Controls and Ports:

- **Power Button:** Used to power on/off the headphones and initiate Bluetooth pairing.
- **Multi-function Button:** Controls playback (play/pause), track skipping (forward/backward), and call management (answer/reject/hold).
- **Volume Rocker:** Adjusts the listening volume up or down.
- **Virtual Assistant Button:** Activates your device's voice assistant (Siri, Google Assistant).
- **ANC Button:** Toggles Active Noise Cancellation on/off.
- **USB-C Port:** For charging the headphones.
- **2.5mm Audio Jack:** For wired audio connection using the provided audio cable.

SETUP

1. Charging the Headphones

Before first use, fully charge the headphones. A full charge takes approximately 2 hours and provides up to 30 hours of battery life with ANC enabled.

1. Connect the USB-C charging cable to the USB-C port on the headphone.
2. Connect the other end of the USB-C cable to a suitable USB power source (e.g., computer USB port, USB wall adapter).
3. The LED indicator will show charging status and turn off when fully charged.

2. Powering On/Off

- **To Power On:** Press and hold the Power button for 2 seconds. The LED will light up.
- **To Power Off:** Press and hold the Power button for 2 seconds. The LED will flash red and then turn off.

3. Bluetooth Pairing

Pair your headphones with your Bluetooth-enabled device (smartphone, tablet, computer).

1. Ensure the headphones are powered off.
2. Press and hold the Power button for 5 seconds until the LED flashes blue and red alternately. This indicates pairing mode.
3. On your device, go to Bluetooth settings and search for "HD 450BT".
4. Select "HD 450BT" from the list of available devices to connect.
5. A voice prompt will confirm successful pairing.

OPERATING INSTRUCTIONS

1. Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Push the Multi-function button upwards and release.
- **Previous Track:** Push the Multi-function button downwards and release.
- **Volume Up:** Push the Volume rocker upwards.
- **Volume Down:** Push the Volume rocker downwards.

2. Call Management

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Hold Call:** During an active call, press and hold the Multi-function button for 2 seconds.

3. Active Noise Cancellation (ANC)

The ANC feature reduces ambient noise for uninterrupted listening.

- **Toggle ANC:** Press the dedicated ANC button once to turn it on or off.

4. Virtual Assistant

Access your device's virtual assistant for hands-free control.

- **Activate Assistant:** Press the Virtual Assistant button once.

MAINTENANCE AND CARE

- Clean the headphones regularly with a soft, dry cloth.
- Avoid using cleaning agents that contain alcohol, ammonia, or abrasives.
- Store the headphones in their carry case when not in use to protect them from dust and damage.
- Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.

TROUBLESHOOTING

Problem	Possible Solution
No power	Charge the headphones using the USB-C cable.
Cannot pair via Bluetooth	Ensure headphones are in pairing mode (flashing blue/red LED). Check your device's Bluetooth settings. Restart both devices.
No sound or low volume	Increase volume on both headphones and connected device. Ensure headphones are properly paired. Try a different audio source.
ANC not working effectively	Ensure ANC is toggled on. Adjust headphone fit for a better seal around your ears.
