M38-B0709 model is designed for display and gentle play. The tankette features movable tracks. The included figure can be positioned within or alongside the model.

Figure 3: A rear-side perspective of the assembled tankette, highlighting the detailed track system and rear components.

Avoid applying excessive force to the assembled model, as this may cause pieces to detach or break. While the tracks are designed to move, rough handling can lead to dislodgement.

Maintenance

To maintain the condition of your Sluban building set:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For deeper cleaning, gently wipe with a damp cloth and mild soap, then rinse with clean water and air dry completely. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. If disassembling for storage, keep all pieces in a sealed container to prevent loss.
- **Handling:** Handle the model by its main body to avoid stressing smaller, delicate parts.

Troubleshooting

- **Missing Pieces:** If you discover any missing pieces upon opening the set, please contact Sluban customer support with your product model number and a description of the missing parts.
- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly before applying pressure. Some new blocks may require slightly more force to connect initially. If a block consistently fails to connect or fit, inspect it for manufacturing defects.
- **Model Instability:** Recheck the assembly steps in the instruction booklet. Ensure all connections are firm and that no steps were skipped or performed incorrectly.

Specifications

Model Number	M38-B0709
Brand	Sluban
Number of Pieces	182
Assembled Product Length	Approximately 9.4 cm / 3.70 inches
Package Dimensions	9.33 x 7.44 x 1.77 inches
Item Weight	5.6 ounces
Manufacturer Recommended Age	3 years and up
