5. OPERATING (USAGE)

Once assembled, your nanoblock Mummy model is ready for display. These models are designed to be intricate miniature art pieces.

- **Display:** Place your completed Mummy model on a flat, stable surface where it can be admired.
- **Collection:** Consider collecting other nanoblock models to expand your display.
- **Handling:** Handle the model carefully to prevent accidental disassembly due to the small, interlocking pieces.

6. MAINTENANCE

Proper care will help maintain the appearance and integrity of your nanoblock model.

- **Cleaning:** To clean the model, gently wipe it with a dry, soft cloth. For more stubborn dust, a soft brush or compressed air can be used. Avoid using water or chemical cleaners, as these may damage the

plastic.

- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation over time.
- **Disassembly:** If you need to disassemble the model, do so carefully to avoid damaging the blocks. Use a block separator tool if available, or gently pry pieces apart.

7. TROUBLESHOOTING

If you encounter issues during assembly or with your completed model, refer to these common troubleshooting tips.

- **Pieces Not Fitting:** Ensure you are using the correct block type and orientation as indicated in the instructions. nanoblock pieces are very precise.
- **Model Instability:** Double-check that all blocks are fully pressed down and interlocked. Gaps between blocks can lead to instability.
- **Missing Pieces:** While rare, if you believe a piece is missing, carefully re-check the packaging and your work area. If still missing, contact customer support (see Section 9).
- **Difficulty with Small Pieces:** Using tweezers can assist with placing very small blocks accurately.
