Global Industrial 60" W Riser Kit Instruction Manual

Model: 606971

PRODUCT OVERVIEW

This manual provides instructions for the assembly, operation, and maintenance of the Global Industrial 60" W Riser Kit with Dividers, Shelves & LED Light Kit. This kit is designed to enhance workspace organization and efficiency.

Figure 1: Global Industrial 60" W Riser Kit, fully assembled, showing the uprights, bin rail, reel holder, shelves, and LED light kit. The base workbench is not included.

INCLUDED COMPONENTS

Verify that all components are present before beginning assembly. Refer to the included Assembly Guide for detailed part identification.

- 2 x Uprights (48"H)
- 1 x Bin Rail
- 1 x Reel Holder
- 2 x 12" Depth Shelves (one with 6 adjustable carton dividers)
- 1 x 60"W LED Light Kit (LED bulb included)
- Assembly Hardware (bolts, nuts, washers, etc.)

Figure 2: Example of various components included in the kit, such as shelves, uprights, and the light bar.

SETUP AND ASSEMBLY

Assembly of the Global Industrial Riser Kit is straightforward. It is recommended to have at least two people for safe and efficient assembly. An Assembly Guide is included with the product for detailed step-by-step instructions.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify all components against the included parts list.
2. **Assemble Uprights:** Attach the uprights to your workbench or desired mounting surface using appropriate hardware (not included, as mounting surface varies). Ensure they are securely fastened and level.
3. **Install Shelves:** Slide the 12" depth shelves into the designated slots on the uprights. Adjust the height of the shelves as needed. Secure them in place.
4. **Attach Carton Dividers:** For the shelf with carton dividers, insert the 6 adjustable dividers into the shelf grooves to create customized storage compartments.
5. **Mount Bin Rail and Reel Holder:** Secure the bin rail and reel holder to the uprights at a comfortable working height.
6. **Install LED Light Kit:** Attach the 60"W LED Light Kit to the top of the riser assembly. Ensure the LED bulb is properly seated. Connect the light kit to a power source according to local electrical codes.
7. **Final Inspection:** Double-check all connections and fasteners to ensure the unit is stable and secure before loading with items.

Figure 3: Close-up view of the LED light kit and its mounting brackets, illustrating how it attaches to the riser frame.

OPERATING INSTRUCTIONS

The Global Industrial Riser Kit is designed for organizing various items on a workbench. Its operation primarily involves utilizing its storage features.

- **Shelf Utilization:** Place tools, parts, or other items on the 12" depth shelves. The adjustable carton dividers allow for customized organization of smaller components.
- **Bin Rail Use:** Attach compatible storage bins (not included) to the bin rail for easy access to frequently used small parts.
- **Reel Holder Functionality:** Use the reel holder for dispensing wire, tape, or other rolled materials.
- **LED Lighting:** Turn on the LED light kit to illuminate your workspace, improving visibility and reducing eye strain.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your riser kit.

- **Cleaning:** Wipe the surfaces with a dry cloth to remove dust and debris. Avoid abrasive cleaners or solvents that could damage the durable blue powder coat finish.
- **Fastener Check:** Periodically inspect all bolts, nuts, and fasteners to ensure they remain tight. Tighten any loose connections to maintain stability.
- **LED Light Maintenance:** If the LED light fails, ensure the power connection is secure. If the bulb needs replacement, use a compatible LED bulb.
- **Weight Distribution:** Distribute weight evenly across the shelves to prevent tipping or structural strain. Do not exceed the maximum weight capacity of the shelves (consult the Assembly Guide for specific limits).

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|----------------------------------|--|--|
| Unit feels unstable or wobbly. | Loose fasteners; uneven mounting surface. | Tighten all bolts and nuts. Ensure the workbench or mounting surface is level and secure. |
| LED light not turning on. | No power; faulty bulb; loose connection. | Check power outlet and connections. Ensure the LED bulb is properly seated. Replace bulb if necessary. |
| Shelves are difficult to adjust. | Obstruction in slots; misaligned uprights. | Clear any debris from the adjustment slots. Verify uprights are parallel and level. |

SPECIFICATIONS

| Feature | Detail |
|---------------------|--|
| Brand | Global Industrial |
| Model Name | 606971 |
| Product Dimensions | 65"D x 60"W x 5"H (Riser Kit only) |
| Upright Height | 48 inches |
| Shelf Depth | 12 inches |
| LED Light Kit Width | 60 inches |
| Finish | Durable blue powder coat |
| Special Feature | Adjustable shelves and carton dividers |
| Item Weight | 59 Pounds |
| UPC | 707022020480 |

SUPPORT AND WARRANTY

For technical assistance, missing parts, or warranty inquiries, please contact Global Industrial customer support. Refer to your purchase documentation for specific warranty terms and contact information.

Customer Support: Visit [Amazon Customer Service](#) (General information, specific product support may vary)

Returns: This product is eligible for 30-day easy returns. Refer to Amazon's return policy for details.
