

## AFI AR8632052

# AFI Madison Full Size Platform Bed with Footboard & Full Trundle Instruction Manual

Model: AR8632052

## INTRODUCTION

This instruction manual provides comprehensive guidance for the assembly, safe operation, and proper maintenance of your AFI Madison Full Size Platform Bed with Footboard and Full Trundle. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## SAFETY INFORMATION

Your safety is paramount. Adhere to the following guidelines:

- **Weight Capacity:** Do not load the bed with more than 800 lbs (362 kg). Exceeding this limit may compromise structural integrity.
- **Sharp Edges:** Exercise caution around all edges during assembly and use to prevent injury.
- **Assembly:** Always follow the provided assembly instructions precisely. Incorrect assembly can lead to instability or collapse.
- **Trundle Mattress:** The trundle accommodates mattresses up to 8 inches (20.3 cm) high. Using a thicker mattress may prevent proper storage.
- **Supervision:** Children should be supervised when using the trundle bed.

## PARTS LIST

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

- Headboard
- Footboard
- Side Rails (2)
- Bed Slats (for main bed)

- Full Trundle Unit
- Trundle Slats
- Hardware Pack (screws, bolts, washers, Allen wrench)
- *Note: Mattress(es) are not included.*

## SETUP AND ASSEMBLY INSTRUCTIONS

Assembly requires two adults. Clear a spacious area for assembly. Do not fully tighten bolts until all components are loosely assembled.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches.
2. **Attach Side Rails to Headboard:** Align the side rails with the pre-drilled holes on the headboard. Secure using the provided bolts and washers. Do not overtighten.
3. **Attach Side Rails to Footboard:** Repeat the process for attaching the side rails to the footboard.
4. **Install Main Bed Slats:** Place the main bed slats across the side rails. Ensure they are evenly spaced and secured according to the detailed instructions included in your hardware pack.
5. **Assemble Trundle Unit:** Follow the specific instructions for assembling the trundle frame and installing its slats. This typically involves attaching wheels and securing the trundle slats.
6. **Insert Trundle:** Once assembled, carefully slide the trundle unit under the main bed frame.
7. **Final Tightening:** Once all components are in place and aligned, securely tighten all bolts. Do not overtighten to avoid stripping screws or damaging wood.

## OPERATING INSTRUCTIONS

The AFI Madison Platform Bed features a convenient pull-out trundle for additional sleeping space.

- **Extending the Trundle:** Gently pull the trundle unit from under the main bed frame. The wheels allow it to roll smoothly.
- **Retracting the Trundle:** Push the trundle unit back under the main bed frame until it is fully stored.
- **Mattress Compatibility:** Ensure the trundle mattress does not exceed 8 inches (20.3 cm) in height for proper storage.

Figure 3: Front view demonstrating the trundle in its extended position.

## MAINTENANCE

- **Cleaning:** Wipe the bed frame with a dry cloth to remove dust and debris. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability.
- **Trundle Wheels:** Keep trundle wheels free of dust and hair to ensure smooth operation.

## TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|---------|----------------|----------|
|---------|----------------|----------|

| Problem                             | Possible Cause                                                   | Solution                                                                                            |
|-------------------------------------|------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|
| Bed feels unstable or wobbly.       | Loose hardware.                                                  | Ensure all bolts and screws are securely tightened.                                                 |
| Squeaking noises.                   | Loose connections or friction between parts.                     | Tighten all hardware. Apply a small amount of wax or silicone spray to contact points if necessary. |
| Trundle does not slide smoothly.    | Obstruction under the bed; dirty wheels; mattress too thick.     | Check for obstructions. Clean trundle wheels. Verify trundle mattress height (max 8 inches).        |
| Parts do not align during assembly. | Incorrect orientation of parts; bolts overtightened prematurely. | Review assembly steps and diagrams. Loosen all hardware, adjust alignment, then retighten.          |

SPECIFICATIONS

- **Model Number:** AR8632052
- **Size:** Full
- **Color:** White
- **Material:** Rubberwood, Wood
- **Assembled Dimensions (L x W x H):** 77.24" x 56.93" x 44.29"
