

## Joyroom JR-TL2

# Joyroom JR-TL2 Bluetooth Headphone User Manual

Model: JR-TL2

## INTRODUCTION

This manual provides detailed instructions for the proper use, setup, and maintenance of your Joyroom JR-TL2 Bluetooth Headphone. Please read this manual thoroughly before using the product to ensure optimal performance and longevity. Keep this manual for future reference.

## PRODUCT OVERVIEW

The Joyroom JR-TL2 is a pair of wireless in-ear headphones designed for mobile phone compatibility, featuring a built-in microphone and noise-cancelling capabilities. The headphones come with a charging case that includes a digital display for battery status and a Type-C charging port.

Figure 2: Joyroom JR-TL2 Bluetooth Headphone Earbuds and Charging Case. This image shows the black in-ear earbuds alongside their open charging case, which features a digital battery level indicator.

## SETUP

---

### 1. Initial Charging

1. Open the charging case and place both earbuds inside.
2. Connect the provided Type-C charging cable to the charging port on the case and plug the other end into a compatible USB power source.
3. The LED digital display on the charging case will indicate the current battery level. Charge the case and earbuds fully before first use. The 1500mAh capacity allows the case to also function as a power bank for the earbuds.

### 2. Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Take both earbuds out of the charging case. They will automatically enter pairing mode, indicated by a flashing LED light (specific color/pattern may vary, refer to product for exact indication).
3. On your mobile phone or Bluetooth-enabled device, go to the Bluetooth settings.
4. Search for available devices and select "JR-TL2" from the list.
5. Once connected, the earbuds' LED indicator will stop flashing or change to a steady light, and you will hear an audible confirmation.
6. If pairing fails, place the earbuds back into the case, close it, and repeat the steps.

## OPERATING INSTRUCTIONS

---

### Power On/Off

- **Power On:** The earbuds automatically power on when removed from the charging case. Alternatively, press and hold the multi-function button on each earbud for approximately 3 seconds.
- **Power Off:** Place the earbuds back into the charging case and close the lid. They will automatically power off and begin charging. Alternatively, press and hold the multi-function button on each earbud for approximately 5 seconds.

### Music Playback Control

- **Play/Pause:** Single tap the multi-function button on either earbud.
- **Next Track:** Double tap the multi-function button on the right earbud.
- **Previous Track:** Double tap the multi-function button on the left earbud.

## Call Management

- **Answer/End Call:** Single tap the multi-function button on either earbud during an incoming call or active call.
- **Reject Call:** Press and hold the multi-function button on either earbud for 2 seconds during an incoming call.

## Noise Cancelling

The JR-TL2 features active noise cancellation. To activate or deactivate this feature, refer to the specific instructions provided with your product, as the control method (e.g., long press, triple tap) can vary. This function helps reduce ambient noise for a clearer audio experience.

## MAINTENANCE

---

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Ear Tips:** Remove and clean the ear tips periodically with mild soap and water. Ensure they are completely dry before reattaching them to the earbuds.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Store in a cool, dry place away from extreme temperatures.
- **Battery Care:** To preserve battery life, avoid fully discharging the earbuds and charging case frequently. Charge them regularly, even if not in constant use.

## TROUBLESHOOTING

---

### Earbuds not pairing with device:

- Ensure both earbuds are fully charged.
- Make sure Bluetooth is enabled on your device.
- Place the earbuds back in the case, close the lid, wait a few seconds, then remove them to re-enter pairing mode.
- Forget "JR-TL2" from your device's Bluetooth list and attempt to pair again.
- Ensure the earbuds are within the effective Bluetooth range (typically 10 meters) of your device.

### No sound from earbuds:

- Check the volume level on both your device and the earbuds.
- Ensure the earbuds are properly connected to your device.
- Try playing audio from a different application or source.

### Charging case not charging:

- Verify that the Type-C charging cable is securely connected to both the case and the power source.
- Try using a different charging cable or power adapter.
- Ensure the power source is active.
