PawHut D51-050V02ND

PawHut D51-050V02ND 80" Chicken Coop Instruction Manual

MODEL: D51-050V02ND

Brand: PawHut

1. INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your PawHut D51-050V02ND 80" Chicken Coop. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This chicken coop is designed to provide a secure and comfortable environment for 2-4 chickens, featuring a spacious outdoor run, nesting box, and easy access points.

2. PRODUCT FEATURES

- **Spacious Outdoor Run:** Provides a generous area for chickens to roam and exercise within a secure enclosure.

- **Multiple Features:** Includes a chicken nesting box with a hinged top for easy egg collection, perches inside the main house for roosting, two ramps for easy access between levels and the run, and screened windows for ventilation.

- **Easy Access:** Designed with multiple entry points and lockable doors for convenient feeding, cleaning, and routine care of your poultry.

- **Robust Structure:** Constructed from solid fir wood, treated with a protective, environmentally friendly paint for durability and weather resistance.

- **Slide-Out Tray:** Features a removable tray for simplified cleaning and waste removal.

Holds 2-4 Chickens

SPACIOUS LIVING AREA

0.31 ㎡/3.4 sq.ft

1.16 ㎡/12.5 sq.ft

Two side run boxes for your pets to move freely and casually

3. SETUP AND ASSEMBLY

Assembly of the PawHut D51-050V02ND Chicken Coop is required. Please follow the detailed instructions provided in the separate assembly guide included with your product. Ensure all components are present and undamaged before beginning. A second person may be helpful during certain assembly steps.

- Unpack all components and verify against the parts list in your assembly guide.
- Assemble the main house structure first, ensuring all screws are tightened securely.
- Attach the nesting box and ramps as indicated in the instructions.
- Construct the outdoor run and securely attach it to the main house.
- Place the coop on a level, stable surface in your desired outdoor location.

4. OPERATING INSTRUCTIONS

- **Daily Access:** Utilize the multiple doors for feeding, watering, and checking on your chickens. Ensure all doors are securely latched to prevent escape or predator entry.

- **Nesting Box:** The hinged top of the nesting box allows for easy collection of eggs. Regularly check and clean the nesting material.

- **Ramps:** Chickens will use the ramps to move between the elevated main house and the ground-level run. Ensure ramps are clear of debris.

- **Ventilation:** The screened windows provide essential airflow. Monitor the internal temperature and adjust as needed, especially during extreme weather.

5. MAINTENANCE

- **Regular Cleaning:** The slide-out tray should be cleaned frequently to maintain hygiene. Remove the tray, dispose of waste, and clean with a mild disinfectant.

- **Wood Care:** The fir wood construction is treated with protective paint. Periodically inspect the wood for any signs of wear or damage. Reapply a pet-safe wood sealant or paint as necessary to prolong the coop's lifespan and maintain weather resistance.

- **Mesh Inspection:** Regularly check the wire mesh for any damage or gaps that could compromise security. Repair or replace damaged sections promptly.

- **Nesting Box:** Keep the nesting box clean and replenish nesting material (straw, wood shavings) regularly.

6. TROUBLESHOOTING

- **Security Concerns:** Ensure all latches and doors are fully closed and secured, especially at night, to protect against predators. Regularly check for loose screws or damaged panels.

- **Weather Protection:** While the coop is designed for outdoor use, consider additional measures during extreme weather. In heavy rain or snow, ensure the roof is clear and consider adding extra windbreaks if necessary.

- **Ventilation Issues:** If the coop feels stuffy or has strong odors, ensure screened windows are clear and consider increasing airflow. During cold weather, balance ventilation with warmth.

7. SPECIFICATIONS

Feature	Detail
Model Number	D51-050V02ND
Overall Dimensions	80.3" L x 33.5" W x 36.6" H (204 x 85 x 93 cm)
