Amann 1063

Amann Troja 1063 Rose Sewing Thread 500m Instruction Manual

1. Introduction

This instruction manual provides essential information for the proper use and care of the Amann Troja 1063 Rose Sewing Thread. Designed for versatility and durability, this high-quality polyester thread is suitable for a wide range of textile projects. Please read this manual thoroughly to ensure optimal results and longevity of your sewing projects.

2. Product Overview

The Amann Troja 1063 Rose Sewing Thread is a universal thread crafted from 100% polyester, offering strength and consistent performance. Its rose color (shade 1063) provides a vibrant option for various fabrics. With a length of 500 meters and a thread thickness of 100, it is designed for both machine and hand sewing applications.

Image 1: A spool of Amann Troja 1063 Rose Sewing Thread. The thread is wound neatly around a white plastic spool, displaying its consistent rose color.

This thread is particularly well-suited for sewing cotton jersey, woven fabrics, viscose, fleece, sweatshirt fabric, Nicki, knitwear, coated cotton, and woven ribbons. It is also an excellent choice for hand-sewing tasks, such as attaching buttons.

3. Setup and Preparation

3.1 For Sewing Machines

1. **Thread Spool Placement:** Place the Amann Troja thread spool onto the spool pin of your sewing machine. Ensure the thread unwinds smoothly.
2. **Threading the Machine:** Follow your sewing machine's specific instructions for threading the upper thread. Guide

the thread through all tension discs, guides, and the take-up lever.

3. **Needle Selection:** For optimal results, use a sewing machine needle with a size range of Nm 70-90. The appropriate needle size depends on the fabric type and thickness.
4. **Bobbin Winding:** Wind the bobbin with the Amann Troja thread according to your machine's instructions. Ensure the bobbin is wound evenly and with appropriate tension.
5. **Lower Thread Insertion:** Insert the wound bobbin into the bobbin case or shuttle, following your machine's specific loading procedure.

3.2 For Hand Sewing

- **Cutting the Thread:** Cut a manageable length of thread, typically no longer than your arm's length, to prevent tangling.
- **Threading the Needle:** Pass one end of the thread through the eye of your hand-sewing needle.
- **Knotting:** Tie a knot at the longer end of the thread to secure it for sewing.

4. Operating Instructions

4.1 General Sewing Guidelines

- **Tension Adjustment:** For machine sewing, adjust the upper and lower thread tension settings on your sewing machine to achieve balanced stitches. Test on a scrap piece of your fabric before beginning your project.
- **Fabric Compatibility:** This thread is suitable for a wide range of fabrics including cotton jersey, woven fabrics, viscose, fleece, sweatshirt fabric, Nicki, knitwear, coated cotton, and woven ribbons.
- **Stitch Type:** The Amann Troja thread performs well with various stitch types, including straight stitches, zigzag stitches, and decorative stitches, depending on your project requirements.

4.2 Specific Applications

- **Machine Sewing:** Ensure your machine is clean and oiled according to its maintenance schedule. Use the recommended needle size (Nm 70-90) for the fabric being sewn.
- **Hand Sewing:** For tasks like button attachment or mending, the thread's strength and smooth finish make it easy to work with.

5. Maintenance and Care

The Amann Troja 1063 Rose Sewing Thread is designed for durability and ease of care for finished garments or items. Follow these guidelines:

- **Washing:** Garments sewn with this thread can be machine washed at temperatures up to 95 °C (203 °F).
- **Shrinkage:** The thread is made from 100% polyester and is designed to be shrink-resistant, maintaining stitch integrity after washing.
- **Storage:** Store thread spools in a dry, cool place away from direct sunlight to prevent color fading and maintain thread quality.

6. Troubleshooting

While Amann Troja thread is designed for reliable performance, occasional issues may arise during sewing. Here are some common troubleshooting tips:

- **Thread Breakage:**

- Check machine threading: Ensure the thread is correctly routed through all guides and tension discs.
- Inspect needle: A bent, dull, or incorrect needle size can cause breakage. Replace if necessary.
- Adjust tension: Too much tension can cause the thread to snap. Reduce tension slightly.

- **Skipped Stitches:**
  - Change needle: Ensure the needle is sharp and appropriate for the fabric.
  - Re-thread machine: Incorrect threading is a common cause.
- **Uneven Stitches:**
  - Adjust tension: Both upper and bobbin tension should be balanced.
  - Clean machine: Lint buildup can affect tension and stitch quality.

7. Specifications

Feature	Detail
Brand	Amann
Model Name	Troja 1063
Color	Rose (Color Code 1063)
Material Composition	100% Polyester
Thread Length	500 meters
Thread Thickness	No. 100
Suggested Needle Size	Nm 70-90
Shrinkage	Shrink-resistant
Care Instructions	Machine washable up to 95 °C
Item Weight	20 grams

8. Warranty and Support

Specific warranty information for the Amann Troja 1063 Rose Sewing Thread is not provided within this manual. For any inquiries regarding product quality, defects, or support, please contact the manufacturer, Amann, directly through their official website or customer service channels.
