Bemis 19170PLE4 000

Bemis Alesio II Slow Close Toilet Seat Instruction Manual

Model: 19170PLE4 000

Brand: Bemis

Product Overview

The Bemis Alesio II Elongated Toilet Seat is crafted from high-density enameled wood, offering a stylish design with a superior high-gloss finish that resists chipping and scratching for long-lasting use. This seat incorporates advanced features for enhanced convenience and durability.

Key Features

- **Slow-Close Technology:** The Whisper Close hinge allows the lid to close slowly and quietly, preventing slamming and pinched fingers.
- **Easy Clean & Change Hinges:** Designed for quick removal of the seat, facilitating easy cleaning and replacement.
- **STAY-TITE Seat Fastening System:** Ensures the seat remains firmly attached to the toilet bowl without shifting.
- **Super Grip Bumpers:** Prevents the seat from shifting on the toilet bowl, providing added stability.
- **Precision Seat Fit:** Features front-to-back adjustability for a perfect fit on elongated toilet bowls.
- **Durable Construction:** Made from high-density enameled wood, built to resist cracking, warping, chipping, and staining.

Setup and Installation

Before installation, ensure your toilet is clean and dry. This seat is designed for easy setup on standard elongated toilet bowls.

1. Determine Toilet Size

To ensure proper fit, measure your toilet bowl. Toilets typically come in two sizes: Round and Elongated. Measure from the center of the bolt holes to the front edge of the toilet bowl.

Round: Approximately 16.5 inches (41.9 cm)

Elongated: Approximately 18.5 inches (47 cm)

Image: Visual guide for measuring toilet seat size, showing measurements for both round and elongated bowls.

For a visual guide on how to measure your toilet, please watch the official Bemis video below:

2. Installation Steps

The Bemis Alesio II features the STAY-TITE Seat Fastening System for a secure fit. Follow these steps for installation:

1. Insert the T-bolts (part A) into the hinges of the toilet seat.
2. Slide the plastic washers (part B) onto the T-bolts, ensuring they are positioned correctly.
3. Place the toilet seat onto the toilet bowl, aligning the T-bolts with the bolt holes on the toilet.
4. From underneath the toilet bowl, attach the nuts (part C) to the T-bolts. Finger-tighten them initially.
5. Adjust the seat for a perfect fit, ensuring it is centered on the bowl.
6. Using a 1/2" (13mm) wrench or socket, tighten the nuts until the bottom nut snaps off. This indicates proper tightness

and ensures the seat will not loosen. Discard the snapped-off portion.

Operating Instructions

Slow-Close Function

The Whisper Close hinge ensures that both the seat and lid close slowly and quietly with a gentle push. This feature prevents loud slamming and protects fingers from being pinched. The slow-close mechanism functions only when the seat

is properly installed on the toilet bowl.

Adjustable Fit

The Precision Seat Fit allows for front-to-back adjustability, ensuring the seat aligns perfectly with your toilet bowl for optimal comfort and aesthetics. This feature helps eliminate overhang or gaps.

Maintenance and Cleaning

To preserve the high-gloss finish and ensure the longevity of your Bemis toilet seat, regular cleaning is recommended. The Easy Clean & Change hinges allow for quick removal of the seat for thorough cleaning.

Cleaning Recommendations:

- Use gentle cleaners such as anti-bacterial wipes, dish soap, or anti-bacterial hand soap.
- **DO NOT** use bleach or harsh chemicals, as these can damage the finish.
- Regularly clean the hinges and the area around them to prevent buildup.

Troubleshooting

If you encounter any issues with your Bemis Alesio II toilet seat, consider the following common solutions:

- **Seat Shifts or Wiggles:** Ensure the STAY-TITE Seat Fastening System nuts are fully tightened until they snap off. Re-check the installation steps.
- **Lid Slams:** Verify that the slow-close mechanism is not obstructed and that the seat is correctly installed. The slow-close feature requires proper installation to function.

- **Difficulty Removing for Cleaning:** Ensure the Easy Clean & Change hinges are fully flipped up before attempting to lift the seat.
- **Scratches or Chipping:** Avoid using abrasive cleaners or tools. Use only recommended mild soaps and soft cloths for cleaning.

If problems persist, please refer to the support section or contact Bemis customer service.

Specifications

Attribute	Detail
