Monopoly: Disney Villains Edition

Official Instruction Manual

Brand: Monopoly | Model: F0091

INTRODUCTION

Imagine classic Disney villains stealing, scheming, and competing to see who is the most evil of all! In this Monopoly Board Game: Disney Villains Edition, players travel around the board using a villain token and play as Cruella, Jafar, Scar, Evil Queen, Maleficent, or Hook. The more villains a player hires, the more rent they'll be able to collect. Activate a character's special ability by acquiring the Flames of Power ring, change gameplay with Poison Apple cards, and advance on the board by landing on a Vehicle space. The last player with money when all other players have gone bankrupt wins! This manual provides comprehensive instructions for setting up and playing the game, along with details on components, maintenance, and specifications.

OPERATING INSTRUCTIONS (GAMEPLAY)

The objective of the game is to be the last player with money when all other players have gone bankrupt. Gameplay proceeds as follows:

Player Turn

1. Roll the dice and move your Villain Token clockwise around the board.
2. Follow the instructions on the space you land on:
 - **Villain Contracts:** If you land on an unowned Villain Contract, you may purchase it. If it's owned by another player, you must pay them rent.
 - **Poison Apple Cards:** Draw a Poison Apple card and follow its instructions. These cards can provide advantages such as stealing coins, properties, or placing free Thickets.
 - **Vehicle Spaces:** Landing on a Vehicle space allows you to advance to any space on the board.
 - **"GO" Space:** When you pass or land on "GO", you collect money as specified in the rulebook. You may also acquire the Flames of Power ring.
3. **Flames of Power:** The player holding the Flames of Power ring can use the special ability depicted on their character's Power card. This ring passes to the next player who passes "GO".
4. End your turn.

Winning the Game

The game concludes when only one player remains with money, and all other players have gone bankrupt.
