Formula 88 B0844V8DF7

Formula 88 Multi-Surface Cleaner & Degreaser Instruction Manual

Model: B0844V8DF7

INTRODUCTION

This manual provides instructions for the safe and effective use of Formula 88 Multi-Surface Cleaner & Degreaser. This product is designed for various cleaning tasks on multiple surfaces, including automotive, marine, and household applications. Please read this manual thoroughly before using the product.

SAFETY INFORMATION

WARNING: Keep out of reach of children. Read all instructions and safety precautions before use.

- Avoid contact with eyes and prolonged skin contact. In case of contact, rinse thoroughly with water for several minutes. If irritation persists, seek medical attention.
- Do not ingest. If swallowed, do not induce vomiting. Call a poison control center or doctor immediately.
- Use in a well-ventilated area to avoid inhalation of vapors.
- Always test the product on an inconspicuous area first to ensure compatibility with the surface material and to prevent discoloration or damage.
- Proposition 65 Warning: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

PRODUCT OVERVIEW

Formula 88 is a powerful cleaner and degreaser formulated to remove grease, grime, and tough residues from various surfaces. It is suitable for use on metal, plastic, cloth, vinyl, and carpet.

Image: Two bottles of Formula 88 Cleaner & Degreaser. Each bottle is black with a red and white spray nozzle. The label clearly states "CLEANER & DEGREASER" and "FORMULA 88".

This product is trusted for automotive and marine detailing, as well as general household cleaning, offering a versatile solution for tough cleaning challenges.

Trusted For Decades

The go-to all-purpose degreaser cleaner for automotive and marine detail shops and consumers.

Formula 88 replaces most cleaners, detergents, degreasers and laundry pre-soaks you're using now.

Proudly Made In the USA: Trusted by automotive and marine detail professionals and consumers for over 40 years.

PREPARATION FOR USE

Before applying the cleaner, ensure the work area is well-ventilated. For sensitive surfaces, always perform a spot test in an inconspicuous area to check for compatibility and prevent potential damage or discoloration. No dilution is typically required for general use, as the product is ready-to-use in its spray bottle form.

OPERATING INSTRUCTIONS

Follow these steps for effective cleaning:

1. **Apply Spray:** Spray Formula 88 directly onto the soiled surface, ensuring adequate coverage.
2. **Allow to Dwell:** Let the product sit for 3-5 minutes. This allows the formula to penetrate and break down grease and grime effectively.
3. **Rinse and Wipe:** Rinse the surface thoroughly with clean water. Then, wipe the surface clean with a cloth or sponge.
4. **For Large Areas:** For larger surface areas, such as concrete flooring, apply the product more generously before hosing off with water.

HOW TO APPLY

- ✓ **Apply spray**
- ✓ **Let sit 3-5 minutes before rinsing off**
- ✓ **Rinse off and wipe surface area clean**
- ✓ **For larger surface areas such as concrete flooring apply more generously before hosing off with water**

Image: A visual guide detailing the application steps: spray, let sit for 3-5 minutes, rinse and wipe, and apply generously for large concrete areas.

Specific Applications

Automotive & Marine Cleaning

Formula 88 is effective for cleaning engine bays, boat hulls, car wheels, and other vehicle components. Apply as directed above for optimal results.

THE ORIGINAL.

Household Cleaning

Use for cleaning stove hoods, grills, concrete, and other greasy surfaces in and around the home. Follow the general application guide.

MAINTENANCE & STORAGE

Store the product in its original container in a cool, dry place, away from direct sunlight and extreme temperatures. Ensure the spray nozzle is securely closed after each use to prevent leakage or evaporation. Do not store near food or beverages.

TROUBLESHOOTING

Ineffective Cleaning

- Ensure sufficient dwell time (3-5 minutes) for the product to work on the grime.
- For heavily soiled areas, a second application or light scrubbing with a brush may be necessary.
- Verify the surface is compatible with the cleaner by performing a spot test.

Product Leakage

- Check that the spray nozzle is tightly secured to the bottle.
- Store the bottle upright to prevent accidental spills.
