STINGER UN1810

Stinger HEIGH10 Multimedia Car Stereo User Manual

Model: UN1810

INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your Stinger HEIGH10 Multimedia Car Stereo. Please read this manual thoroughly before using the device to ensure proper functionality and to maximize your user experience. Keep this manual for future reference.

SETUP AND INSTALLATION

The Stinger HEIGH10 features a modular design, allowing the display and receiver to be mounted separately. This provides flexibility for installation in various vehicle types, including those with limited space behind the OEM radio.

Package Contents

Verify that all components are present before beginning installation.

Image: The Stinger HEIGH10 main unit along with its accompanying cables and connectors, including power harnesses, RCA cables, and USB extensions, essential for a complete installation.

Physical Installation

Due to the modular design, the 10-inch display can be positioned optimally in your vehicle's dashboard, while the main receiver unit can be installed in a suitable location. Professional installation is recommended.

BEFORE

AFTER

Image: A visual comparison showing a vehicle's dashboard before and after the installation of the Stinger HEIGH10 multimedia stereo, highlighting the integrated appearance of the new system.

Refer to the dimensions below for planning your installation space:

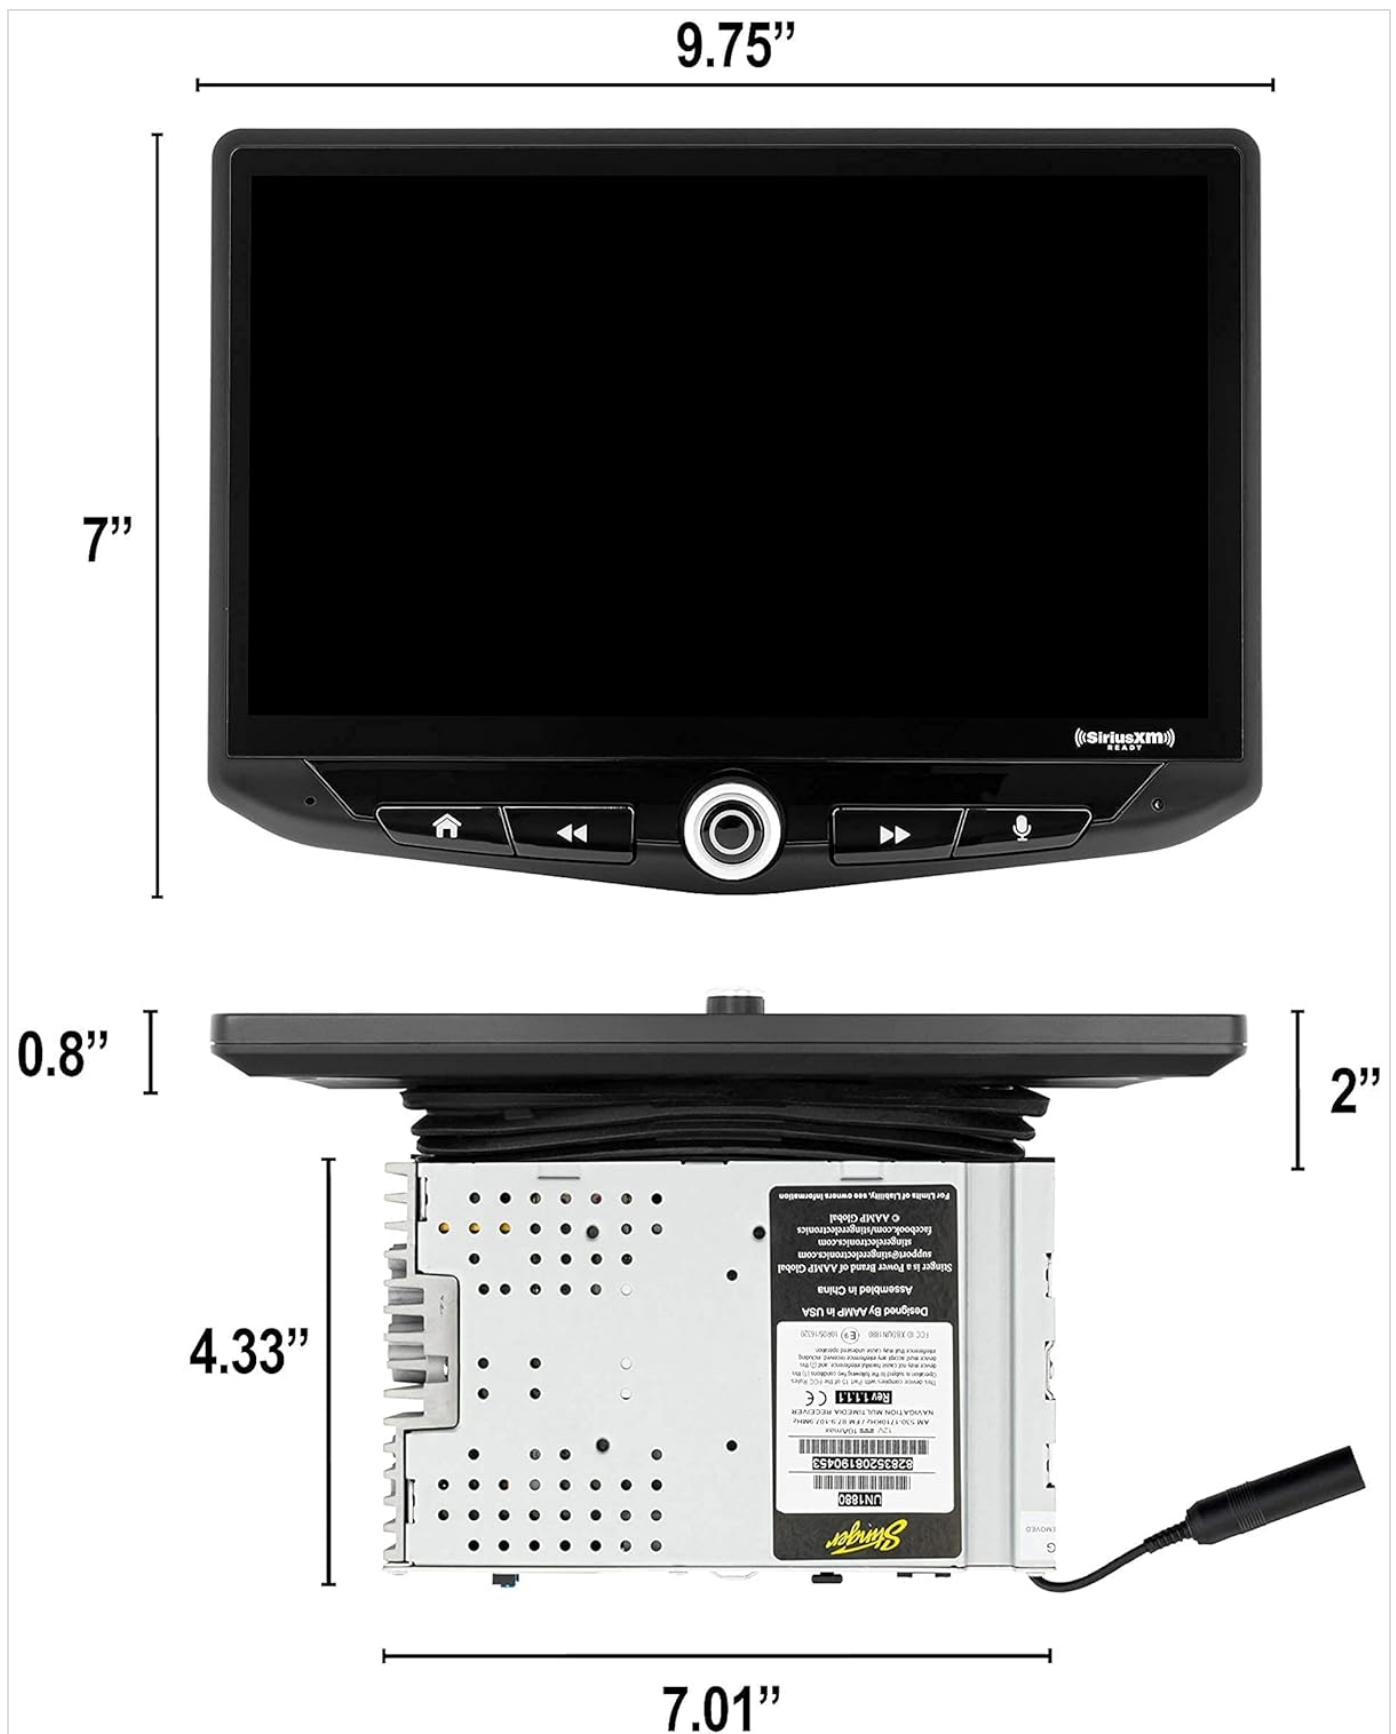

Image: A technical diagram illustrating the precise dimensions of the Stinger HEIGH10 unit, including its width, height, and depth, crucial for fitment and installation planning.

Connectivity

The HEIGH10 offers extensive connectivity options:

- **Bluetooth:** For hands-free calling and A2DP music streaming.
- **Apple CarPlay & Google Android Auto:** Connect your smartphone via USB for seamless integration of navigation, music,

and communication apps.

- **SiriusXM-Ready:** Requires a SiriusXM Connect Vehicle Tuner and Subscription (sold separately).
- **HDMI:** Rear input for external video sources.
- **Camera Inputs:** Four dedicated camera inputs support backup cameras, side cameras, and front cameras.
- **GPS Navigation:** Integrated system. A GPS microSD card from iGo is sold separately and required for offline navigation.

OPERATING INSTRUCTIONS

Upon successful installation, power on the unit. The main menu provides access to all functions.

Image: The primary menu interface of the Stinger HEIGH10, displaying icons for various functions such as Radio, USB, Bluetooth Music, Phone, Apple CarPlay, Android Auto, SiriusXM, iPod, Camera, Settings, HDMI, and AV In.

Smartphone Integration (Apple CarPlay / Android Auto)

Connect your compatible smartphone to the HEIGH10 via USB. The system will automatically launch Apple CarPlay or Android Auto, mirroring your phone's essential apps for safe in-car use.

Works with
Apple CarPlay

androidauto

Image: The Stinger HEIGH10 display showing the Android Auto interface, featuring icons for Maps, Play Music, TIDAL, Phone, Amazon Music, Apple Music, and Calendar, indicating seamless smartphone integration.

Navigation

If the iGo GPS microSD card is installed, access the Navigation function from the main menu. The system provides turn-by-turn directions without requiring a data connection.

4 CAMERA INPUTS

Add a backup camera, 2 side-view cameras, and a front camera. Camera(s) not included.

Image: The Stinger HEIGH10 display showing a detailed GPS navigation map with route information, current speed, and estimated arrival time, demonstrating its integrated navigation capabilities.

Camera System

Utilize the four camera inputs for enhanced safety. Cameras can be selected via the camera mode display, activated by turn signals for blind spot viewing, or through an optional rocker switch for trailer towing.

Image: The Stinger HEIGH10 display showing a split-screen view from multiple camera inputs (Left, Front, Rear, Right), indicating its capability to integrate and display feeds from up to four cameras for improved visibility.

Audio Features

The HEIGH10 offers advanced audio processing capabilities:

- **Digital Fiber Optic Output:** DSP-ready for high-quality audio.
- **15-Band Equalizer:** With visual display for precise sound tuning.
- **6CH Output:** Includes subwoofer control for a complete audio system.

MAINTENANCE

To ensure the longevity and optimal performance of your Stinger HEIGH10, follow these general maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the display and unit. Avoid abrasive cleaners or solvents.
- **Temperature:** Operate the unit within recommended temperature ranges. Avoid extreme heat or cold.
- **Connections:** Periodically check all cable connections to ensure they are secure.
- **Software Updates:** Check the official Stinger website for any available firmware updates to improve performance and add features.

TROUBLESHOOTING

If you encounter issues with your Stinger HEIGH10, consider the following basic troubleshooting steps:

- **No Power:** Check all power connections and vehicle fuses. Ensure the ignition is on.
- **No Audio:** Verify speaker connections, audio settings (volume, mute), and source selection.
- **Display Issues:** Check display cable connections. If the screen is unresponsive, try restarting the vehicle or unit.
- **Connectivity Problems (Bluetooth/CarPlay/Android Auto):** Ensure your smartphone is compatible and its software is up to date. Try re-pairing Bluetooth or reconnecting the USB cable.
- **GPS Not Working:** Confirm the iGo microSD card is properly inserted and not corrupted.

For more detailed troubleshooting or persistent issues, please refer to the support section or contact customer service.

SPECIFICATIONS

Feature	Detail
Model Number	UN1810
Brand	STINGER
Product Dimensions	12.5 x 11.25 x 9.75 inches
Item Weight	7.65 pounds
